The Sun Is a Compass

A 4,000-Mile Journey into the Alaskan Wilds

Hachette UK For fans of Cheryl Strayed, the gripping story of a biologist's human-powered journey from the Pacific Northwest to the Arctic to rediscover her love of birds, nature, and adventure. During graduate school, as she conducted experiments on the peculiarly misshapen beaks of chickadees, ornithologist Caroline Van Hemert began to feel stifled in the isolated, sterile environment of the lab. Worried that she was losing her passion for the scientific research she once loved, she was compelled to experience wildness again, to be guided by the sounds of birds and to follow the trails of animals. In March of 2012, she and her husband set off on a 4,000-mile wilderness journey from the Pacific rainforest to the Alaskan Arctic, traveling by rowboat, ski, foot, raft, and canoe. Together, they survived harrowing dangers while also experiencing incredible moments of joy and grace -- migrating birds silhouetted against the moon, the steamy breath of caribou, and the bond that comes from sharing such experiences. A unique blend of science, adventure, and personal narrative, *The Sun is a Compass* explores the bounds of the physical body and the tenuousness of life in the company of the creatures who make their homes in the wildest places left in North America. Inspiring and beautifully written, this love letter to nature is a lyrical testament to the resilience of the human spirit. Winner of the 2019 Banff Mountain Book Competition: Adventure Travel

Amazing Journeys

Five Visionary Classics

State University of New York Press New, superbly translated omnibus of five of Jules Verne's most renown stories. "One of the best storytellers who ever lived."--Arthur C. Clarke In one dazzling decade, French novelist Jules Verne took readers places they'd never gone before. . . the age of dinosaurs. . . the undersea realm of Atlantis. . . the craters and crevices of the moon. . . and a whirlwind aerial tour of the planet earth! Though he penned his unforgettable yarns in French, Verne plunked big parts of them down in America. And he himself possessed an American sassiness, nerve, and sense of humor, so Americans have returned the compliment: we've released dozens of Hollywood films based on his astonishing tales, and we've created the U.S.S. Nautilus, the NASA space missions, and other technological triumphs that have turned Verne's visions into practical reality. Here are Jules Verne's best-loved novels in one convenient omnibus volume, but with a huge difference. This book features new, accurate, accessible, and unabridged translations of these five visionary classics, translations that are complete down to the smallest substantive detail, that showcase Verne's farseeing science with unprecedented clarity and accuracy, capture the wit, prankishness, and showbiz flamboyance of one of literature's leading humorists and satirists. This is a Verne almost completely unknown to Americans. . . yet a Verne who has an uncannily American mindset! So these heroes and happenings are part of our heritage: Phileas Fogg chugging across the wild, wild west. . . the impossible underground journey of Professor Lidenbrock. . . the deep-sea exploits of secretive Captain Nemo. . . and a moon shot so realistic, it inspired U.S. astronaut Frank Borman a full century later. Jules Verne was a science buff with a showbiz background, and finally these classic storieess have a translator with the same orientation: Frederick Paul Walter is one of America's foremost Verne scholars. . . But he's also a scriptwriter, broadcaster, and part-time fossil hunter! Enriched with dozens of classic illustrations, *The Amazing Journeys of Jules Verne* will be a family favorite in every home library. Jules Verne was born in 1828 into a French lawyering family in the Atlantic coastal city of Nantes. Though his father sent him off to a Paris law school, young Jules had been writing on the side since his early teens, and his pet topics were the theater, travel, and science. Predictably enough, his legal studies led nowhere, so Verne took a day job with a stock brokerage, in his off hours penning scripts for farces and musical comedies while also publishing short stories and novelettes of scientific exploration and adventure. His big breakthrough came when he combined his theatrical knack with his scientific bent and in 1863 published an African adventure yarn, *Five Weeks in a Balloon*. After that and till his death in 1905, Jules Verne was one of the planet's best-loved and best-selling novelists, publishing over sixty books. In addition to the five visionary classics in this volume, other imaginative favorites by him include *The Mysterious Island*, *Hector Servadac*, *the Begum's Millions*, *Master of the World*, and *The Meteor Hunt*. Verne ranks among the five most translated authors in history, along with Mark Twain and the Bible. *Frederick Paul Walter* is a scriptwriter, broadcaster, librarian, and amateur paleontologist. A Trustee of the North American Jules Verne Society, he served as its Vice President from 2000 to 20008. Walter has produced many media programs, articles, reviews, and papers on aspects of Jules Verne and has collaborated on translations and scholarly editions of three Verne novels: *The Meteor Hunt*, *The Mighty Orinoco*, and a special edition of 20,000 Leagues Under the Seas for the U.S. Naval Institute in Annapolis. Known to friends as Rick Walter, he lives in Albuquerque, New Mexico.

