Finally, this book was written to inspire readers to use modern tools to tell their organizations unique story about their faith. At the end of the day, live streaming is a storytelling tool helping organizations reach those who may need guidance, education, or simply a nudge in the right direction. Social media has become a medium for empowering individuals to like and share the things they believe in. We live in a world that is more connected than ever before. Understanding that everyone on earth is connected in some way, within six degrees of separation, will be an important stepping stone in our thinking about social media. Your church now has the power to reach people in large connected networks which include groups of family members and friends. These are the people that are most important and most influential in lives of your church's current members and their extended online network. One of the main reasons why western religion has succeeded so greatly to this day is because it has always taken advantage of emerging technologies... The medium isn't the message; it's the medium that you use to communicate the message. In the 1500s, we saw the printing press emerge, and bibles were being printed for the first time in history. We saw an explosion of what was being made available in written form, with new translations that were suddenly available all over the world... Over the past one hundred years, we have churches moving on to the radio with the early evangelical churches that have now moved into TV and televangelism... and now today we are moving into a new form of communication, where you can distribute your message on digital platforms using social media. The churches that are the most successful and most resonate with people are the ones delivering their message in the places that people are listening. Those who are producing content in a form that is consumable and makes sense in the day and age that we live in, we be to prosper from the fruits of new communication pathways. **THE EVANGELISM HANDBOOK How All Christians Can Effectively Share God's Word in Their Community** Christian Publishing House **YOUR GUIDE FOR DEFENDING THE BIBLE Self-Education of the Bible Made Easy, Third Edition** Christian Publishing House The reader will receive eight small introductory books in this one publication. Andrews' intention is to offer his reader several chapters on eight of the most critical subject areas of understanding and defending the Word of God. These eight sections with multiple chapters in each cover biblical interpretation, Bible translation philosophies, textual criticism, Bible difficulties, the Holy Spirit, Christian Apologetics, Christian Evangelism, and Christian Living. **DEFENDING CHRISTIANITY A Handbook of**

Christian Apologetics Christian Publishing House Garvie offers the reader an overview of arguments for Christianity on subjects varying from the existence of God to eschatology. Alfred Ernest Garvie shows us the magnificence of the faith instead of becoming weighed down by tiresome arguments. He systematically covers every significant Christian teaching, making this handbook a valuable reference for believers and unbelievers alike, looking for appealing summaries of specific doctrines. **DEFENDING THE CHRISTIAN FAITH** Christian Publishing House Use the tools of reason, the power of the mind to think, understand, and form judgments by logic, to construct an argument for the Christian faith. Paul reasoned from the Scriptures; he proved, explained, and persuaded. Samuel L. Phillips maintains that we can establish many of the essential truths of Christianity from facts most people believe. In *DEFENDING THE CHRISTIAN FAITH*, he creates common ground with unbelievers, showing that they already believe in fundamental truths that lead to Christianity. **Winning Others For God: Effective Gospel Sharing** Lulu.com **Creating an Effective Mystagogy A Handbook for Catechumenate Leaders Second Edition** Liturgy Training Publications *Creating an Effective Mystagogy* looks at the important but often overlooked period of Mystagogy in the Christian initiation process. Chriszt looks at some current parish practices of mystagogical catechesis and at the Church's vision of mystagogy and brings them into conversation with each other. From there he derives suggestions for current practice. **Bible Difficulties in the Book of Genesis Answering the Bible Critics Bible Book Number 1** *IT SEEMS THAT* the charge that the Bible contradicts itself has been made more and more in the last 20 years. Generally, those making such claims are merely repeating what they have heard, because most have not even read the Bible, let alone done an in-depth study of it. I do not wish, however, to set aside all concerns as though they have no merit. There are many who raise legitimate questions that seem, on the surface anyway, to be about well-founded contradiction. Sadly, these issues have caused many to lose their faith in God's Word, the Bible. The purpose of this series of books is, to help its readers to be able to defend the Bible against Bible critics (1 Pet 3:15), to contend for the faith (Jude 1:3), and help those, who have begun to doubt. Jude 1:22-23 **Effective Discipling in