Animals Are Dicks!

The Adult Coloring Book of Swear Words, Curse Words, Profanity and Other Dirty Stuff!

Createspace Independent Publishing Platform **How to use the Animals are Dicks Coloring Book... [UNCENSORED Edition] - That means it's full of Swear Words, Curse Words, Profanity and a ton of other vulgar shit. You've been**

warned! This is a coloring book devoted to each and every one of us. We can all use a good giggle every now and then, so this is how we can do it in a fun way! Renew your love of animals and coloring with this fun journey through the forest with some funny, often thought provoking phrases and quotes along the way. Animals can really be dicks. Every time some fish jumps out of a boat and hits a fisherman, or a bird purposely takes a dump on your newly washed car . . . you know it's not accidental. For every cute kitten's glance there is a sinister cat lurking in the shadows, peeing and smearing little cat turds all over the house. For every wonderful puppy, there is some stinky little bastard sliding across your carpet with their smelly ass leaving a trail. So we thought we would take you inside the mind of the animal kingdom! We guarantee you . . . you've never shared the joy of animals quite like this. This book has been a collaborative effort between artists, designers, and psychologists. This book not only soothes you, but also increases mental stimulation. The pictures and designs may seem random at first glance, but they're anything but. We also added some really cool coloring pages that are just for you to zone out after reading our madness. We think you'll love the designs and create some incredible pieces of art! Our idea with this project was to both inspire you, and increase neuronal activity and stimulation in a way that activates very unique parts of your mind. There are fields of research suggesting that both children and adults who work with coloring books and designs can effectively raise their IQ. So have fun, relax, let the markers and pens do what they will, and hang on for an incredible, mind altering ride! We hope to give the designer (you) a very introspective and mind expanding experience. To help you bring your full art and color to life, we've left the outlines slightly gray instead of harsh black. Your ideas and the beauty you create are more important than the original designs. This is for you!

MARKER NOTE: If you feel like using markers, we suggest Staedtler Triplus Fineliner marker pens. They're easy to use and are very good when it comes to bleeding issues. We've chosen a paper that we feel offers the best compromise between durability and brightness so that your ideas come to life without being encumbered by the paper. * Also, place a piece of white paper underneath your current pages to soak up any extra ink! Depending on the markets you choose, there may be a little bleed through. The piece of extra paper will also assist you in leaving just the right amount of color on the current page you're working on. * **PLEASE SHARE** your work with us. Simply go to Amazon and leave a review and it will allow you to post your own pictures! We want to see what you've got. And each week we will choose one of the images as our best in class and you'll receive one of our new coloring books absolutely **FREE!** Just color, Post, and win!

Go the F**k to Sleep

Open Road Media **The #1 New York Times Bestseller: "A hilarious take on that age-old problem: getting the beloved child to go to sleep" (NPR). "Hell no, you can't go to the bathroom. You know where you can go? The f**k to sleep."** Go the Fuck to Sleep is a book for parents who live in the real world, where a few snoozing kitties and cutesy rhymes don't always send a toddler sailing blissfully off to dreamland. Profane, affectionate, and radically honest, it captures the familiar—and unspoken—tribulations of putting your little angel down for the night. Read by a host of celebrities, from Samuel L. Jackson to Jennifer Garner, this subversively funny bestselling storybook will not actually put your kids to sleep, but it will leave you laughing so hard you won't care.

'A thoroughly enjoyable account of the end of the world as we know it. The Secret Life of Pets meets The Walking Dead.'** Karen Joy Fowler 'It's transformative, poignant, and funny as hell. S.T. the irrepressible, cursing crow is my new favourite apocalyptic hero.' Helen Macdonald, New York Times bestselling author of H Is for Hawk S.T. is a domesticated crow. He is a bird of simple pleasures: hanging out with his owner Big Jim, trading insults with Seattle's wild crows (those idiots) and enjoying the finest food humankind has to offer: Cheetos. But when Big Jim's eyeball falls out of his head, S.T. starts to feel like something isn't right. His most tried-and-true remedies - from beak-delivered beer to the slobbering affection of the loyal, but dim-witted, dog Dennis - fail to cure his owner. S.T. is left with no choice but to venture out into a frightening new world, where he discovers that the neighbours are devouring each other, and the local wildlife is abuzz with rumours of dangerous new predators roaming Seattle... Humanity's extinction has arrived, and the only one determined to save it is a foul-mouthed crow. Readers love Hollow Kingdom... 'Beguilingly different' Bookist (starred review) '...wildly original and inventive, funny and profane' Laurie Frankel, author of This is How It Always Is 'I love this book so much! I wanted to set it on fire while hugging it.' Jamie Ford, New York Times bestselling author of Hotel on the Corner of Bitter and Sweet

Sleet Kitten

Book One of the Sleet Series

There are a few things that life doesn't prepare you for. Like what to do when a super-hot guy catches you sneaking around in his basement. Or what to do when a mysterious package shows up with tickets to a hockey game because, apparently, he's a professional athlete. Or how to handle it when you get to the game and realize he's freaking famous since half of the 20,000 people in the stands are wearing his jersey. I thought I was a well-adjusted adult, reasonably prepared for life. But one date with Jackson Wilder, a viral video, and a "I didn't know she was your mom" incident, and I'm suddenly questioning everything I thought I knew. But he's fun. And great. And I think I might be falling for him. But I don't know if he's falling for me too, or if he's as much of a player off the ice as on.

Black Cats and Evil Eyes

A Book of Old-Fashioned Superstitions

Michael O'Mara This collection investigates the origins of our most intriguing old-fashioned superstitions, many of which we still find ourselves abiding by today. Hundreds of the beliefs passed down through the generations have their foundations in our ancestors' efforts to ward off evil, which they blamed for hardship, illness and injustice in times when life was, as often as not, 'nasty, brutish and short'. Black Cats and Evil Eyes sets these superstitions in their historical and social context, explaining how fear of the Devil, demons, evil spirits and witchcraft drove people to arm themselves with rituals and talismans to repel dark forces and allow them to live long and healthy lives. In examining many of our common superstitions, this book illuminates the customs, beliefs and practices that link us to an ancient, and often darker, human past.