The Compass Within

iUniverse The Compass Within—we all have one, some of us are aware of it, some are not—this book is a guide to discovering that compass that exists within all of us, as well as a woman's journey of self-discovery and how her experiences and thoughts can possibly help you through the trying times everyone experiences sometime in our lives. Covering diverse subjects ranging from beating procrastination, avoiding negative influences in our lives, grief, the vicious cycle of debt, how to love and respect others, and more, The Compass Within serves as not only a reflection on these diverse topics, but as a suggestion to an alternative way of approaching life, and making the changes needed to lead a fulfilling and harmonious life. Some of us spend our whole lives looking for answers, but the problem is, do we know how to ask the right question? The Compass Within serves as a template to asking the right questions, and more importantly, providing the insight and direction needed to know what the answers are as they apply to us. The Author decided to write The Compass Within—both as a catharsis, and she hopes, to help others through difficult periods in their lives or suggest an alternative view on it.

The 3 Ways (The Pilgrim's Compass)

Lulu.com

Toward the Journey's End

Wipf and Stock Publishers The Christian life is a journey, as John Bunyan put it in *Pilgrim's Progress*, from the "City of Destruction" to the "Celestial City." The Christian's experiences are many and varied along the way. Sometimes, the Christian seems to be in "green pastures" and sometimes in the "valley of the shadow of death," yet the Shepherd is with him all the time and all the way. We have many blessings but also many trials in this "already but not yet" life. Already we taste something of the joy of heaven and the "powers of the age to come" but we are still beset with sin and weakness and must "keep on keeping on." It is hoped that this volume will bring encouragement to God's people to do just that.

Your Family Compass

Setting Your Course

How to Navigate Your Life's Journey

iUniverse God is very clear about His purposes for you. If you want to live a meaningful life, it must be aligned with His purposes. You have a unique purpose to fulfill, a committed passion to embrace, a role to perform, unique methodologies—a personal toolkit—to employ, and an ultimate contribution to make. In *Setting Your Course*, author Dr. Greg Bourgond seeks to help you set your course, find focus for your life, engage in God's journey for you, and finish your journey well. He employs a three-part process to influence you to live all-out for Christ—the compass, map, and guide: • The compass explains the importance of orienting your life in accordance with established biblical compass points. • The map defines the trajectory you are to follow based on how God has wired you. • The guide stresses the importance of being mentored and mentoring others. *Setting Your Course* helps you formulate a deliberate strategy for determining your purpose; assists you in aligning your life according to God's plan; encourages you to become a proactive partner in fulfilling God's purposes and redemptive activity; and exhorts you to leave a worthwhile legacy in the lives of others.

The South Pole

An Account of the Norwegian Antarctic Expedition in the

BoD - Books on Demand Roald Amundsen, geboren 1872 in der Nähe von Oslo/Norwegen, gehört zu den bekanntesten und bedeutendsten Polarforschern überhaupt. Seine Reisen in die Arktis und Antarktis brachten der Wissenschaft große Erkenntnisse, immerhin war er der erste, der die Nordwestpassage durchfuhr und sowohl den geografischen Nord- sowie auch Südpol erreichte. Die Erforschung der arktischen Teile der Welt gehörte zu den höchsten Zielen der Polarforscher, das Erreichen dieser Erdteile wurde unter ihnen wettkampftartig ausgetragen. Nachdem Robert Edwin Peary behauptete, als erster den Nordpol erreicht zu haben, entschloss sich Amundsen fast zeitgleich mit Robert Falcon Scott kurzerhand für die Expedition zum Südpol, welchen er auch vor seinem Konkurrenten am 14. Dezember 1911 erreichte. In diesem Buch sind alle Geschehnisse rund um die Expedition zum Südpol geschildert. Hierbei handelt es sich um eine englischsprachige Ausgabe.

