POLEMICAL PAPERS

ESSAYS ON THE PHILOSOPHY OF LIFE AND DEATH

Routledge *First published in 1997, this valuable volume is a collection of previously published, clear, non-technical essays brought together in this volume on a wide range of polemical topics including war and peace, love and sex, and life and its meanings. Written between 1979 and 1994, the papers lucidly approach human questions which are of issues to both academic philosophers and the wider, popular audience. Jenny Teichman's polemics have been written with wit and gusto and her writing displays a talent for puncturing the pretensions of highly reputable thinkers and landing some well-placed blows. Much amusement can be derived from this book, along with much instruction.*

COLLECTED PAPERS OF STIG KANGER WITH ESSAYS ON HIS LIFE AND WORK VOLUME II

VOL. 2

Springer Science & Business Media *Kanger (1924-88) made important contributions to logic and formal philosophy, insisting that philosophical problems could be clarified and sometimes even solved, by means of exact logical and mathematical methods. He spent the final 20 years of his career at Uppsala University, Finland. The first of the two- volume collection contains his papers on pure logic;*

applied logic: obligations, rights, action, preferences, and choice; and the philosophy of science. The second presents critical essays on various aspects of his work and short biographical sketches. Annotation copyrighted by Book News, Inc., Portland, OR

COLLECTED PAPERS OF STIG KANGER WITH ESSAYS ON HIS LIFE AND WORK VOLUME II

Springer Science & Business Media *Stig Kanger (1924-1988) made important contributions to logic and formal philosophy. Kanger's dissertation *Provability in Logic*, 1957, contained significant results in proof theory as well as the first fully worked out model-theoretic interpretation of quantified modal logic. It is generally accepted nowadays that Kanger was one of the originators of possible worlds semantics for modal logic. Kanger's most original achievements were in the areas of general proof theory, the semantics of modal and deontic logic, and the logical analysis of the concept of rights. He also contributed to action theory, preference logic, and the theory of measurement. This is the first of two volumes dedicated to the work of Stig Kanger. The present volume is a complete collection of Kanger's philosophical papers. The second volume contains critical essays on Kanger's work, as well as biographical essays on Kanger written by colleagues and friends.*

PHILOSOPHY AS A WAY OF LIFE

ANCIENTS AND MODERNS - ESSAYS IN HONOR OF PIERRE HADOT

John Wiley & Sons *This unique collection of essays on the late Pierre Hadot's revolutionary approach to studying and practising philosophy traces the links between his work and that of thinkers from Wittgenstein to the French postmodernists. It shows how his secular spiritual exercises expand our horizons, enabling us to be in a fuller, more authentic way. Comprehensive treatment of a neglected theme: philosophy's practical relevance in our lives Interdisciplinary analysis reflects the wide influence of Hadot's thought Explores the links between Hadot's ideas and those of a wealth of ancient and modern thinkers, including the French postmodernists*

Offers a practical 'third way' in philosophy beyond the dichotomy of Continental and analytical traditions

TREES OF LIFE

ESSAYS IN PHILOSOPHY OF BIOLOGY

Springer Science & Business Media *This volume contains papers presented by New Zealand and American philosophers of biology during a recent visit to New Zealand by Elliott Sober. Some of the papers reveal a unique local perspective on current debates. Robin Craw's highly original contribution to the 'evolutionary' philosophy of science initiated by David Hull, applies to intellectual evolution the strongly biogeographic approach to the evolution of life that is a recognised New Zealand speciality. Other papers reflect past intellectual exchange between the two countries. Susan Oyama and Russell Gray's papers on the 'developmental systems' approach to evolution, for example, are the outcome of several years of fruitful exchange. The remaining papers in the volume cover a wide range of topics. In addition to Sober's own discussion of post-sociobiological treatments of cultural evolution the volume includes Kim Sterelny's evaluation of 'macroevolution', Paul Griffiths' analysis of adaptation and vestigiality, John Morss on the notion of ontogeny and Timothy Shanahan on the concept of drift.*