Muslim Communities Scripture, History and Seasoned Practices** InterVarsity Press Muslims who come to Christ face momentous spiritual, psychological and social obstacles that drive many to abandon their faith. Often conversion and discipleship are framed by individualistic Western models that do not acknowledge the communal cultural forces that constrain and shape new believers. Effective discipleship requires a more relational, holistic process of Christian identity development and spiritual formation in community. In this comprehensive resource, missiologist Don Little engages the toughest theoretical and practical challenges involved in discipling believers from Muslim backgrounds. He draws on New Testament principles, historical practices and interviews with seasoned disciplers ministering in a dozen countries across the Muslim world. Addressed here are key challenges that believers from Muslim backgrounds face, from suffering and persecution to spiritual warfare and oppression. Also included are implications for the role of disciplers in church planting among Muslims. **Sharing the Sunday Scriptures with Youth** Saint Mary's Press Filled with a wide variety of relevant, action-centered resources to help feed that hunger with God's word in the Sunday Scriptures. The resources for each Sunday's lectionary reading of the B cycle include lectionary and Scripture citations, themes that relate to young people, a synopsis of the Scripture readings, and a fully described and directed activity, along with several activity ideas, for engaging the participants with God's word. **Sharing Faith A Comprehensive Approach to Religious Education and Pastoral Ministry: The Way of Shared Praxis** Wipf and Stock Publishers Provides a comprehensive introduction to all aspects of religious education and pastoral ministry and gives an in-depth inquiry into the philosophical, educational and theological theories for sharing faith. **The Catholic Ethicist in the Local Church (CEWC Series)** Orbis Books **Bible Difficulties in the Book of Exodus Answering the Bible Critics Bible Book Number 2** *IT SEEMS THAT* the charge that the Bible contradicts itself has been made more and more in the last 20 years. Generally, those making such claims are merely repeating what they have heard, because most have not even read the Bible, let alone done an in-depth study of it. I do not wish, however, to set aside all concerns as though they have no merit. There are many who raise legitimate questions that seem, on the surface anyway, to be about well-founded contradiction. Sadly, these issues have caused many to lose their faith in God's Word, the Bible. The purpose of this series of books is, to help its readers to be able to defend the Bible against Bible critics (1 Pet 3:15), to contend for the faith (Jude 1:3), and help those, who have begun to doubt. Jude 1:22-23 **Small Christian Communities Today Capturing the New Moment** Orbis Books How can churches in America, modeling the oldest Christian communities, renew themselves from within? They can look to examples of thriving small Christian communities within their own country and throughout the world. This inspiring book shows what is happening now across six continents to give pastors and lay leaders of every denomination encouragement through useable examples from their counterparts around the world. **Basic Teachings of the Bible Questions Christians Ask - Biblical Answers** *Basic Teachings of the Bible* is a series of books that cover the Questions Christians ask, with biblical answers, *Why Study the Bible? Where Did God Come From? Is Speaking in Tongues Evidence of True Christianity? Do We Have a Soul that Is Apart From Us? Does Abortion Show Respect for Life? Do We Possess a Soul or Are We a Soul? Does the Bible Teach Universal Salvation? What Is Inerrancy of Scripture? Does the Bible Teach Liberation Theology? Does It Matter Which Bible Translation? Was Job a Real Historical Person?* These are the type of basic Bible questions that are discussed and debated, before and after church services, at Christian gatherings, and on the internet. There are literally hundreds of them. These are questions that Bible critics might raise as well, which Christians have struggled to answer and now will have a simplified biblical response. The Bible will give us the answers to these questions, as well as reasoning and explaining from the Scriptures. If the texts are straightforward, which answer the question(s), the text alone will be used. However, if the text is difficult to understand, reasoning from the Scriptures will be used with the text. We will answer some of the questions in just 2-3 pages, while some may take up to 15 pages or more. It is hoped that the reader will find the answers as additional evidence demonstrating that the Bible is the best source for guiding one's life. This publication is VOLUME 2 of numerous volumes to come. **Starting To Go Where God Wants You to Be - 6 Small Group Sessions on Beginning Life Together** Zondervan Provides exercises, readings, and other materials for launching or revitalizing a small group of teens working together to explore their relationships with other people and with God. **Connecting Your Heart to Others 6 Small Group Sessions on Fellowship** Zondervan Provides exercises, readings, and other materials for a six-week spiritual journey toward understanding and celebrating the differences between individuals and connecting with people different from oneself. **Three Essays Theology and Metaphysics: Prolegomena to The History of Pietism: Instruction in the Christian Religion** Wipf and Stock Publishers What accounts for Albrecht Ritschl's profound effect on modern theology? Philip Hefner proposed that he so energetically brought together in his work the elements of his generation, that all theology now stands on his shoulders. Many theologians have attacked Ritschl's ideas, others vigorously defend him, but all must