Just Compass

BalboaPress Eddie's spontaneous awakening experience changed him overnight, forever. Walk with Eddie through what would turn out to be his journey of spiritual awakening, as his two mindsets battled between 'this is it!' and 'is this it?' Follow Eddie's journey as he constantly questioned what was going on—as he embarked on a quest with no idea where it was headed. Would he ever get to understand what was happening to him before being consumed again by the so-called real world? As amazing as Eddie's story was, he soon came to realize that it was perhaps too far-fetched to be understood. But fortunately for Eddie, someone was there to listen—to reassure him he wasn't just going mad and to help fulfill Eddie's newfound dream of getting his words published. Written entirely from the heart, Just Compass is as raw and profound as it is magical, leaving many in disbelief that just 'one of us' could possibly have all this to share from ... well, nowhere. After all, Eddie is just a normal family man—a full-time builder with kids, a mortgage and plenty of bills! Everything described in Just Compass is true—real events with real people in real places, nothing added or taken away. There are funny bits, sad bits, rude bits, and even made-up words. Eddie gives it to us as it came to him. Wherever it all emerged from may always be a mystery, but one thing is for sure: Eddie feels fantastic for it. This feeling has given him a passion to share with you his experience to comfort you in your own journey of awakening.

The Values Compass

[*THE SUNDAY TIMES BUSINESS BESTSELLER*] What 101 Countries Teach Us About Purpose, Life and Leadership

Hachette UK --THE SUNDAY TIMES BUSINESS BESTSELLER-- --Selected for the Thinkers50 Radar list-- --HIGHLY COMMENDED at the Business Book Awards 2021-- The Values Compass takes us into the hearts, minds, and traditions of the cultures and people of the world. It demonstrates how interconnected we are and how the divisions that exist between us stem from narrow self-interest rather than concern for the good of our human family. I hope that the book will contribute to making our world a happier place.' The Dalai Lama 'The Values Compass is a fresh, engaging and eye-opening guide to understanding ourselves and others in the most profound and practical ways.' Deepak Chopra Every day, whether we acknowledge it or not, we make decisions based on what we believe in. The choices, challenges, or opportunities facing us - and how we engage with them - in politics, family, relationships, work, and play reveal something important about our character, desires, and personality to ourselves and to others. When those values align and are shared by a single population, they have the power to transform a nation and teach the world valuable lessons about success. In The Values Compass, Mandeep Rai explores this concept by taking 101 distinct countries and identifying a single key value in each that is represented throughout its history, geography, and culture in the hope that we may find a way to incorporate those values into our own lives. From India's 'faith' to Vietnam's 'resilience', Argentina's 'passion' to Singapore's 'order', Australia's 'mateship' to Uganda's 'heritage' and from Malta's 'community' to Sri Lanka's 'joy', we may all find something of ourselves in others and succeed together as a result. This is an insightful and readable collection of profiles that open our eyes to the world around us, and in turn help us reflect on which values matter, last, and have the power to create change.

Every Traveller Needs a Compass

Travel and Collecting in Egypt and the Near East

Oxbow Books A varied and charming collection of 17 papers that bring something new about the people from many countries and backgrounds who traveled to, from and within Egypt and the Near East, either singly or as a group, and explored, observed and recorded, or stayed for a short period of time to improve their health or simply to enjoy the experience. While some travelers kept a diary or journal that has survived until today, others did not. Their travels have to be extracted from the wide range of manuscript sources that are thankfully retained in libraries and archives, or which still remain with their descendants. Sometimes, the name of a traveler is only contained in a few words within a single piece of correspondence or journal entry, yet from such small beginnings and through detective work to link the chance meetings between travelers with a location, or news of a shared event, it is often possible to chart part of a traveler's journey and bring to life a person who has long been forgotten. These minor characters and their travails often bring a new perspective to well-known places and events.

Bomb, Book and Compass

Joseph Needham and the Great Secrets of China

Penguin UK Before fate intervened, Joseph Needham was a distinguished biochemist at Cambridge University, married to a fellow scientist. In 1937 he was asked to supervise a young Chinese student named Lu Gwei-Djen, and in that moment began the two greatest love affairs of his life - Miss Lu, and China. Miss Lu inspired Needham to travel to China where he initially spent three dangerous years as a wartime diplomat. He established himself as the pre-eminent China scholar of all time, firm in his belief that China would one day achieve world prominence. By the end of his life, Needham had become a truly global figure, travelling endlessly and honoured by all - though banned from America because of his politics. And in 1989, after a fifty-two year affair, he finally married the woman who had first inspired his passion. The Magnificent Barbarian is Simon Winchester at his best - at once a

magnificent portrait of one man's remarkable life and a riveting exploration of the country that so engaged him.

