The Wise Woman

Crones Don't Whine

Concentrated Wisdom for Juicy Women

ReadHowYouWant.com "For women there is nothing more liberating than age if we learn to use our energy, power and compassion." -- Back cover.

A Gathering of Grandmothers

Words of Wisdom from Women of Spirit and Power

iUniverse The Wit, Warmth and Wisdom of Feisty, Older Women So who are you now that you have lived the first fifty years of your life? Who are your role models for becoming a healthy older woman? What rites of passage assist you into your Feminine Elderhood? Are you living your passion? Who are you becoming? Who do you want to be? This anthology addresses becoming one's true self in the second half of life. The stories are written by women celebrating their aging through connection to two national women's movement groups—The Gathering of Grandmothers and The International Council of Crones. Wildly-different women, ages 50 to 101 who have found richness in their aging process, share their wisdom. They write about aging with zest and enthusiasm with much to give to older women and the younger generation. They share a collection of laughter, stories, poems, dreams and visions, fairy tales and wise sayings. These are pioneer women working to change themselves and the world. You will find originality, creativity, and meaningful pain in their stories. You will laugh and cry at these gutsy, opinionated women who have something to say about the deeper essence and mysteries of life.

Women who Run with the Wolves

Myths and Stories of the Wild Woman Archetype

A Jungian analyst explores the feminine psyche through stories of "wild women"--the mythological archetype of the strong, primitive woman

Untie the Strong Woman

Blessed Mother's Immaculate Love for the Wild Soul

"Call her Our Lady, La Nuestra Señora, Holy Mother—or one of her thousands of other names," says Dr. Estés. "She wears hundreds of costumes, dozens of skin tones, is patroness of deserts, mountains, stars and oceans. Thus she comes to us in billions of images, but at her centre, she is the Great Immaculate Heart." With Untie the Strong Woman, Dr. Clarissa Pinkola Estés invites us to reconnect with "the fierce and loving Blessed Mother who is friendly, but never tame—she who flies to our aid when the road is long and our hearts are broken, ever ready to rekindle the inner fire of our creative souls." In her first book in more than a decade, Dr. Estés illuminates Our Lady through blessings, images, and narrative, including: • Stories of connecting with the Blessed Mother, including "Meeting the Lady in Red", and "Untie the Strong Woman" • Blessed Mother's many images from around the world, including "Litany of The Mother Road: A Chant of Her Incandescent Names"; "A Man Named Mary"; and "The Marys of Mother Africa" • The wild side of her love, including "Massacre of the Dreamers: The Maiz Mother"; "Holy Card of Swords Through the Heart"; and "Guadalupe is a Girl Gang Leader in Heaven" "The Blessed Mother is often 'Friend to the friendless one' and Mother to all—yet too many of us have been estranged from her for far too long." Untie the Strong Woman opens a channel to this sacred and nurturing force—"breaking through walls that have held us back from her presence, and instead, inviting us to shelter under her starry green mantle".

Goddesses in Older Women

Archetypes in Women Over Fifty

Harper At some point after fifty, every woman crosses a threshold into the third phase of her life. As she enters this uncharted territory -- one that is generally uncelebrated in popular culture -- she can choose to mourn what has gone before, or she can embrace the juicy crone years. In this celebration of Act 3, Jungian analyst Jean Shinoda Bolen names the powerful new energies and potentials, or archetypes, that come into the psyche at this momentous time, suggesting that women getting older have profound and exciting reasons for welcoming the other side of fifty. As Bolen has explained in her remarkable body of work, there are goddesses in every woman, deep archetypal sources of wisdom, authenticity and spirituality that, once tapped, energize us and give us a sense of meaning and self- acceptance. The knowledge of which archetypes are active within us at each phase of life-maiden, mother (or matron), and cronesupports us in making choices that are true to who we are instead of conforming to others' ideas of who we should be. In Bolen's

bestselling *Goddesses in Everywoman*, the classic work of the women's spirituality movement, the Greek goddesses personified these archetypes as they affected the first two phases of a woman's adult life. Now she explains that in the third stage, marked physiologically by menopause, there emerges a whole new cast of inner archetypes that a woman can draw on for guidance, creativity, personal integration, and joy. Once we learn to recognize these forces, we can feel empowered and wise, introspective and spiritual, sexually bold and full of mirth. For it is in the "wisewoman" years, when a woman has lived long enough to resolve the tasks of younger and middle adulthood, that she can fully and authentically become who she deeply is. The generation of women who are approaching or who have reached the crone years is historically unique. Influenced by the women's movement, they have benefited from educational opportunities, women's support networks, and economic resources as excellent preparation for decades of active postmenopausal life. By recognizing the goddess archetypes that emerge in this phase, women of this special generation will be enabled to transform the crone years into the best years of their lives.

