Joothan

An Untouchable's Life

Columbia University Press Omprakash Valmiki describes his life as an untouchable, or Dalit, in the newly independent India of the 1950s. "Joothan" refers to scraps of food left on a plate, destined for the garbage or animals. India's untouchables have been forced to accept and eat joothan for centuries, and the word encapsulates the pain, humiliation, and poverty of a community forced to live at the bottom of India's social pyramid. Although untouchability was abolished in 1949, Dalits continued to face discrimination, economic deprivation, violence, and ridicule. Valmiki shares his heroic struggle to survive a preordained life of perpetual physical and mental persecution and his transformation into a speaking subject under the influence of the great Dalit political leader, B. R. Ambedkar. A document of the long-silenced and long-denied sufferings of the Dalits, Joothan is a major contribution to the archives of Dalit history and a manifesto for the revolutionary transformation of society and human consciousness.

History, Geography and Civics

Teaching and Learning in the Primary Years

Cambridge University Press History, Geography and Civics provides an in-depth and engaging introduction to teaching and learning socio-environmental education from F-6 in Australia and New Zealand. It explores the centrality of socio-environmental issues to all aspects of life and education and makes explicit links between pedagogical theories and classroom activities. Part I introduces readers to teaching and learning history, geography and environmental studies, and civics and citizenship, as well as issues in intercultural and global education. Part II explores the use of media and sources, values and attitudes, assessment and creative teaching. Each chapter provides links to the Australian Curriculum, including cross-curriculum priorities: sustainability, Aboriginal and Torres Strait Islander education, and Asia and Australia's engagement with Asia. History, Geography and Civics encourages the reader to consider their own beliefs, values and attitudes in relation to their teaching and includes provocations and reflective questions to foster discussion and engagement.

SECULAR, SOCIALIST & RELIGION IN INDIA - THE MISCONCEPTIONS

Blue Rose Publishers *Constituent Assembly Debates, which made the Constitution of India, are the original source to understanding how the Constitution was made. The debates are bold and blunt, conducted using soft expressions and language. Rather than reading the Constitution as it is, what we discovered over the last fifty years of its adoption is that it is read differently, suiting the persons of*

the political parties speaking as they selectively suppress the spirit of the Letters. Terms such as socialist" and "secular were later inserted in the Preamble through the 42nd Amendment in 1976 and that opened up Pandora's box. Unfortunate derivation continued to progress, opening up opportunities to influence the meaning of socialism, secularism, and religion. Politicians didn't even glance at the spirited debates, on how those very words were used to reach the consensus collectively among them. Inequality continued to increase year after year, which should not have been there after the insertion of those words. Politicians and religious leaders at that time considered it more appropriate to convert those words as more relevant terms like religion, caste and creed. There onwards, the country started experiencing a different taste of socialism, secularism, and religion. In the author's view, all such conceptions were solely serving self-interests. This is where we stand today. The author has made a humble effort in this book to highlight the misconceptions of these terms as envisioned in the Constitution. People tend to be generous when sharing their nonsense, fear, and ignorance. And while they seem quite eager to feed you their negativity, please remember that sometimes the diet we need to be on is a spiritual and emotional one. Be cautious with what you feed your mind and soul. Fuel yourself with positivity and let that fuel propel you into positive motion." - Dr. Steve Maraboli.