confront him. The essays presented here will enable students and scholars to experience the force of Ritschl's writing for themselves. Ritschl was born in 1822 into the intellectual, social, and ecclesiastical elite of Berlin. After finishing his studies at the University of Tuebingen, he taught at Bonn for eighteen years and at Goettingen for twenty-five. Hefner shows that Ritschl spoke a word to his own age that was so appropriate and so in resonance with his contemporaries in Germany that despite its weaknesses it became the dominant theology of his generation. Ritschl's impact can be traced to three major factors: forceful statement of Christian faith, positive link to tradition, and scientific method. He exhibited a remarkable combination of scholarly integrity and devotion to the Christian life, as seen in his ten-year study of pietism - a movement he opposed. His theology also contributed to much that followed, including historical-critical studies and dialectical theology. These essays offer a balanced sample of Ritschl's thinking. In the Prolegomena to 'The History of Pietism' he establishes his method of studying different confessions on the basis of Christian lifestyle. *Theology and Metaphysics* offers his celebrated rejection of metaphysics in favor of a christocentric approach. *Instruction in the Christian Religion*, the writing that won for Ritschl his popularity among students, sets forth his specific doctrinal beliefs. Today's students will discover that Ritschl is both an intriguing historical figure and a thinker worth grappling with. These essays, along with Philip Hefner's extensive introduction, provide needed material for a reevaluation of Ritschl and of nineteenth century theology.

The word "power" evokes the spheres of economic, political, and social life. Cooke suggests, however, that the deepest questions about conflicting powers are theological and concern what Christians have traditionally referred to as "the Holy Spirit" and "salvation." **Workbook for Lectors, Gospel Readers, and Proclaimers of the Word® 2017 USA** LiturgyTrainingPublications Workbook provides this year's Scripture readings for Sundays and holy days in large print for practice, along with commentaries, advice for proclamation, pronunciation aids, and also the Responsorial Psalm for meditation and context. The Tabernacling Presence of God Mission and Gospel Witness Wipf and Stock Publishers Although a large majority of believers agree that they should share their faith, most report that they, in fact, do not. That's not really all that surprising given today's pluralistic cultural setting. But maybe this same culture's longing for transcendence, community, and a place to call home points to a backstory that makes sense of it all. If such a narrative exists, it deserves a hearing, and those who know and live this story have both the responsibility and privilege of sharing its message of hope. The narrative of the Bible tells just such a story where God's purpose from the beginning has been to dwell--or tabernacle--in the midst of the people he has created. This book traces the theme of God's tabernacling presence across Scripture, reading the story afresh through a missional lens in order to gain insights for mission and gospel witness. The hope is that readers will awaken wide-eyed to the wonder of God's tabernacling presence in our midst, that we will live in such a way that others recognize this reality, and that we will boldly and joyfully share the good news of Jesus under the direction and power of his indwelling Spirit. **Effective Prevention and Treatment of Substance Use Disorders for Racial and Ethnic Minorities** BoD - Books on Demand Despite the significant burden of substance use disorders (SUD) across the world, SUD treatment systems face significant challenges to ensure immediate access to effective care. Prevention and treatment of SUDs is generally underfunded and its effectiveness to reduce substance use is frequently questioned. This book presents system level factors that may contribute to improving SUD prevention and treatment, particularly for underserved, and racial and ethnic minority populations. The authors provide theory-based approaches to prevention, as well as evidence-based spiritual, managerial, and leadership approaches to improve the effectiveness of SUD treatments. These approaches include modifiable system and organizational level factors that policy makers, healthcare administrators, treatment providers, and consumers can use to