The Tao of Psychology

Synchronicity and the Self

Harper San Francisco Examines coincidental events that individuals find significant, but which cannot be rationally explained, suggesting ways of using the resulting feelings of universal unity in Jungian therapies and Taoist introspection

Modern Psychology and Ancient Wisdom

Psychological Healing Practices from the World's Religious Traditions

Routledge *Modern Psychology and Ancient Wisdom*, 2nd edition, brings together experts who explore the use of ancient healing techniques from Buddhism, Christianity, Goddess, Shamanism, Taoism, and Yogic traditions as well as the mystical practices of Judaism and Islam and their application to modern counseling and therapy professions. Each chapter lays out time-tested techniques used by teachers, guides, and practitioners to facilitate psychological healing, embraces a wide variety of cultural perspectives, and offers a large, varied, and meaningful view of the world. This new edition includes added material on Islam, indigenous, and shamanic healing perspectives and practices, as well as new findings in the fields of neuropsychology and epigenetics. With its vast offerings of new treatment methods from a variety of perspectives—from therapeutic metaphors and breathing exercises to meditation and yoga techniques—this book will be of use to mental health professionals, social workers, and pastoral caregivers.

The Dangerous Old Woman

Myths and Stories of the Wise Old Woman Archetype

Alfred A. Knopf A major new book by the author of the million-copy bestseller, *Women Who Run with the Wolves*: a profound and powerful exploration of the archetype of the wise old woman, as she appears in myths, fairy tales, stories--and in our everyday lives. (NIA)

About Men & Women

How Your Masculine and Feminine Archetypes Shape Your Destiny. Understanding Your Personality, Goals, Relationships & Stages of Life. a Complement to the Psychological Types.

Enlightenment Publications, L.L.C. This is a book to be read for both knowledge and enjoyment! All people, whether they know it or not, live out their lives according to some -Great Story-. These stories are neither good nor bad, but they do help explain the root causes of their behavior. Every one of these stories, eight of them, will remind you of people you know. As a result, you will learn to appreciate and understand the many individuals in your life all the more. Why are some men and women aggressive, while others are more caring? Why do some male types get along better with some female types? And what happens when a person, suddenly, in the middle of life, feels moved to live out a different story? You will find answers to these questions. This book gives you a chance to affirm the great story you have been living all your life. It tells you why you have affinities for some people more than others, and why you have made certain life choices. As a result, you will be helped to make future choices and decisions more consciously and more wisely. You will find this book to be a UNIQUE CLASSIC in the realms of human understanding. The concepts explained are an enhancement to (not a replacement for) virtually every theory of psychology. These include the theories of Personality Types, Emotional Intelligence, Self-Actualization, the Wisdom of the Enneagram, the MBTI, and all the rest. This book is about archetypes, unique personality types that comprise the Great Stories that men and women have been living from time immemorial, in every era and in every culture: For women these Stories are named: Mother, Companion, Amazon, and Mediatrix. For men these Stories are named: Father, Seeker, Warrior, and Sage. Each of these is a Great Story in the sense that men and women in every era have found their identity and fulfillment in living one or two of these dramas. Our personal strengths, abilities, instincts, deficiencies, priorities and values all flow from the Great Stories that we live. Originally, this concept of -human archetypes- was introduced by the psychologist Carl Jung. It has now been expanded upon and further explained in this book in a way that no other authors ever have. Each of these -archetypes- or Great Stories for men and women refers to a pattern of psychic energy, a way of life, a way of being and becoming a fulfilled human person: Understanding your archetype is a way of understanding who you are and who you are not. Understanding your archetype will tell you a great deal about how you relate to other women, other men, your parents, your children, your peers. Understanding your archetype explains how you receive other people, and how others receive you. Understanding your archetype will tell you about loving, about parenting, and even about your way of conducting business. Marriage, the single life, midlife and old age are all affected by the Great Stories we live. As you read the Great Stories in this book, you will enjoy seeing yourself, your relatives and your friends in them. You will see the different ways that people live the Great Stories (archetypes), and how these stories interact with one another. You will enjoy the female dramas of Mother, Amazon, Companion and Mediatrix. Similarly you will enjoy the male dramas of Father, Warrior, Seeker and Sage. As you observe these dramas being enacted in the lives of people you know, you will encounter many reasons to smile! Enjoy!

