Small steps and brave choices for a life less distracted

Allen & Unwin An exquisitely photographed exploration of what it is to find purpose, joy and connection in the simple things. 'In a time of infinite choice and possibility, Jodi has provided a grounded road map to becoming a grateful, settled soul.' Alexx Stuart, author of Low Tox Life 'I'm not here to nag you and tell you that you need to live with less stuff. Nor will I tell you that owning less is a sure and certain path to happiness. But let me tell you what it's like to carry all you own with you ... to reduce your consumption and increase your free time and to realise that everything you need in life can fit in a caravan along with those you love most ...' It is natural to fear uncertainty. But what if you embraced it, listened to your intuition and made the tiny or big decisions to slow life right down? What if you had more space in your life for connection to nature and those around you? What if you stepped off the treadmill and forged a new path? In Practising Simplicity, author and photographer Jodi Wilson shines a light on all the best things in life that don't cost money and how you can incorporate them into your lifestyle, whatever your circumstances. For her, the simplicity of living in a tiny home on wheels was at first terrifying but ultimately the essential answer to anxiety and overwhelm. A beautiful, unflinching encouragement to let go of the unnecessary, Practising Simplicity inspires us to celebrate the simple yet extraordinary joys that make life meaningful.
