Spacesuits The Smithsonian National Air and Space Museum Collection *powerHouse Books* Presents a history of space suits, from the first pressurized suits in the 1930s to the present day, along with a collection of photographs of mission suits, prototypes, and training gear. **Smithsonian National Air and Space Museum An Autobiography** *National Geographic Books* Presents the collections of the National Air and Space Museum, revealing the stories behind such artifacts as the Spirit of St. Louis and the Enola Gay, and provides inside information on the development of the museum's collection. **Best of the National Air and Space Museum** *Smithsonian Institution* Experience the thrill of flying some of the world's most important airplanes and spacecraft. Best of the National Air and Space Museum provides unprecedented access to the most popular museum in the world. The Smithsonian's National Air and Space Museum hosts an average of seven million visits every year. The Udvar-Hazy Center—three football fields long and ten stories high—receives more than one million visits annually. Best of the National Air and Space Museum features the best of both museums, from the Challenger space shuttle and the Wright flyer to the Spirit of St. Louis and the stealth bomber. Robert Van der Linden, curator of aeronautics, has selected the most important, popular, and just plain impressive aircraft and spacecraft from the collections of both museums to be showcased in this beautiful book. Each page spread includes intriguing facts of the item's design, use, mission, specifications, and dimensions. A must-have for space and aviation buffs. **At the Controls The Smithsonian National Air and Space Museum Book of Cockpits** *Boston Mills Press* Printed to

coincide with a Smithsonian Institution traveling exhibition, "At the Controls" is a photographic look at the cockpits of 40 aircraft and five spacecraft of historical note. Full color. 30 archival images. **Official Guide to the Smithsonian's National Air and Space Museum, Third Edition** *Smithsonian Institution* This fully illustrated guide to the world's most-visited aviation and space museum is both an indispensable companion for visitors and a detailed history in itself of humanity's quest for flight. The Smithsonian Institution's National Air and Space Museum maintains the world's largest collection of historic aircraft and spacecraft plus an amazing assortment of other historic objects. Many fascinating items from the twenty-three galleries and two off-site facilities—including the Wright Flyer, Chuck Yeager's Bell X-1, and the spacesuits worn by Neil Armstrong and Buzz Aldrin—are presented here in 200 full-color photographs, accompanied by their equally intriguing stories. **Nation's Hangar The Aircraft Study Collection of the Steven F Udvar-Hazy Center, Smithsonian National Air and Space Museum Guide to Photographic Collections at the Smithsonian Institution: National Air and Space Museum The Smithsonian History of Space Exploration From the Ancient World to the Extraterrestrial Future** *Smithsonian Institution* The first in-depth, fully illustrated history of global space discovery and exploration from ancient times to the modern era The Smithsonian History of Space Exploration is a comprehensive history of international space exploration paired with photographs, illustrations, graphics, and sidebars on key scientific and technological developments, influential figures, and pioneering spacecraft. Former NASA and Smithsonian space curator and historian Roger D. Launius presents human's endeavors to understand the universe, honoring millennia of human curiosity, ingenuity, and achievement. The book examines space exploration's origins in the pioneering work undertaken by the ancients of Greece, Rome, and China, and moves through the great discoveries of Renaissance thinkers including Copernicus, Galileo, and Kepler. It offers new insight into well-known moments such as the launch of Sputnik 1 and the Apollo Moon landing and explores the unexpected events and hidden figures of space history. Presenting the technological and mechanical breakthroughs enabling humans to explore far beyond our own planet in recent decades, it also speculates on the future of space exploration, including space tourism and our possible future as an extraterrestrial species. This is a must-read for space buffs and everyone intrigued by the history and future of scientific discovery. **Smithsonian Treasures of the National Air and Space Museum** *Smithsonian Institution* Get up close and personal with iconic aviation and space artifacts from the Smithsonian's National Air and Space Museum, the world's largest and most noteworthy collection Smithsonian Treasures of the National Air and Space Museum is a spectacularly illustrated, full-color guide to the most impressive, important, and interesting artifacts from the museum's vast collection. The book moves through chronological chapters, from the flight of kites, balloons, and the first airplanes, to 21st-century space tourism and NASA's new Artemis program. Each chapter features photographs and rich history on incredible objects that captivate visitors on a daily basis, including: Taking Flight: Early balloons and the 1903 Wright Flyer Aviation Goes to War: World War I aircraft and Eddie Rickenbacker's uniform The Shrinking Globe: Lindbergh's Spirit of St. Louis and Robert Goddard's liquid-fuel rocket World