The Dumnonian Compass

The Journeys Into Dumnonia

Shawline Publishing Group Darcy Bennett just wants to be normal. Normal clothes, normal friends, a normal life... But between her parent's antics and the mysterious creatures that keep turning up, 'normal' is not happening for her. Darcy is the daughter of two eccentric, and obsessive archaeologists, who are so work focussed, they often seem to forget she exists. On a family holiday to Cornwall, Darcy discovers there is a task before her and it is hers alone; one that challenges her ideas about the world and more so, about herself. In exploring the strange happenings, Darcy becomes trapped in an alternate world where the rules are vastly different from those she knows. Sent on a journey by a stranger, Darcy begins to understand that being true to herself is more important than 'fitting in', and friends can be made in the most unlikely of places. She realises her physical journey is to find a way back home; yet her emotional discovery is to value real love, true loss and the knowing of the right things; this is the hardest path for Darcy to travel... "A coming-of-age story blended with wonderous and enlightening places and beings that create an overall tale of enjoyment that Lewis Carroll himself would love...well done on this exceptional book and I do look forward to continuing the story with Darcy soon..." Journey Within the Human Womb

Independently Published Sometimes while searching a course, there is a silent and timely fight between the compass and the dream ... The compass indicates to the North of the journey to be accomplished while the dream strives to place (healthy) sticks in the wheels, for the greater good, naturally, of discovery, the unexpected and certain revelation...Our hero, although quite common, experienced this initiation journey. He took the path of scholars, looking for some kind of chimeric guru, and later on had several encounters, some richer than others. But his journey has the characteristic that it takes place not on the moon, on a mystery island, in a balloon adrift at the world's mercy, or even in the centre of the earth itself ... No! This journey shall take place in the human womb, this human womb we claim to know so well, and yet it is still a stranger for us, a paradoxical place where discrete beings hide to operate the pulleys of our ontological disguises...

Points of a Compass

An American Educator's Journey

An autobiography by Robert M. Berdahl, a historian and university administrator at four major universities. Berdahl was president of the University of Texas at Austin and chancellor of the University of California, Berkeley. Pure Pilgrimage

A Journey Back to Self, Using Personal Truth as Your Compass

A Journey Into the Clarity of Who You Really Are Have you ever been afraid to speak your truth? After years of compromise and not always being her authentic self, Chental Wilson finally figured out she had to follow her own compass, no matter what! A compass, pointing north, only gets pulled off its course by magnetic interference. What if we had our own personal compass and what if we could learn how to consciously navigate our lives from it? Chental Wilson has discovered how to follow her own compass guided by truth, and she wants to help you do the same. Who is this book for? Pure Pilgrimage was written for conscious truth seekers who yearn for greater self-understanding and personal growth. This book is for you if you: Have difficulty speaking your truth Feel that you can't be yourself Don't feel heard by others Are afraid to say what you think Avoid conflict Doubt your own intuition You always try to keep the peace and end up not being your authentic self In the early 2000s, the author had an epiphany that offered her a deep understanding of the wounds of her past and how she had let them stop her from living as her true self. The results of this experience were transformational, particularly for her long-time marriage and other close relationships. Any and all fear to communicate her deepest self had vanished and she was now free to not only speak her truth, but also to finally love and accept herself unconditionally. We each are born with our own compass and course. People around you have the ability to pull you off course. This book will show you how to stay on your own course, while still keeping those you love close by. Some of the practical topics discussed in this book include how to: speak your truth with compassion in any situation, dispel all fears and doubts you may have about yourself, express yourself clearly and confidently from your heart, be received openly by others, find intimacy in conflict welcome conflict as an opportunity for growth, trust, love and accept yourself unconditionally, and deliver your truth fearlessly! By exploring these themes, you will finally understand why life wasn't working out for you - you were following someone else's compass course. And you'll discover, using practical steps driven by your truth, to finally follow your own compass. The great teachers of the past have taught this secret, but it was difficult to understand. Wilson has decoded this mystery by using one tool: the truth. In this pragmatic guide to becoming more conscious, she shares her seven steps to live a full, happy, authentic life, complete with honest and clear communication in relationships. Pure Pilgrimage offers exercises and stories from the author's own experience as well as wisdom from other teachers. This book is an inspiring guide to anyone who wants to learn to dispel fear, speak their truth with compassion, and understand more about life and themselves. If you are not feeling content, at peace, or happy with your life, or if you are ready to live from your truths and be guided by your own inner compass, this book may have the answers you have been looking for. Pure Pilgrimage will set you free!