Camino Divina—Walking the Divine Way

A Book of Moving Meditations with Likely and Unlikely Saints

SkyLight Paths Publishing Inspired by the ancient spiritual practices of lectio divina and walking meditation, camino divina helps you explore whole new worlds inside yourself as well as re-view the natural world around you by combining mindful walking with inspiring phrases and spiritual exercises. Includes introductions to twelve spiritual luminaries and their work.

The Gift of Story

A Wise Tale about what is Enough

A heartwarming story, perfect for the holidays, is beautifully rendered by the noted storyteller and Jungian analyst who brought readers Women Who Run with the Wolves. Original.

Latino Writers and Journalists

Infobase Publishing Provides short biographies of Latino American writers and journalists and information on their works.

The Seven Basic Plots

Why We Tell Stories

Bloomsbury Publishing This remarkable and monumental book at last provides a comprehensive answer to the age-old riddle of whether there are only a small number of 'basic stories' in the world. Using a wealth of examples, from ancient myths and folk tales via the plays and novels of great literature to the popular movies and TV soap operas of today, it shows that there are seven archetypal themes which recur throughout every kind of storytelling. But this is only the prelude to an investigation into how and why we are 'programmed' to imagine stories in these ways, and how they relate to the inmost patterns of human psychology. Drawing on a vast array of examples, from Proust to detective stories, from the Marquis de Sade to E.T., Christopher Booker then leads us through the extraordinary changes in the nature of storytelling over the past 200 years, and why so many stories have 'lost the plot' by losing touch with their underlying archetypal purpose. Booker analyses why evolution has given us the need to tell stories and illustrates how storytelling has provided a uniquely revealing mirror to mankind's psychological development over the past 5000 years. This seminal book opens up in an entirely new way our understanding of the real purpose storytelling plays in our lives, and will be a talking point for years to come.

Goddesses in Everywoman

Powerful Archetypes in Women's Lives

Harper Collins A classic work of female psychology that uses seven archetypal goddesses as a way of describing behavior patterns and personality traits is being introduced to the next generation of readers with a new introduction by the author. Psychoanalyst Jean Bolen's career soared in the early 1980s when Goddesses in Everywoman was published. Thousands of women readers became fascinated with identifying their own inner goddesses and using these archetypes to guide themselves to greater self-esteem, creativity, and happiness. Bolen's radical idea was that just as women used to be unconscious of the powerful effects that cultural stereotypes had on them, they were also unconscious of powerful archetypal forces within them that influence what they do and how they feel, and which account for major differences among them. Bolen believes that an understanding of these inner patterns and their interrelationships offers reassuring, true-to-life alternatives that take women far beyond such restrictive dichotomies as masculine/feminine, mother/lover, careerist/housewife. And she demonstrates in this book how understanding them can provide the key to self-knowledge and wholeness. Dr. Bolen introduced these patterns in the guise of seven archetypal goddesses, or personality types, with whom all women could identify, from the autonomous Artemis and the cool Athena to the nurturing Demeter and the creative Aphrodite, and explains how to decide which to cultivate and which to overcome, and how to tap the power of these enduring archetypes to become a better "heroine" in one's own life story.

The Wild Woman's Way

Reconnect to Your Body's Wisdom

Simon and Schuster "As pragmatic as it is compassionate, this intimate, humorous, and ultimately relaxing invitation to re-wild yourself, stripping away all that is not your true nature, will leave you inspired and curious to discover the wild woman within" (Lissa Rankin, MD, New York Times bestselling author of Mind Over Medicine). For the high-achieving modern woman today, having a successful career, a fulfilling romantic relationship, and a satisfying personal life can feel like opposing goals. It has even become difficult to take the time to enjoy the simple pleasures in lives. We are stuck in "go-mode," damaging our romantic relationships, pleasure, and creativity. But what if there were a way to experience the simplest pleasures of our lives on a deeper level, freeing the body and psyche from

these destructive patterns? Beyond our current stereotypes about femininity lies the ancient wisdom of the Wild Woman archetype, a model of building a feminine "body intelligence." By embodying this archetype and using tantra--not just in the bedroom, but also to build intimate connections to our senses and physical movements--we can break harmful psychological patterns. In *The Wild Woman's Way*, Michaela Boehm shares practical rituals and exercises drawn from years of experience as a celebrity relationship and life counselor and an expert in tantric yoga. She reveals the power of different types of touch, while also training you in forms of meditation and stretching that increase activity and sensual pleasure.