reduce the significant socio-economic burden of SUD on our society. **Effective Pastoring Giving Vision, Direction, and Care to Your Church** Thomas Nelson "A great deal of confusion exists today as to what pastors are to be," Lawrence writes. "Are they chaplains, CEO's, preachers, managers, or counselors? Paul gave us the answer long ago: They are to be equippers, disciple-makers." Just as the great artist Michelangelo took a chipped and flawed piece of marble and transformed it into a masterful sculpture of David, so does a pastor with his flock. "This is pastoring", writes Lawrence, "serving as sculptors of souls." **Relational Social Work Practice with Diverse Populations** Springer Science & Business Media Social work and relational theory have long been clinical comrades, given their shared goals and ideals. This close fit continues to be productive as client populations and their needs grow more diverse. *Clinical Social Work Practice with Diverse Populations* sorts through vital matters of race, ethnicity, sexuality, religion and social status--and addresses groups and issues often seen in practice but rarely encountered in print--with a profound understanding of the healing power of relational-based treatment. Case examples illustrate all stages of social work process, offering practice guidelines for working with members of diverse groups while emphasizing the uniqueness of every therapeutic dyad. The coverage recognizes the multiple relationships that comprise individuals' lives as well as the individuality that co-exists within group identity. And the contributors carefully show readers how to check themselves for biases and us-versus-them thinking and how to develop confidence

along with clinical skills. Included in this first-of-its-kind text: · Practice technique and research support for relational therapy. · Whiteness: Deconstruction of a practice paradox. · Racial and ethnic diversity, including African American, Latino, Asian American, and Asian Indian clients. · Religious diversity: evangelical Christians, Muslim, and Orthodox Jewish clients. · Diversity of sexual identity: LGBT clients. · Diversity of life-altering experiences: combat veterans, reentry from incarceration, homelessness. · Plus: background chapters providing a framework for applying relational theory to social work. Bridging the knowledge gaps between the diversity literature and the practical literature, *Relational Social Work Practice with Diverse Populations* supplies clinical social work professionals, educators, and counselors with tools and concepts for effective, efficient practice. **The Kingdom of God The Message of Jesus Today** Wipf and Stock Publishers The fruit of many decades of study and teaching, 'The Kingdom of God' provides an impressive, systematic treatment of the doctrine of the Kingdom of God. It is a comprehensive review of this crucial symbol, as well as a careful analysis of its meaning, and a creative interpretation of the Kingdom motif for the church and Christians in our age. 'The Kingdom of God begins by analyzing the background of this idea in Hebrew scripture and tradition, and in the preaching of Jesus. Fuellenbach explores how this elusive phrase presents a specific, comprehensive view of reality, and a goal for transforming the world. In Fuellenbach's reading, the Kingdom forms the core of Christian faith and the reference point of all theology, spirituality, and apostolic activity. Fuellenbach pays special attention to the relationships among Kingdom, Church, and World, arguing that with the Kingdom, Jesus proclaimed a vision that embraces God, humankind, and the whole of creation in the single most comprehensive vision of reality imaginable. 'The Kingdom of God' is balanced and nuanced in its scholarship, but also vigorous and courageous in taking positions sure to provoke debate. For example, Fuellenbach argues that the word Kingdom is to be preferred over the word Reign, despite critiques that find the word problematic in its patriarchal connotations. Designed for and tested in classrooms worldwide, *The Kingdom of God* will be particularly useful in both scripture and theology courses. It holds much food for thought for religious educators, pastoral workers, clergy, and others who wish for a clear, systematic understanding of Jesus' vision of the Kingdom now and to come. **Sharing Friendship Exploring Anglican Character, Vocation, Witness and Mission** Routledge *Sharing Friendship* represents a post-liberal approach to ecclesiology and theology generated out of the history, practices and traditions of the Anglican Church. Drawing on the theological ethics of Stanley Hauerwas, this book explores the way friendship for the stranger emerges from contextually grounded reflection and conversations with contemporary Anglican theologians within the English tradition, including John Milbank, Oliver O'Donovan, Rowan Williams, Daniel Hardy and Anthony Thiselton. Avoiding abstract definitions of character, mission or friendship, John Thomson explores how the history of the English Church reflects a theology of friendship and how discipleship in the New Testament, the performance of worship, and the shape of Anglican ecclesiology are congruent with such a theology. The book concludes by rooting the theme of sharing friendship within the self-emptying kenotic performance of Jesus' mission, and looks at challenges to the character of contemporary Anglican ecclesiology represented by secularization and globalization as well as by arguments over appropriate new initiatives such as Fresh Expressions. **The Christian Evangelist Go Therefore and Make Disciples in Your Own Community!