War II: P-51 Mustang, B-26 bomber, and other iconic warbirds Jet Age Meets Space Age (Postwar): Chuck Yeager's flight jacket and Alan Shepard's spacesuit The Moon and Beyond: Neil Armstrong's Apollo 11 spacesuit and the Apollo lunar module Pushing Boundaries: The Hubble Space Telescope and Boeing 747 Into the Future: Starship Enterprise from Star Trek and the Merlin engine from SpaceX Skip the crowds and enjoy the most engaging and revolutionary objects the museum has to offer! Smithsonian Treasures of the National Air and Space Museum is a sweeping tribute to more than a century's worth of aviation and space history that shows how far we've come and how far we can go. **Aircraft Survival Equipment** **Smithsonian National Air and Space Museum Photographic Card Deck 100 Treasures from the World's Largest Collection of Air and Spacecraft** *Black Dog & Leventhal* Created in partnership with the world-renowned Smithsonian National Air and Space Museum, this beautifully packaged, informative card deck captures, in words and stunning photographs, 100 of the museum's most important artifacts. The NASM is the world's largest, most-visited collection of historical aircraft and spacecraft, and commemorate major milestones in flight and space exploration. The 100 treasures in this deck, hand-selected by the curators, include the Spirit of St. Louis, flown by Charles Lindbergh on the first non-stop transatlantic flight; Chuck Yeager's Bell X-1, in which he broke the sound barrier; Buzz Aldrin's space suit, worn during the Apollo 11 mission, and the Space Shuttle Discovery, which flew 39 missions and spent 365 days in space. Each card includes a photograph of the object on the front and a 200-word description plus key data on the back. **Smithsonian Air and Space** The Smithsonian Institution's National Air and Space Museum is one of the most visited museums in the world. It maintains the world's largest collection of aviation and space artifacts and is an essential destination for anyone interested in air and space flight. In this book, you'll find highlights from the museum's current exhibits as well as key objects and aircraft from its collections. We will also explore the ideas, discoveries and breakthroughs that launched humanity into the sky. **A Century of Triumph The History of Aviation** *Simon and Schuster* An illustrated history of aviation retraces humankind's fascination with flight, from the Wright Brother's famous 1903 flight through the triumphs of technology manifest in the Stealth Bomber and beyond. **Animals Aloft Photographs from the Smithsonian National Air and Space Museum** *Bunker Hill Publishing, Inc.* This is the visual history and anecdotal story of the mascots, pets, companions and best friends that have made up a whole side of air history retrieved from legendary archives of the National Air & Space Museum. **The National Air and Space Museum** *Capstone* What do moon rocks, a space shuttle, a white vest, and the Wright brothers' Flyer all have in common? They are some of the amazing artifacts on display at the Smithsonian's National Air and Space Museum. Take a tour through the museum's collections. Engaging text, graphs, maps, and colorful images help readers discover the stories behind some of these high-flying pieces of history. **Fly Now! A Colorful Story of Flight from Hot Air Balloon to the 777 "Worldliner" : the Poster Collection of the Smithsonian National Air and Space Museum** *National Geographic Books* Traces the history of human flight and air travel through 180 years of poster art, in a celebration of the hot air balloons of the mid-nineteenth century to the sleek, high-tech airliners of the present day. **The Nation's Hangar**

Aircraft Treasures of the Smithsonian *Smithsonian Institution* The Nation's Hangar: Aircraft Treasures of the Smithsonian offers a fascinating textual and visual history of civilian, military, and commercial aviation from the earliest balloon flights to today's most advanced aircraft. The Nation's Hangar charts the awe-inspiring history of flight around the world. F. Robert Van Der Linden, a Smithsonian curator and leading expert on aviation history, explains the fascinating stories behind aviation's great technological advances and provides historic and social context that highlights the many ways in which these innovations have changed the course of human history. The Nation's Hangar is also a visual delight. The Smithsonian aircraft collection has never looked so compelling and sleek. The Nation's Hangar is a must-have for that fly boy or fly girl in your flight pattern. **Smithsonian Institution**

General Hearings, Ninety-first Congress, Second Session, July 1970

Smithsonian Institution General Hearings Before the Subcommittee on Library and Memorials ... Ninety-first Congress, Second Session. July 1970