Wisdom's Daughters

How Women Can Change the World

Balboa Press *Wisdom is Women's Gift to the World*. In the many cultural stories that speak about the changing of the ages, it is always Feminine Spirit which brings about the transition to new life, for Feminine Spirit knows the rhythms of life, death, and rebirth and is the "opener of the way." In times of cultural transformation, it is also our right-brain, feminine consciousness that is our best guide, for it opens us to the creative imagination, the realm of possibility. The return of the Goddess awakens the transformative energy that births the changing of the ages. In the western story of worldwide spiritual transformation, there is a powerful image of Cosmic Woman, an image of the archetypal Feminine Spirit who transforms and gives birth to this new age. And her archetypal image gives us instructions for opening to and incarnating wisdom. This image of the awakening Feminine Spirit is an image of the Conscious Woman: a woman, clothed with the sun, standing on the moon, crowned with stars, who is in labor, giving birth to a savior. In earlier times and different traditions, this archetypal image was understood as Lady Wisdom. Today I feel this Goddess image of conscious woman can be incarnated by women everywhere. This woman clothed with the sun is Lady Wisdom, who calls all women to become her daughters. "I love Cathy's insights into fairy tales, mythology, dreams, astrological energies, and archetypes. She makes sense of how our lives are impacted by these complex yet very beautiful elements, making them accessible and keeping them profound. Her wisdom can only enhance anyone lucky enough to have crossed her path." --Alix Toland, Artist & Creator of Color-Scope: An Astrological Mandala

Archetypal Imagery and the Spiritual Self

Techniques for Coaches and Therapists

Singing Dragon Combining psychology and spirituality, this practical book considers archetypes from Asian, Middle Eastern and European myths and explains how they can be used in therapeutic practice to help clients achieve personal or clinical goals. This innovative model of archetype imagination is a powerful tool for coaches and therapists. It involves visualizing an archetype, which teaches the mind to focus, relaxes the ego, and opens the unconscious. This makes space for spiritual insights and allows the mind to let go of distracting sensations and emotions. Combining foundational psychological theories, brain physiology, and Hindu philosophy with the author's visionary experiences, this book explains how to use this technique in clinical practice. It also includes case studies, engaging images, practical exercises, and quizzes for use with clients. Spiritual seekers will find the book's insights a great complement to their practice. This book will help counsellors, coaches, psychologists, psychotherapists, arts therapists, and other therapeutic practitioners to use archetype imagination techniques to guide their clients to emotional health and spiritual awareness.

Cultures and Identities in Transition

Jungian Perspectives

Routledge *Cultures and Identities in Transition* returns to the roots of analytical psychology, offering a thematic approach which looks at personal and cultural identities in relation to Jung's own identity and the identities of contemporary Jungians. The book begins with two clinical studies, representing a meeting point between the traditional praxis of Jungian analysis, on the one side, and the current zeitgeist, world events and collective anxieties as impacting on persons in therapy, on the other. An international range of expert contributors go on to discuss topics including: issues of national and personal identity - looking back to a shared history and forward to novel applications of Jungian ideas. Jung's cross-disciplinary dialogues with Victor White. what the designation "Jungian" actually means. Based on papers given at the joint IAAP and IAJS conference held in Zurich in 2008, this book will be essential reading for all Jungians.

Reader's Guide to Women's Studies

Routledge *The Reader's Guide to Women's Studies* is a searching and analytical description of the most prominent and influential works written in the now universal field of women's studies. Some 200 scholars have contributed to the project which adopts a multi-layered approach allowing for comprehensive treatment of its subject matter. Entries range from very broad themes such as "Health: General Works" to entries on specific individuals or more focused topics such as "Doctors."

