Cab drivers are quoted by newspaper columnists, politicians, and at dinner parties; yet a hard look at the profession and its role in the transportation system of the city has been completely lacking. Vidich brings out in clear language the conflicts between the cab driver's position as a dispenser of a public service and his needs as a working person subjected to violence and pressure. It is difficult to imagine a more enjoyable introduction to an industry whose members are a folk tradition. At the same time, this book provides insight into the history and sociology of an important urban institution. It is a book about cab drivers everywhere; and cab drivers and fares in all cities have a new handbook in this volume. **Title 40 Protection of Environment Parts 87 to 95 (Revised as of July 1, 2013) 40-CFR-Vol-21** *IntraWEB, LLC and Claitor's Law Publishing* **40 CFR Protection of Environment Code of Federal Regulations, Title 40, Protection of Environment, Parts 87-99, Revised as of July 1, 2009** *Government Printing Office* **Code of Federal Regulations, Title 40, Protection of Environment, PT. 87-95, Revised as of July 1, 2012** *Government Printing Office* **Fleet Owner's 1981-1982 Trucking Handbook ANL/CNSV South African Fleet Owner The Retrofit Puzzle Optimal Fleet Owner Behavior in the Context of Diesel Retrofit Incentive Programs Laws of the State of New York Surface Transportation Safety Measures Hearings Before a Subcommittee of the Committee on Interstate and Foreign Commerce, United States Senate, Eighty-Fifth Congress, First Session ...
