About the Novel: The Good Earth is a Pulitzer Prize-winning story about family life in a Chinese village before World War II. Wang Lung and his new wife O-Lan buy land from the Hwang family in the hopes of starting a modest farm. During this time, O-Lan gives birth to three sons and three daughters. The first daughter becomes mentally handicapped due to severe malnutrition and famine, causing O-Lan to kill the second daughter and sell the third to a merchant. Famine and drought force the family to leave for a large city in the South to find work. Arriving in the city, Wang Lung finds a job pulling a rickshaw, while his family turns to begging. Things get better when armies approach the city and a food riot erupts. Wang Lung receives enough money to return home and have a prosperous life. **Popular Mechanics** Popular Mechanics inspires, instructs and influences readers to help them master the modern world. Along with the textbook, movies are one of the most prominent teaching aids in the history classroom. Yet, when middle and high school history teachers look for models of the effective use of motion pictures in history classrooms, the cupboard is surprisingly bare. Teaching History with Film provides a fresh, engaging, and clear overview of teaching with film to effectively enhance social studies instruction. Using cases of experienced teachers to illustrate accomplished history teaching through the use of movies, this text provides pre- and in-service teachers with ideas for implementing film-based lessons in their own classrooms and offers a deeper understanding of the thorny issues involved in using film to teach history. Each section of the book focuses on how teachers can effectively support the development of students' historical film literacy through topics such as using film to develop historical empathy, to develop interpretive skills, and to explore controversial issues. By developing the skills students need to think critically about the past or what they think they know about history, the lessons in this book illustrate how to harness the pedagogical power of film to provide the tools necessary for rigorous inquiry and democratic citizenship. Special features include: "Reflection on the Case," following each chapter, analyzing and discussing the strengths and limitations of the teacher's approach as well as providing strategies for using and choosing films specific to the educational outcome Sample unit outlines, descriptions of class texts and films, worksheets, essay questions, viewer guides, and exercises for the classroom throughout Discussion of the practical considerations facing classroom teachers, including juggling time restraints, issues of parental permission, and meeting standards **Readers' Guide to Periodical Literature The Visual Guide to Second Grade Carson-Dellosa Publishing** The Visual Guide to Second Grade uses bold infographics to present fascinating facts about sports, rain forests, volcanoes, cloud formation, and more.