Creating Communication

Exploring and Expanding Your Fundamental Communication Skills

Rowman & Littlefield Tailored for the "hybrid," fundamental, and introduction courses in speech communications, *Creating Communication* is a brief, practical, and student-friendly introduction to the discipline with a unique theme: Students are "artists," using their words and behaviors to create something new and exciting in their lives and in the lives of others. Designed for skills-based courses, *Creating Communication* provides students with the basic communication skills necessary to improve their public-speaking, group, interpersonal intercultural, leadership, and interviewing communication. The book helps students develop a greater understanding of the importance of communication skills and motivates them to learn more about communication studies. Thorough yet concise, *Creating Communication* covers a full range of topics in a clear, organized, and engaging way. In his distinctive conversational tone, Fujishin encourages students to implement powerful changes in the way they communicate with others, empowering them to create more productive and meaningful lives as "artists of communication."

Wisdom and Her Lovers in Medieval and Early Modern Hispanic Literature

Springer This book explores how Medieval and Early Modern writers reconstructed, and also how readers read, the contradictory meanings of "Lady" Wisdom.

Inviting the Queen: An Emerging Archetype for Women at Midlife

Depth psychotherapist Sandra Rogers articulates what many women intuitively know-that the archetypal configuration of Maiden, Mother, and Crone is missing something. She offers us the archetype of the Queen, a stage in midlife between the Mother and the Crone. Through rich examples of real-life women, Sandra brings the Queen to life, and then, shows us how to fully embody her energies through the chakra system, including suggestions for journaling, meditation, visualization, and instructions for conducting a set-coronation ritual. "This book could not be more relevant or timely! Sandra Rogers has written a book that embodies the last 60 years of women's efforts to achieve both deeper psychological realization and broader efficacy in the world. Sandra's book, *Inviting the Queen*, is written for women (and for men who love women) who are searching for a practical guidebook to wholeness: she asks you to welcome the Queen, a symbol of inner empowerment, into your life via simple exercises, engaging stories, and an important new way of understanding the chakras. This book is a 'crowning' achievement!" Patricia Ariadne, Ph.D., LMFT, Associate Professor of Psychology and Licensed Psychotherapist

Encyclopedia of Feminist Literature

Infobase Learning Presents articles on feminist literature, including significant authors, themes and history.

Rise Sister Rise

A Guide to Unleashing the Wise, Wild Woman Within

Hay House, Inc *Rise Sister Rise* is for the women who agreed at soul level to be here at this stage in history to lead this global shift that the mystics of all of the ages have predicted: the return of the mother and the rise of the feminine. It is essentially a call to arms for women to rise up, tell their truth, and lead. Most women have spent much of their working lives "making it" in a man's world, leaning on patriarchal methods of survival in order to succeed, dulling down their intuition, and ignoring the fierce power of their feminine. They have ignored the cycles of the feminine in order to survive in a patriarchal linear system - but now the world has changed. *Rise Sister Rise* is a transmission that calls the innate feminine wisdom to rise. It is about healing the insecurities, the fears, and the inherited patterns that stop women trusting the Shakti (power) and wisdom (intuition) that effortlessly flows through them. It's about recognizing all of the ways we have been keeping ourselves contained and restrained in effort to fit into a certain archetype of woman. It's about co-creating a whole new archetype of woman - a woman who does not keep herself small in order to make others feel more comfortable. A woman who knows like she knows like she knows that she is not her body weight, her sexual partners, or her career. A woman who deeply respects the wise woman in her life and cultivates her own wisdom every single day. Full of tools, calls to action, contemplative questions, rituals, and confrontational exercises, this book teaches women that it is safe to let Shakti rise, safe to trust their intuition, and safe to take leaps of faith - because in healing ourselves we are healing the world.

The Child That Haunts Us

Symbols and Images in Fairytale and Miniature Literature

Routledge *The Child That Haunts Us* focuses on the symbolic use of the child archetype through the exploration of miniature characters from the realms of children's literature. Jung argued that the child archetype should never be mistaken for the 'real' child. In this book Susan Hancock considers how the child is portrayed in literature and fairytale and explores the suggestion from Jung and Bachelard that the symbolic resonance of the miniature is inversely proportionate to its size. We encounter many instances where the miniature characters are a visibly vulnerable 'other', yet often these occur in association with images of the supernatural, as the desired or feared object of adult imagination. In *The Child That Haunts Us* it is emphasised that the treatment by any society, past or present, of its smallest and most vulnerable members is truly revealing of the values it really holds. This original and sensitive exploration will be of particular interest to undergraduate and postgraduate students as well as academics engaged in Jungian studies, children's literature, childhood studies and those with an interest in socio-cultural constructions of childhood.