HUMAN LIFE, ACTION AND ETHICS

ESSAYS BY G.E.M. ANSCOMBE

Andrews UK Limited *A collection of essays by the celebrated philosopher Elizabeth Anscombe. This collection includes papers on human nature and practical philosophy, together with the classic 'Modern Moral Philosophy'*

THE TREE OF KNOWLEDGE AND OTHER ESSAYS

BRILL *Humanism, modernity, and scientific rationality are examined critically in these collected essays. Developments in logic and*

philosophy are surveyed in the perspective of the closing century. Other essays include Musil and Mach, and Wittgenstein's place on the cultural map of the times.

THE ZERO FALLACY AND OTHER ESSAYS IN NEOCLASSICAL PHILOSOPHY

Open Court Publishing For seven decades Charles Hartshorne has presented his philosophical themes with ingenuity and deep historical awareness, comparing his positions in illuminating fashion with those of major figures from Plato to Kant to Popper. Integral to Hartshorne's thinking have been bold, fresh interpretations of such notions as God, freedom, change, creativity, aesthetic meaning, the social character of experience, and generalized causal possibility with a place for probabilities and open possibilities.

ESSAYS ON THE QUALITY OF LIFE

Springer Science & Business Media Since initiating the journal *Social Indicators Research* in 1974, Alex C. Michalos has been a pioneer in social indicators and quality-of-life research. This collection of nineteen articles provides an overview of nearly 30 years of work, including papers drawn from diverse sources and papers never published before. The final paper, on multiple discrepancies theory (MDT), is the author's unique contribution to an empirically testable new foundation for theories of utility, satisfaction and happiness.

ENCYCLOPEDIA OF THE ESSAY

Routledge This groundbreaking new source of international scope defines the essay as nonfictional prose texts of between one and

50 pages in length. The more than 500 entries by 275 contributors include entries on nationalities, various categories of essays such as generic (such as sermons, aphorisms), individual major works, notable writers, and periodicals that created a market for essays, and particularly famous or significant essays. The preface details the historical development of the essay, and the alphabetically arranged entries usually include biographical sketch, nationality, era, selected writings list, additional readings, and anthologies

THE INFLUENCE OF DARWIN ON PHILOSOPHY AND OTHER ESSAYS IN CONTEMPORARY THOUGHT

SIU Press Presenting Dewey' s new view of philosophical inquiry This critical edition of *The Influence of Darwin on Philosophy and Other Essays in Contemporary Thought* presents the results of John Dewey' s patient construction, throughout the previous sixteen years, of the radically new view of the methods and concerns of philosophical inquiry. It was a view that he continued to defend for the rest of his life. In the 1910 *The Influence of Darwin on Philosophy and Other Essays in Contemporary Thought*-- the first collection of Dewey' s previously published, edited essays-- John Dewey provided readers with an overview of the scope and direction of his philosophical vision in one volume. The order in which the eleven essays were presented was a reverse chronology, with more recently published essays appearing first. The collection of eleven essays offered a detailed portrait of Dewey' s proposed reconstruction of the traditional concepts of knowledge and truth. It furthermore elaborated on how his new logic and his proposal regarding knowledge and truth fit comfortably together, not only with each other but also with a pragmatically proper understanding of belief, reality, and experience. Because material in the *Collected Works of John Dewey, 1882- 1953* was published chronologically, however, the essays published together in the 1910 Darwin book have appeared in seven different volumes in the *Collected Works*. This new, critical edition restores a classic collection of essays authored and edited by John Dewey as they originally appeared in the volume. The edition is presented with ancillary materials, including responses by Dewey' s critics and an introduction by Douglas Browning.

