Faber & Faber Hansard; noun The official report of all parliamentary debates. It's a summer's morning in 1988 and Tory politician Robin Hesketh has returned home to the idyllic Cotswold house he shares with his wife of 30 years, Diana. But all is not as blissful as it seems. Diana has a stinking hangover, a fox is destroying the garden, and secrets are being dug up all over the place. As the day draws on, what starts as gentle ribbing and the familiar rhythms of marital sparring quickly turns to blood-sport. A witty and devastating new play. Hansard premiered at the National Theatre, London, in August 2019.

**HOUSE OF COMMONS PROCEDURE AND PRACTICE**

---

This reference book is primarily a procedural work which examines the many forms, customs, and practices which have been developed and established for the House of Commons since Confederation in 1867. It provides a distinctive Canadian perspective in describing procedure in the House up to the end of the first session of the 36th Parliament in Sept. 1999. The material is presented with full commentary on the historical circumstances which have shaped the current approach to parliamentary business. Key Speaker's rulings and statements are also documented and the considerable body of practice, interpretation, and precedents unique to the Canadian House of Commons is amply illustrated. Chapters of the book

cover the following: parliamentary institutions; parliaments and ministries; privileges and immunities; the House and its Members; parliamentary procedure; the physical & administrative setting; the Speaker & other presiding officers; the parliamentary cycle; sittings of the House; the daily program; oral & written questions; the process of debate; rules of order & decorum; the curtailment of debate; special debates; the legislative process; delegated legislation; financial procedures; committees of the whole House; committees; private Members' business; public petitions; private bills practice; and the parliamentary record. Includes index.

## **THE HISTORY OF THE IRISH FAMINE**

---

*Routledge* The Great Irish Famine remains one of the most lethal famines in modern world history and a watershed moment in the development of modern Ireland - socially, politically, demographically and culturally. In the space of only four years, Ireland lost twenty-five per cent of its population as a consequence of starvation, disease and large-scale emigration. Certain aspects of the Famine remain contested and controversial, for example the issue of the British government's culpability, proselytism, and the reception of emigrants. However, recent historiographical focus on this famine has overshadowed the impact of other periods of subsistence crisis, both before 1845 and after 1852. The narratives of those who perished, those who survived and those who emigrated form an integral part of this history and these volumes will make available, for the first time, some of the original documentation relating to an event that changed not only Irish history, but the history of the countries to which the emigrants fled - Britain, the United States, Canada and Australia. By bringing together letters, government reports, diaries, official documents, pamphlets, newspaper articles, sermons, eye-witness testimonies, poems and novels, these volumes will provide a fresh way of understanding Irish history in general, and famine and migration in particular. Comprehensive editorial apparatus and annotation of the original texts are included along with bibliographies, appendices, chronologies and indexes that point the way for further study.

### **DISCURSIVITY, PERFORMATIVITY AND MEDIATION IN POLITICAL DISCOURSE**

---

John Benjamins Publishing Company This edited volume explores the discursive, performative and mediated dimensions of contemporary political discourse. The strengths of the volume are manifold: it contains cutting edge interdisciplinary research on political discourses by international authors (UK, USA, Italy, Germany, Austria, Denmark) in political science, discourse linguistic and social interaction research. The contributions represent a wide range of methodological approaches to political discourse, analyzing a broad variety of genres, some of which have been less analyzed to-date, for example Wikipedia articles in combination with their discussion pages or the interaction between politicians and voters in the constituency office of a British Member of Parliament. The contributions also focus on political discourses of high and relevant topicality, such as EU membership of Britain, populism, migration and xenophobia, terrorism and narratives in international relations.
