An Indian Englishman

[Lulu.com](#) John Travers Mends (Jack) Gibson was born on March 3, 1908 and died on October 23, 1994 at the age of 86. In some ways, Jack was the last Indian Englishman. He came ten years before independence and stayed on 47 years after it, rendering dedicated service to the country of his adoption for 57 years. Jack's journey started as a school teacher at The Doon School. He was the last English Principal of Mayo College and the last English President of the Himalayan Club. He was the last, and for most of the time the only English resident of Ajmer. He must have been just about the last Englishman to have been honored by both the British and Indian Governments. Brij Sharma is a journalist based in Bahrain. Unfinished Business

Notes of a Chronic Re-reader

Farrar, Straus and Giroux **A New York Times Book Review Editors' Choice. One of Library Journal's Best Books of 2020. One of our most beloved writers reassess the electrifying works of literature that have shaped her life I sometimes think I was born reading . . . I can't remember the time when I didn't have a book in my hands, my head lost to the world around me. Unfinished Business: Notes of a Chronic Re-reader is Vivian Gornick's celebration of passionate reading, of returning again and again to the books that have shaped her at crucial points in her life. In nine essays that traverse literary criticism, memoir, and biography, one of our most celebrated critics writes about the importance of reading—and re-reading—as life progresses. Gornick finds herself in contradictory characters within D. H. Lawrence's Sons and Lovers, assesses womanhood in Colette's The Vagabond and The Shackle, and considers the veracity of memory in Marguerite Duras's The Lover. She revisits Great War novels by J. L. Carr and Pat Barker, uncovers the psychological complexity of Elizabeth Bowen's prose, and soaks in Natalia Ginzburg, "a writer whose work has often made me love life more." After adopting two cats, whose erratic behavior she finds vexing, she discovers Doris Lessing's Particularly Cats. Guided by Gornick's trademark verve and insight, Unfinished Business is a masterful appreciation of literature's power to illuminate our lives from a peerless writer and thinker who "still read[s] to feel the power of Life with a capital L."**

Audionarratology

Interfaces of Sound and Narrative

Walter de Gruyter GmbH & Co KG Audionarratology is a new 'postclassical' narratology that explores interfaces of sound, voice, music and narrative in different media and across disciplinary boundaries. Drawing on sound studies and transmedial narratology, audionarratology combines concepts from both while also offering fresh insights. Sound studies investigate sound in its various manifestations from disciplinary angles as varied as anthropology, history, sociology, acoustics, articulatory phonetics, musicology or sound psychology. Still, a specifically narrative focus is often missing. Narratology has broadened its scope to look at narratives from transdisciplinary and transmedial perspectives. However, there is a bias towards visual or audio-visual media such as comics and graphic novels, film, TV, hyperfiction and pictorial art. The aim of this book is to foreground the oral and aural sides of storytelling, asking how sound, voice and music support narrative structure or even assume narrative functions in their own right. It brings together cutting-edge research on forms of sound narration hitherto neglected in narratology: radio plays, audiobooks, audio guides, mobile phone theatre, performance poetry, concept albums, digital stories, computer games, songs.

Political Anxiety in Golden Age Children's Classics and Their Contemporary Adaptations

[Walter de Gruyter GmbH & Co KG](#) As striking, counter-intuitive and distasteful as the combination of children and anxiety may seem, some of the most popular children's classics abound in depictions of traumatic relationships, bloody wars and helpless heroes. This book draws on Freudian and Lacanian anxiety models to investigate the psychological and political significance of this curious juxtaposition, as it stands out in Golden Age novels from both sides of the Atlantic and their present-day adaptations. The stories discussed in detail, so the argument goes, identify specific anxieties and forms of anxiety management as integral elements of hegemonial middle-class identity. Apart from its audacious link between psychoanalysis and Marxist, feminist, as well as postcolonial ideology criticism, this study provides a nuanced analysis of the ways in which allegedly trivial texts negotiate questions of individual and (trans)national identities. In doing so, it offers a fresh look at beloved tales like Alice's Adventures in Wonderland, The Wizard of Oz and Peter Pan, contributes to the dynamic field of adaptation studies and highlights the necessity to approach children's entertainment more seriously and more sensitively than it is generally the case.