Compass Travel Journal

Distant lands, exotic sites, interesting people, unusual food ... travel beckons the individual. A beacon leading the weary to a distant shore, offering relaxation, recuperation and relief from the daily routine. This journal provides the traveler a place to record the trips, adventures and memories. This is the place to document the moments in time, capturing forever the spirit of the vacation and the people sharing the experience. Each memory page has space for the Date, Location and Travel Companions, as well as plenty of room for jotting down the impressions, feelings and reactions to the adventure. Perhaps you'll want to write down quotable comments your companions make. Perhaps the directions to that hidden cafe with the spectacular view of the bay need recorded for future reference. This journal is the story of your travels, make it your own.

Progression of a Journey on the Planet H1

A Reflection for Living on Earth

Young life is a journey through the unknown world. The beginners realize the future conditions that they have not journeyed through it. Most of them know what the ideal world is. To make a decision is based on their own beliefs. It has been a fact that the real world was not ideal. It is good if there is a book that tells more information about the real world for beginners. So young travelers will be able to know, prevent, develop, and prepare before the time of life journey begins. This book tells information through the journey on the imaginary planet. It is a reflection for realizing some crucial information that young life travelers have not walked through the entire life journey. Some adults may know this information because of life experience, but they can read and tell anyone who they care about. Some information is like these below. -Features of the five multi-worlds of life, including the ideal world, the dark world, the light world, the real world, and the one's inward world. -Life Journeys through the profession for living and mobility. -Reasons for a sentence, life is a journey. -Difference between the ancient journey and the modern journey. -Life is also a game that every life is hard to avoid competitions. -Types of obstacles in the life game and guidelines to overcome them. -To visualize the maps of life journey.

The Moral Compass

Stories for a Life's Journey

More than two million readers have used The Book of Virtues, the nationwide #1 bestseller by William J. Bennett, to help their families learn the essential traits of good character. The Moral Compass, the inspiring and instructive companion volume to The Book of Virtues, offers many more examples of good and bad, right and wrong, in great works from literature and in exemplary stories from history. Organized by the stages along life's journey, these stories and poems serve as reference points on a moral compass, guiding the reader through the ethical and spiritual challenges along the pathway of life: leaving home, entering into marriage, easing the burdens of others, nurturing one's children, and fulfilling the obligations of citizenship and leadership. Drawn from familiar Western history and mythology as well as a wide selection of tales and folklore from Asia, Africa, and Latin America, the stories in The Moral Compass are literary and evocative, designed to inspire as well as instruct. Complete with informative introductions and notes, The Moral Compass is an indispensable guide that will help family members meet the challenges of life at any age.

Journey's Lost and Found

iUniverse At the great summer fair in the capital of Sommerhjem, the evil regent has been forced to step down due to the calling of the Gylden Sirklene challenge. The future of the country now hangs in the balance. By a year from the day the challenge was called, all nine pieces of the oppgave ringe need to be delivered to the capital. Two are already there, but seven more need to be found. The street lad, Greer, is lucky to have found a job at Milkin's Stable in the rough and tumble border town of Høyhauger, the only place he has ever known. Ignoring the stable owner's orders to leave one evening, he hides behind a haystack. What he witnesses and what comes into his possession leads Greer to flee with his border dog pup, Kasa, and begin a perilous journey across Sommerhjem. What's more, he is chased by numerous folks who want what he took with him. Coming to from a blow to the head, Meryl finds herself looking into the brilliant green eyes of a griff falcon who urges Meryl to follow her. With no memory of who she is, Meryl ends up partnering with a finder named Finn. What she finds in a small hole in the bluffs places her in danger. In this spellbinding fantasy, both Greer and Meryl are hunted by numerous factions who want what each one has found.
