MURDER ORTHODOXIES: A NON-CONSPIRACISTÔS VIEW OF MARILYN MONROEÔS DEATH

Lulu.com Perhaps no one's death has stirred more interest, controversy, and theories than Marilyn Monroe's August 4 of 1962. In *Murder Orthodoxies*, author Donald R. McGovern analyzes and examines the many theories that Monroe was murdered by a host of curious characters-from the middle Kennedy brothers to brutal gangsters to aliens. McGovern separates fact from fiction and theory from outlandish rumor. He addresses and debunks the usual allegations related to Monroe's death, the secrets recorded in her little red diary, her scheduled whistle-blowing press conference, the murder plots by organized crime and the brothers Kennedy, and the fatal injection of drugs, along with many others. In *Murder Orthodoxies*, McGovern restores logic and sanity to the investigation of Monroe's death. His thesis is based upon the premise that the engines of conspiracies are started and fueled by opinion, not by facts. His credible conclusions are based on logic, science, toxicology, and forensic evidence.

THE LIFE AND DEATH OF KID CURRY

TIGER OF THE WILD BUNCH

Rowman & Littlefield Harvey "Kid Curry" Logan was an outlaw, gunfighter and infamous member of the Butch Cassidy gang. With more than fifteen killings attributed to him, and given his involvement in the Butch Cassidy gang, "Kid Curry" was as renowned a figure as you were likely to find west of the Mississippi. Short of stature yet enormous in reputation, after Butch Cassidy and the Sundance Kid fled for South America, Logan became the most wanted outlaw in the United States. He was finally captured--only to escape from his Tennessee prison in 1903. Until now little has been readily known about the man nicknamed the "tiger of the wild bunch." With unique access to the research, author Gary Wilson deftly separates fact from fiction, providing readers with a complete and authoritative biography.

DEATH AT THE EDGES OF EMPIRE

FALLEN SOLDIERS, CULTURAL MEMORY, AND THE MAKING OF AN AMERICAN NATION, 1863-1921

U of Nebraska Press Hundreds of thousands of individuals perished in the epic conflict of the American Civil War. As battles raged and the specter of death and dying hung over the divided nation, the living worked not only to bury their dead but also to commemorate them. President Abraham Lincoln's Gettysburg Address perhaps best voiced the public yearning to memorialize the war dead. His address marked the beginning of a new tradition of commemorating American soldiers and also signaled a transformation in the relationship between the government and the citizenry through an embedded promise and obligation for the living to remember the dead. In *Death at the Edges of Empire* Shannon Bontrager examines the culture of death, burial, and commemoration of American war dead. By focusing on the Civil War, the Spanish-Cuban-American War, the Philippine-American War, and World War I, Bontrager produces a history of collective memories of war expressed through American cultural traditions emerging within broader transatlantic and transpacific networks. Examining the pragmatic collaborations between middle-class Americans and government officials negotiating the contradictory terrain of empire and nation, *Death at the Edges of Empire* shows how Americans imposed modern order on the inevitability of death as well as how they used the war dead to reimagine political identities and opportunities into imperial ambitions.

SEEING ANGELS IN THE SHADOW OF DEATH

A RABBI'S JOURNEY THROUGH ILLNESS AND HEALTH

Wipf and Stock Publishers For anyone who has suffered loss, or is facing a personal trial, the pain can be overwhelming, and you might feel at a loss as to where to look for healing. From a young age I have wondered about the day that I will die and what my life will have meant. At the age of twenty-two, I was confronted by death in the form of cancer, and then again at age thirty-three in the form of heart disease. Those events helped clarify for me what direction my life should take, but only with the help of other people, my angels in the shadow of death. They helped show me the light when all I saw was darkness. And now I try to be an angel myself, to help those who feel like they are living in death's dark shadow. We should never have to suffer alone. This is the story of my journey from illness to health, from darkness to light, and I hope that it brings healing and light to all who read it.

THE DEATH OF BEN LINDER

THE STORY OF A NORTH AMERICAN IN SANDINISTA NICARAGUA

Seven Stories Press In 1987, the death of Ben Linder, the first American killed by President Reagan's "freedom fighters" -- the U.S.-backed Nicaraguan Contras -- ignited a firestorm of protest and debate. In this landmark first biography of Linder, investigative journalist Joan Kruckewitt tells his story. In the summer of 1983, a 23-year-old American named Ben Linder arrived in Managua with a unicycle and a newly earned degree in engineering. In 1986, Linder moved from Managua to El Cuá, a village in the Nicaraguan war zone, where he helped form a team to build a hydroplant to bring electricity to the town. He was ambushed and killed by the Contras the following year while surveying a stream for a possible hydroplant. In 1993, Kruckewitt traveled to the Nicaraguan mountains to investigate Linder's death. In July 1995, she finally located and interviewed one of the men who killed Ben Linder, a story that became the basis for a New Yorker feature on Linder's death. Linder's story is a portrait of one idealist who died for his beliefs, as well as a picture of a failed foreign policy, vividly exposing the true dimensions of a war that forever marked the lives of both Nicaraguans and Americans.