The Art Of Seduction

Profile Books Which sort of seducer could you be? Siren? Rake? Cold Coquette? Star? Comedian? Charismatic? Or Saint? This book will show you which. Charm, persuasion, the ability to create illusions: these are some of the many dazzling gifts of the Seducer, the compelling figure who is able to manipulate, mislead and give pleasure all at once. When raised to the level of art, seduction, an indirect and subtle form of power, has toppled empires, won elections and enslaved great minds. In this beautiful, sensually designed book, Greene unearths the two sides of seduction: the characters and the process. Discover who you, or your pursuer, most resembles. Learn, too, the pitfalls of the anti-Seducer. Immerse yourself in the twenty-four manoeuvres and strategies of the seductive process, the ritual by which a seducer gains mastery over their target. Understand how to 'Choose the Right Victim', 'Appear to Be an Object of Desire' and 'Confuse Desire and Reality'. In addition, Greene provides instruction on how to identify victims by type. Each fascinating character and each cunning tactic demonstrates a fundamental truth about who we are, and the targets we've become - or hope to win over. *The Art of Seduction* is an indispensable primer on the essence of one of history's greatest weapons and the ultimate power trip. From the internationally bestselling author of *The 48 Laws of Power*, *Mastery*, and *The 33 Strategies Of War*.

Women with Visible and Invisible Disabilities

Multiple Intersections, Multiple Issues, Multiple Therapies

Routledge This thoughtful collection addresses the issues faced by women with disabilities, examines the social construction of disability, and makes suggestions for the development and modification of culturally relevant therapy to meet the needs of disabled women. Written in an accessible style with a minimum of jargon, this book provides clinical material from the perspectives of psychotherapists, clients, personal assistants, and health administrators. *Women with Visible and Invisible Disabilities* also highlights the importance of considering age, ethnicity, and sexual orientation in its examination of feminist approaches to assessment, psychotherapy, disability management (coping), and discusses how the Americans with Disabilities Act impacts employment and education for women.

Mythic Astrology Applied

Personal Healing Through the Planets

Llewellyn Worldwide This is a guide to using myths and ancient deity archetypes for astrological chart interpretation.

Reassessing John Buchan

Beyond the Thirty Nine Steps

Routledge A collection of edited essays on the novelist John Buchan (1875-1940), author of, among many other works, "The Thirty-Nine Steps" (1915), "Witch Wood" (1927) and "Sick Heart River" (1940). It considers Buchan's writing and reputation from the perspective of the twenty-first century and examines Buchan's major fiction and non-fictional writing.

Years of Wisdom

The Tarot and Women's Stories of Growth and Empowerment

Years of Wisdom is an essential read for Tarot enthusiasts, spiritual seekers and those who want to deepen their self-awareness and live a more fulfilling life. The book grounds the 22 archetypal lessons of the Tarot's major arcana in the transformational experiences of women's lives. Inspirational, intimate real-life stories from 50 women demonstrate how each archetype can encourage growth, self-discovery and empowerment. The stories were collected for a PhD on women, ageing and the transformation of self and the book honours the wisdom of older women. The Tarot's ancient wisdom, with its mythological images, mystical references and esoteric symbols, offers a path to higher consciousness that has been travelled by those seeking greater spiritual awareness for hundreds of years; it is the hero's journey, the subject of myths in many cultures. The Tarot as a developmental path offers more than conventional theories of human development, which turn out well-adjusted, productive citizens. Most of us seek more than this; we want to tap our full potential, expand our consciousness beyond the limitations of materialistic social values and have a deeper spiritual experience of being alive. Years of Wisdom draws on the work of Carl Jung to reveal how the process of greater self-awareness and spiritual consciousness unfolds.

Encyclopedia of Religion and Nature

A&C Black The Encyclopedia of Religion and Nature, originally published in 2005, is a landmark work in the burgeoning field of religion and nature. It covers a vast and interdisciplinary range of material, from thinkers to religious traditions and beyond, with clarity and style. Widely praised by reviewers and the recipient of two reference work awards since its publication (see www.religionandnature.com/ern), this new, more affordable version is a must-have book for anyone interested in the manifold and fascinating links between religion and nature, in all their many senses.