** Matthew 24:14 English Standard Version (ESV) 14 And this gospel of the kingdom will be proclaimed throughout the whole world as a testimony to all nations, and then the end will come. Of course, Jesus would not have doubted his own words, because he had foreknowledge that they would be fulfilled in the whole world before the end came. Jesus would have known that, in time, an army of disciples would eventually respond to the leading of the Holy Spirit. (Ps. 110:3) What would this army of disciples do? They would effectively evangelize the whole world, from their community outward. While we do not know the day, nor the hour of Jesus' return (Mark 13:32), one sign of that return will be true Christianity entering the arena of the evangelism work, in a major way. While it has yet even to begin, what role can you play in getting it underway? The purpose of this series, *The Christian Evangelist*, is found within the subtitle, i.e., to go therefore and make disciples in our own community. The obligation of every Christian is to proclaim the Good News, teach Bible doctrine, and make disciples. Keep in mind that Jesus is coming at the day and hour that we do not know. He specifically asks, "When the Son of Man comes, will he find faith on earth?" Luke 18:8 While it is true that evangelists have written some books over the last 20 years, which recommend that we refocus our energy from the missionary field to our own local communities outward, it has been slow to take hold. The need to get onboard with this objective is imperative, yet many have been slow to respond, if at all. Hence, in view of the work that lies ahead, that of proclaiming the Good News, teaching, making disciples, let us make the best of the time that remains. We need a tool to help us along the way. The author of this series has penned a book for Christians and their congregation, which will enable them to begin an evangelism program. You can help by reading this book yourself, and then promoting it to your congregation. **THE EVANGELISM HANDBOOK: How All Christians Can Effectively Share God's Word in Their Community**, is a practical guide (for real life application) in aiding all Christians in sharing biblical beliefs, the Good News of the Kingdom, how to deal with Bible critics, overturning false beliefs, so as to make disciples, as commanded by Christ. (Matthew 28:19-20) After a Christian or a church has completed *The Evangelism Handbook*, this series, *The Christian Evangelist* is designed as evangelism food, to sustain continued growth. **THE HOLY SPIRIT All Who Are Led by the Spirit of God Are Sons of God** Christian Publishing House **THE HOLY SPIRIT** book is a combination of Z. It also gives statistics of Jewish communities. **Narratives of a Vulnerable God Christ, Theology, and Scripture** Westminster John Knox Press "This is a book we urgently need!...Those who cling to the notion that theology is dull and remote must be warned away from Placher's lively prose".....Beverly R. Gaventa, Associate Professor of New Testament, Princeton Theological Seminary **Acts (Baker Exegetical Commentary on the New Testament)** Baker Books Respected New Testament

scholar Darrell L. Bock provides a substantive yet highly accessible commentary on Acts in this latest addition to the acclaimed BECNT series. With extensive research and thoughtful chapter-by-chapter exegesis, Bock leads readers through all aspects of the book of Acts--sociological, historical, and theological. His work blends academic depth with readability, making it a useful tool for students, teachers, scholars, and pastors alike. A user-friendly design with shaded text and translations of the Greek text make this commentary engaging and easy to use. The result is a guide that clearly and meaningfully brings this important New Testament book to life for contemporary readers. **CHRISTIAN THEOLOGY What the Bible Teaches About the Holy Spirit** Christian Publishing House Torrey, Andrews, and Sweeney have taken deep theological subjects and made them easy to understand. **CHRISTIAN THEOLOGY: What the Bible Teaches about the Holy Spirit** has eighteen chapters. Chapter 1 begins with the Personality of the Holy Spirit, followed by the Deity of the Holy Spirit, the Distinction of the Holy Spirit from the Father and the Son, the Subordination of the Holy Spirit to the Father and the Son, the names of the Holy Spirit, the Work of the Holy Spirit, the Baptism and Filling with the Holy Spirit, the Work of the Holy Spirit in the Prophets and the Apostles, the Work of the Holy Spirit In Jesus Christ, the Spirit and Christians, How are Christians to Understand the Indwelling of the Holy Spirit, the Holy Spirit in the First Century and Today and finally some Parting Words about the Holy Spirit. The advantage of **CHRISTIAN THEOLOGY** is enormous: each thought-provoking chapter is based soundly in God's Word, helping the reader to cultivate a sound biblical foundation. Whether you are a student, pastor, teacher, youth worker, or layperson, this publication is a fantastic tool for understanding the Basic Bible Doctrines of the Christian Faith, in the light of solid Scriptural truth. All chapters in the book come from extensive research as to What the Bible Teaches about the Holy Spirit. **CHRISTIAN THEOLOGY: What the Bible Teaches about the Holy Spirit** is the third of five volumes. **Is the Bible Really the Word of God? Myths? Errors? Contradictions? Scientifically Inaccurate?