Book of Flight The Smithsonian National Air and Space Museum *Firefly Books Limited* An updated guide to the world of flight documents the milestones in aviation history that changed the world, from the development of ballooning to Charles Lindbergh's solo trip across the Atlantic to the building of the International Space Station. Simultaneous. **Hearings Air & Space Smithsonian Official Guide to the Smithsonian** *Smithsonian Institution* The Smithsonian Institution holds more than 142 million artifacts and specimens in its trust. This colorful guide to the museums and galleries on the National Mall, in the Washington metropolitan area, and in New York City presents an enormous amount of history and pertinent museum information, ensuring a rewarding visit. Each detailed section presents the history of the museums and offers a fully illustrated, gallery-by-gallery tour. All the practical information--location, hours, phone numbers, public transportation, services, tours, dining, gift shops, special attractions for children, web site addresses--is also included. With so much to see and do, this is the definitive source of all the information in one place. **National Air and Space Museum Research Report 1984 Jet Fighters Inside & Out** *The Rosen Publishing Group, Inc* Presents illustrations, historical notes, facts, and specifications for jet fighters, ranging from the earliest designs of the mid twentieth century to some of the most modern fighters in use today. **America's Hangar Smithsonian National Air and Space Museum, Steven F. Udvar-Hazy Center** *Smithsonian Books (DC)* **Hearings, Reports and Prints of the Senate Committee on Appropriations Department of the Interior and Related Agencies Appropriations for Fiscal Year 1969 Hearings Before a Subcommittee of the Committee on Appropriations, United States Senate, Ninetieth Congress, Second Session, on H.R. 17354 ... Department of the Interior and Related Agencies Appropriations for Fiscal Year 1969, Hearings Before ... 90-2, on H.R. 17354 Monthly Catalogue, United States Public Documents After Sputnik The First Fifty Years of Space Flight** *Harper Collins* In the 50 years since Sputnik's historic orbit kickstarted a race to the stars, spaceflight has moved from a speculative and experimental science to a staple of contemporary life. Space exploration has changed the way we look at our universe, our planet, and even the people around us. AFTER SPUTNIK will explore the first 50 years of achievements in space with a

guided tour of the artifacts in the collection of the National Air and Space Museum. This is the premier collection of space artifacts in the world, and includes most US artifacts; major Russian artifacts on loan; and most recently, Burt Rutan's Space Ship One. In addition, the museum's popular culture collection and an art collection include objects such as a 1930s Buck Rogers stopwatch, and Norman Rockwell's famous painting, *Suited Up*. Using a selection of 180 to 200 objects, this book will tell the artifact stories to convey a sense of what it was like to be there when the object was in use, accompanied by dramatic photographs. The artifacts will range from the famous, such as John Glenn's Friendship 7 Mercury spacecraft and the Mars Pathfinder lander and Sojourner rover, to the equally rare, but less well-known, such as the Surveyor 3 camera returned from the Moon and Gordon Cooper's space boots. No other book can offer this breadth and depth of artifacts.

Hearings, Reports and Prints of the House Committee on House Administration U.S. Government Information Internet and Other Electronic Resources A directory of Internet sites maintained by government agencies and others offering federal and state government information. Includes listings for gopher sites, bulletin boards, the SIGCAT CD-ROM Compendium, the National Association of State Information Resource Executives (NASIRE) StateSearch, and a Congressional directory providing e-mail and other addresses.

First to Fly North Carolina and the Beginnings of Aviation *UNC Press Books* A remarkable story filled with dreamers, inventors, scoundrels, and pioneering pilots, *First to Fly* recounts North Carolina's significant role in the early history of aviation. Beginning well before the Wright brothers' first powered flight at Kill

Smithsonian Civil War Inside the National Collection *Smithsonian Institution* *Smithsonian Civil War* is a lavishly illustrated coffee-table book featuring 150 entries in honor of the 150th anniversary of the Civil War. From among tens of thousands of Civil War objects in the Smithsonian's collections, curators handpicked 550 items and wrote a unique narrative that begins before the war through the Reconstruction period. The perfect gift book for fathers and history lovers, *Smithsonian Civil War* combines one-of-a-kind, famous, and previously unseen relics from the war in a truly unique narrative. *Smithsonian Civil War* takes the reader inside the great collection of Americana housed at twelve national museums and archives and brings historical gems to light. From the National Portrait Gallery come rare early photographs of Stonewall Jackson and Ulysses S. Grant; from the National Museum of American History, secret messages that remained hidden inside Lincoln's gold watch for nearly 150 years; from the National Air and Space Museum, futuristic Civil War-era aircraft designs. Thousands of items were evaluated before those of greatest value and significance were selected for inclusion here. Artfully arranged in 150 entries, they offer a unique, panoramic view of the Civil War.

Treasures from the Smithsonian Engagement Calendar 2021 Yesterday's Tomorrows Past Visions of the American Future *JHU Press* From Jules Verne to the Jetsons, from a 500-passenger flying wing to an anti-aircraft flying buzz-saw, the vision of the future as seen through the eyes of the past demonstrates the play of the American imagination on the canvas of the future.

Air Force Magazine National Archives Records Relating to the Korean War Collections Vol 10 *Rowman & Littlefield* "Collections: A Journal for Museum and Archives Professionals" is a multi-disciplinary peer-reviewed journal dedicated to the discussion of all

aspects of handling, preserving, researching, and organizing collections. Curators, archivists, collections managers, preparators, registrars, educators, students, and others contribute.