LifeWorks

Using myth and archetype to develop your life story

John Hunt Publishing Why did your life turn out this way? Who are the most important people in your world? What would you do differently, if you had the chance? Ever since you were a child, you have been writing your life script. You use fragments of story to weave your own personal narrative. The parts in your script are acted by people around you. Some of the oldest stories in the world are the ones called myths. The characters in them are easy to recognize: the princess, the hero, the good mother, the wise old man. These characters are based on universal figures called 'archetypes'. LifeWorks introduces the twelve major archetypes, with examples from books and films. For each figure, there is a story, followed by points to consider and tasks to perform. You use classic stories and archetypal figures to compose your own life script. LifeWorks is a practical handbook which combines insights from psychology and anthropology. You will learn how to identify relationship patterns and life themes. Stories and exercises help you to develop your own personal mythology.

Ebook: Theories of Personality

McGraw Hill The 8th edition of Theories of Personality follows in the tradition of the previous versions, by centering on the premise that personality theories are a reflection of the unique cultural background, family experiences, personalities, and professional training of their originators. The book begins by acquainting students with the meaning of personality and providing them with a solid foundation for understanding the nature of theory, as well as its crucial contributions to science. The chapters that follow present twenty-three major theories: coverage of each theory also encompasses a biographical sketch of each theorist, related research, and applications to real life. Changes in the 8th edition included a new chapter 8 on evolutionary personality theory, focusing on the work of David Buss. The Related Research sections in each chapter have also been updated.

Rise Sister Rise

A Guide to Unleashing the Wise, Wild Woman Within

Hay House, Inc Rise Sister Rise is for the women who agreed at soul level to be here at this stage in history to lead this global shift that the mystics of all of the ages have predicted: the return of the mother and the rise of the feminine. It is essentially a call to arms for women to rise up, tell their truth, and lead. to trust their intuition, and safe to take leaps of faith - because in healing ourselves we are healing the world.

Grandparents

Archetypal and clinical perspectives on grandparent-grandchild relationships

Taylor & Francis Isabelle Meier presents a unique examination of the relationship between grandparents and grandchildren, viewed through the lens of analytical psychology. This relationship can have a huge impact on psychological development, yet it has been largely neglected in studies of the family. Meier explores both clinical and theoretical material throughout the book. In the first part she dissects archetypal images in the intergenerational relationship, particularly as shown in fairy tales, myths and legends. From the 'wise old woman/man' to the 'wicked witch' or the 'old wizard', memories and experiences of these archetypes can be stored in the implicit memory and activated later in life. The second part looks at the processes and functions of implicit memory and examines the concept of the complex as it applies to grandparents, using Stern's studies on the present moment and intersubjective phenomena. Finally, in part three, Meier presents case studies from her own practice. Grandparents will be essential reading for Jungian analysts and psychotherapists, analytical psychologists and those in training. It will also be of interest to academics and students of Jungian studies, myth and anthropology, and readers looking to explore intergenerational family relationships.

Archetype Revisited

An Updated Natural History of the Self

Routledge Archetype: A Natural History of the Self, first published in 1982, was a ground-breaking book; the first to explore the connections between Jung's archetypes and evolutionary disciplines such as ethology and sociobiology, and an excellent introduction to the archetypes in theory and practical application as well. C.G. Jung's 'archetypes of the collective unconscious' have traditionally remained the property of analytical psychology, and have commonly been dismissed as 'mystical' by scientists. But Jung himself described them as biological entities, which, if they exist at all, must be amenable to empirical study. In the work of Bowlby and Lorenz, and in studies of the bilateral brain, Anthony Stevens has discovered the key to opening up this long-ignored scientific approach to the archetypes, originally envisaged by Jung. At last, in a creative leap made possible by the cross-fertilisation of several specialist disciplines, psychiatry can be integrated with psychology, with ethology and biology. The result is an immensely enriched science of human behaviour. In Archetype Revisited, Stevens considers the enormous cultural, social and intellectual changes that have taken place since the publication of the original edition, and includes: - An updated chapter on The Archetypal Masculine and Feminine, reflecting recent research findings and developments in feminist thinking; - Commentary on the intrusion of neo-Darwinian thinking into psychology and psychiatry; - Analysis of what has happened to the archetype in terms of our understanding of it and our responses to it. This Classic Edition of the book includes a new introduction by the author.
