Law School Leadership Strategies

Top Deans on Benchmarking Success, Incorporating Feedback from Faculty and Students, and Building the Endowment

Law School Leadership Strategies is a smart and intriguing volume that outlines the role of today's educational leaders and discusses the current state and future shape of law school management. Featuring deans representing some of the most highly recognized legal education programs, this book provides a broad, yet comprehensive overview of the ins and outs of the industry and the strategic thinking behind operating a law school. Discussing the ever-changing role and responsibilities of the dean and the importance of building a successful administration team, authors provide valuable insights into the business and offer indispensable advice for success. Identifying the need to strike a balance between a center for intellectual growth and a profitable institution, as well as the process of distinguishing their institution in the marketplace and measuring success, these leaders offer strategies for leading a center of legal education into the twenty-first century. From developing fundraising campaigns and generating revenue to utilizing technology and meeting students' needs, these authorities articulate the finer points around the business now, and what will hold true into the future. The different niches represented and the breadth of perspectives presented enable readers to get inside some of the great minds of today, as experts explore in detail what it takes to build and sustain the organizations that educate the future's great legal authorities. Inside the Minds provides readers with proven business intelligence from C-Level executives (Chairman, CEO, CFO, CMO, Partner) from the world's most respected companies nation-wide, rather than third-party accounts from unknown authors and analysts. Each chapter is comparable to an essay/thought leadership piece and is a future-oriented look at where an industry, profession, or topic is headed and the most important issues for the future. Through an exhaustive selection process, each author was hand-picked by the Inside the Minds editorial board to author a chapter. Chapters Include: 1. Loan-to-own

Schuldenbasierte Übernahmen in Zeiten moderner Restrukturierungen und mangelnder Gläubigertransparenz

Nomos Verlag "Loan-to-own" beschreibt Investmentstrategien, bei denen vor allem Finanzinvestoren gezielt Forderungen gegen Schuldnerunternehmen aufkaufen, um diese in vorinsolvenzlichen Sanierungsverhandlungen oder einem Insolvenzverfahren zu übernehmen. Das Geschäftsmodell stammt aus den USA und entwickelt sich auch in Deutschland zu einer beliebten Strategie. Das Werk ist das erste seiner Art, das schuldenbasierte Übernahmen umfassend untersucht. Es bietet einen Wegweiser für die zahlreichen Transaktionsvarianten und ihre Akteure und zeichnet die Entwicklung des Distressed-Debt-Marktes in den USA und Deutschland nach. Die Restriktionen des geltenden Zivil-, Bank-, Gesellschafts-, Insolvenz- und Kapitalmarktrechts werden analysiert und auf Reformbedarf überprüft. Insbesondere wird ein Gläubigertransparenzregime hergeleitet, das die Abstimmung des Insolvenz- mit dem Kapitalmarktrecht verbessert sowie für Effizienz, Flexibilität und Spezialisierungspotential des Finanzstandortes Deutschland sorgt.
