The Giant Under The Snow

Orion Children's Books First published in 1968, THE GIANT UNDER THE SNOW created a fascinating world of magic, ancient evil and curses long before Harry Potter and His Dark Materials. Three children find an ornate Celtic buckle. To them it's treasure, a fantastic find. They have no idea that it has awakened a giant who has lain at rest for centuries. Little do they know that an evil warlord and his Leathermen have also awaited this moment, this chance to wield their deadly power. In a chilling tale full of menace and suspense the final battle between good and evil must be fought. This is a story that transcends age. Beautifully written, subtle and evocative, THE GIANT UNDER THE SNOW transports the reader into an intensely atmospheric world where the imagination knows no bounds.

Cheddar

A Journey to the Heart of America's Most Iconic Cheese

Chelsea Green Publishing One of the oldest, most ubiquitous, and beloved cheeses in the world, the history of Cheddar is a fascinating one. Over the years it has been transformed, from a painstakingly handmade wheel to a rindless, mass-produced block, to a liquefied and emulsified plastic mass untouched by human hands. The Henry Fordism of Cheddar production in many ways anticipated the advent of industrial agriculture. They don't call it "American Cheese" for nothing.

Fall of Giants

Enhanced Edition

Pan Macmillan The first in Ken Follett's bestselling Century Trilogy, Fall of Giants is a captivating novel that follows five families through the world-shaking dramas of the First World War, the Russian Revolution, and the struggle for votes for women. A world in chaos. 1911, a thirteen-year-old boy, Billy Williams, begins working down the mines as George V is crowned king. The escalating arms race between the empire nations will put not only the king but this young boy in grave danger. A terrible war. Billy's family is inextricably linked with the Fitzherberts, the aristocratic owners of the coal mine where he works. And when Maud Fitzherbert falls in love with Walter von Ulrich, a spy at the German embassy in London, their destiny also becomes entangled with that of Gus Dewar, an ambitious young aide to Woodrow Wilson, and two orphaned Russian brothers, the Peshkovs, whose plan to emigrate to America falls foul of conscription, revolution and imminent war. A revolution that will change everything. When Russia convulses in bloody revolution and the Great War unfolds, the five families' futures are entwined forever, love bringing them closer even as conflict takes them further apart. What seeds will be sown for further tragedy in the twentieth century and what role will each play in what is to come? Continue the captivating Century Trilogy with Winter of the World and Edge of Eternity.