In Search of Snow

A Novel

[University of Arizona Press](#) In the hot Arizona desert of the late 1950s, Mike McGurk comes of age in one big, riotous gush. Trapped pumping gas at a desolate roadstop, he yearns for things he has never known: love, hope, and the soft, white calmness of snow. Mike's world is filled with a menagerie of quirky characters, who cope with the weight of their unfulfilled dreams with bravado, humor, and violence. Mike trades snappy insults with his macho father, Texaco Turk McGurk, a moustachioed amateur boxer and self-proclaimed war hero who is unable to talk about love. Mike lusts after Lily, his seductive, poem-writing cousin. He cowers before and then confronts the vicious Ramses, grandson of Mr. Sneezy, the wisecracking Apache. And he is rescued by his best friend, Bobo, who delivers him into the care of the loving and generous Mama and Papa Garcia. In Search of Snow is an explosive coming-of-age adventure, full of hilarious episodes and still, poignant moments. Like a blue-collar Don Quixote, Mike must blow up his windmills before he can set off to find the things he lacks, especially the snow that will temper the passion he has just set aflame.

Letters from Rifka

Henry Holt and Company (BYR) From Newbery media winner Karen Hesse comes an unforgettable story of an immigrant family's journey to America. "America," the girl repeated. "What will you do there?" I was silent for a little time. "I will do everything there," I answered. Rifka knows nothing about America when she flees from Russia with her family in 1919. But she dreams that in the new country she will at last be safe from the Russian soldiers and their harsh treatment of the Jews. Throughout her journey, Rifka carries with her a cherished volume of poetry by Alexander Pushkin. In it, she records her observations and experiences in the form of letters to Tovah, the beloved cousin she has left behind. Strong-hearted and determined, Rifka must endure a great deal: humiliating examinations by doctors and soldiers, deadly typhus, separation from all she has ever known and loved, murderous storms at sea, detainment on Ellis Island--and is if this is not enough, the loss of her glorious golden hair. Based on a true story from the author's family, Letters from Rifka presents a real-life heroine with an uncommon courage and unsinkable spirit.

Bugles and a Tiger

My life in the Gurkhas

[Hachette UK](#) The first of John Master's evocative memoirs about life in the Gurkhas in India on the cusp of WWII John Masters was a soldier before he became a bestselling novelist. He went to Sandhurst in 1933 at the age of eighteen and was commissioned into the 4th Gurkha Rifles in time to take part in some of the last campaigns on the turbulent north-west frontier of India. John Masters joined a Gurkha regiment on receiving his commission, and his depiction of garrison life and campaigning on the North-West Frontier has never been surpassed. **BUGLES AND A TIGER** is a matchless evocation of the British Army in India on the eve of the Second World War. Still very much the army depicted by Kipling, it stands on the threshold of a war that will transform the world. This book is the first of three volumes of autobiography that touched a chord in the post-war world.

Bloody Pacific

American Soldiers at War with Japan

Palgrave Macmillan **Bloody Pacific** tells the real story of the attitudes and behaviour of American fighting men in the war against Japan, revealing much about the nature of this terrifying conflict that has until now remained unknown. Based on years of research and using countless unpublished diaries and letters, Schrijvers sweeps across the battlefields, from the desperate stand at Guadalcanal to the tragic sinking of the USS Indianapolis, and from the daunting spaces of the China-Burma-India theatre to the fortress islands of Iwo Jima and Okinawa. In a manner that is often unsettling, **Bloody Pacific** brings to life the GIs' epic struggle with suffocating wilderness, debilitating diseases, and Japanese soldiers choosing death over life. Amid the frustration and despair of this war, American soldiers abandoned themselves to an escalating rage against nature and man - and prayed for the bombs that would wipe away Hiroshima and Nagasaki.