** How can a person be sure that the Bible, the basis for knowing the future, truly is from God? Confidence in the entire Bible as God's Word continues to be a cornerstone of the beliefs for many Christians. However, the Bible critic (atheist, agnostic, liberal Christians, other religions), has taken on an evangelistic spirit far greater than those of the conservative Christian. We are inundated with billboards, books, magazines, websites, radio interviews, television interviews, movies, and many other avenues that are used to contribute to doubt and spiritual shipwreck. **Is the Bible Really the Word of God?** Millions of persons need to have their questions answered if they are going to accept the Bible as being the Word of God. For example, they want to know: **Is the Genesis account of creation fact or fiction? Was there an earth-wide flood? Can you expect secular history always to agree with the Bible? Are the miracles of the Bible true? Does the Bible contradict itself? Is the Bible practical for our day? Because of living in a materialistic, faithless world, many persons today need help if they are to accept the Bible as God's inspired Word. Convincing evidence is required to aid them. Now, in this one book, you will find an array of convincing facts, real evidence showing that the Bible is truly God's Word. Have you ever been asked the question, "How can we be sure that the Bible is not just an ordinary book written by wise men of the past?" What answer could you offer? Equip yourself with many convincing proofs of the Bible's divine origin. This book will fill a real need for honest-hearted persons who sincerely want to know. Among its challenging chapters are those answering these questions: "Genesis Account of Creation-Fact or Fiction?" "Was There an Earth-wide Flood?" "The Bible and Ancient History-Do They Agree?" "Are the Miracles of the Bible True?" "Does the Bible Contradict Itself?" "Is the Bible Practical for Our Day?" "Do Christendom's Churches Represent the Bible?" We encourage you to examine carefully the evidence presented in this book. Some of its chapters will discuss often-heard criticisms of the Bible. Is the Bible unscientific? Does it contradict itself? Does it contain real history or just myth? Did the miracles recorded in the Bible really happen? Logical evidence is presented to answer these questions. After this, powerful demonstrations of the Bible's divine inspiration are discussed: its prophecies, its deep wisdom, and the remarkable effect it has on people's lives. Finally, we will see what effect the Bible can have on your life. **Church on the Way Hospitality and Migration** Wipf and Stock Publishers The practice of Christian hospitality reaches back to the early centuries of Christian life as well as deep into Jewish history, life, and Scripture. This practice is alive today in Christian churches and in parachurch organizations within the United States, but new contextual realities--in particular twenty-first-century global migration patterns--have altered the conditions under which hospitality is practiced. The reality of migration and its effect on human lives disrupts static conceptions of hospitality and challenges ecclesial communities toward contextual appropriation of hospitality practice. This volume explores Christian hospitality practice in light of twenty-first-century U.S. Latino/a migration, and it develops the notion of a journeying hospitality of accompaniment with and among persons migrating, which fosters deeper relationships and formation. The shifting identities of persons "on the move" challenge assumptions about what it means to welcome another in hospitality and, ultimately, what it means to be church from within these new relationships. In turn, the new conceptions and expressions of hospitality offered in this book press how the nature and mission of the church will be oriented toward new ecclesial patterns and alternative forms of residing on earth. **Doctrine Systematic Theology Volume 2** Abingdon Press Christian doctrine, McClendon tells us, is no laundry list of propositions to be believed, but is rather an essential practice of the church. Doctrines are those shared convictions which the church must teach and live out if it is to be the church. The author rejects the prevailing assumptions stemming from the rationalism of the Enlightenment, and redefines theology as a discipline within the context of particular religious beliefs and practices of concrete believing communities. McClendon ties the reading of Scripture to the community's understanding of itself and its own mission.**