AN ESSAY ON AFRICAN PHILOSOPHICAL THOUGHT

THE AKAN CONCEPTUAL SCHEME

Temple University Press *In this sustained and nuanced attempt to define a genuinely African philosophy, Kwame Gyekye rejects the idea that an African philosophy consists simply of the work of Africans writing on philosophy. It must, Gyekye argues, arise from African thought itself, relate to the culture out of which it grows, and provide the possibility of a continuation of a philosophy linked to culture. Offering a philosophical clarification and theology, and ethics of the Akan of Ghana, Gyekye argues that critical analyses of specific traditional African modes of thought are necessary to develop a distinctively African philosophy as well as cultural values in the modern world. --*

THE PUBLISHERS' TRADE LIST ANNUAL

MEANING IN LIFE

Oxford University Press *What makes a person's life meaningful? Thaddeus Metz argues that no existing theory does full justice to the key requirements of morality, enquiry, and creativity. He offers a new answer to the question: meaning in life is a matter of intelligence contoured toward fundamental conditions of human existence.*

OUR STORIES

ESSAYS ON LIFE, DEATH, AND FREE WILL

Oxford University Press, USA *This is a collection of essays by noted philosopher John Martin Fischer that seeks to show important connections between the metaphysics of death and free will. John Martin Fischer defends the commonsense views that death can be bad and immortal life can be good, and argues that in acting freely, we transform our lives so that our stories matter.*

SELECTED LITERARY ESSAYS

Cambridge University Press *This volume includes over twenty of C. S. Lewis's most important literary essays, written between 1932 and 1962. The topics discussed range from Chaucer to Kipling, from 'The Literary Impact of the Authorized Version' to 'Psycho-Analysis and Literary Criticism,' from Shakespeare and Bunyan to Sir Walter Scott and William Morris. Common to each essay, however, is the lively wit, the distinctive forthrightness and the discreet erudition which characterizes Lewis's best critical writing.*

A DICTIONARY OF CULTURAL AND CRITICAL THEORY

John Wiley & Sons *Now thoroughly updated and revised, this new edition of the highly acclaimed dictionary provides an authoritative and accessible guide to modern ideas in the broad interdisciplinary fields of cultural and critical theory Updated to feature over 40 new entries including pieces on Alain Badiou, Ecocriticism, Comparative Racialization , Ordinary Language Philosophy and Criticism, and Graphic Narrative Includes reflective, broad-ranging articles from leading theorists including Julia Kristeva, Stanley Cavell, and Simon Critchley Features a fully updated bibliography Wide-ranging content makes this an invaluable dictionary for students of a diverse range of disciplines*

SETTING THE MORAL COMPASS : ESSAYS BY WOMEN PHILOSOPHERS

ESSAYS BY WOMEN PHILOSOPHERS

Oxford University Press, USA *Setting the Moral Compass brings together the (largely unpublished) work of nineteen women moral philosophers whose powerful and innovative work has contributed to the "re-setting of the compass" of moral philosophy over the past two decades. The contributors, who include many of the top names in this field, tackle several wide-ranging projects: they develop an ethics for ordinary life and vulnerable persons; they examine the question of what we ought to do for each other; they highlight the moral significance of inhabiting a shared social world; they reveal the complexities of moral negotiations; and finally they show us the place of emotion in moral life.*

PAUL RICOEUR

HIS LIFE AND HIS WORK

University of Chicago Press *One of the major intellectual figures of the twentieth century, Paul Ricoeur has influenced a generation of thinkers. In this, the first philosophically informed biography of Ricoeur, student, colleague, and confidant Charles E. Reagan provides an unusually accessible look at both the philosophy of this extraordinary thinker and the pivotal experiences that influenced his development. "A valuable introduction to Ricoeur; highly recommended."—Library Journal "[A] lively introduction to the life and thought of one of this century's most notable philosophers."—Norman Wirzba, Christian Century "Reagan lucidly explains Ricoeur's difficult philosophy while shining overdue light on the personality behind it."—Carlin Romano, Philadelphia Inquirer "Combines biographical and philosophical essays with a more personal memoir that makes Ricoeur's humane and magnanimous nature abundantly evident. Four revealing interviews, coupled with photographs, and an extensive bibliography of primary and secondary sources, complete this illuminating study."—Choice*
