### SAMSUNG GALAXY S20 & S20 PLUS

#### 2020-2021 USER'S GUIDE TO MASTER YOUR SAMSUNG GALAXY. 40 BEST TIPS AND TRICKS FOR YOUR ANDROID PHONE INCLUDED

---

Samsung Galaxy S20 & S20 Plus 2020-2021 User's Guide to Master Your Samsung Galaxy. 40 Best Tips and Tricks for your Android Phone Included The company decided to reboot its flagship lineup, stepping from the Galaxy S10 directly to the Galaxy S20. By naming the new model S20, Samsung first of all broke the associative link of its products with the lineup of its main competitor - Apple iPhone. The company was constantly in the role of "catching up", releasing its flagship with a similar index with a delay of half a year. Let me remind you that the iPhone 11 was introduced back in September 2019 and the Galaxy S11 would again feel a bit late. In addition, in the new line, for the first time since the announcement of the Galaxy S6 Edge in 2015, Samsung has changed a key design element of its flagships, almost completely eliminating the curved display edges. Samsung Galaxy S20 became the first smartphone in the S-line, which lost the 3.5 mm jack, but received support for eSIM (built-in SIM card). Also, for the first time in many years, the company changed the matrix of its cameras to a new sensor from Sony - the IMX555 model. And, of course, this is the first time a new display with a refresh rate of 120 Hz is used. I disagree with those who don't see much change in the Galaxy S20 over previous models. These differences exist and they are quite serious. Rather, the question is different - isn't the new model a "step forward and two steps back"? There is a lot of criticism on the web about new products, especially the Galaxy S20 Ultra. You will learn from our book: Samsung S20, S20 Plus, and S20 Ultra. Everything you need to know about the newest smartphone. Information about the smartphone. Its size, design, CPU and power etc. Tips & Tricks to set up on your new smartphone. Useful Tips & Tricks And another useful information. Download your copy of "Samsung Galaxy S20 & S20 Plus" by scrolling up and clicking "Buy Now With 1-Click" button.
