WINE AND SOCIETY

THE SOCIAL AND CULTURAL CONTEXT OF A DRINK

Routledge Wine is becoming increasingly popular in the Anglophone world and there are many books available which describe how and where it is made. However, none address the fundamental questions of different structures of production and how the consumer relates to the product - this book is the first to do just that. Wine and Society: the cultural and social context of wine production and consumption looks at the relationship between wine production and marketing, focussing in consumer behaviour and cultural attitudes. Divided into four parts, it examines the context of wine production, the wine consumer and the social context of wine, discussing the following themes: * That the core of wine production and consumption is shaped by historical, geographical and cultural factors. * Wine production - European and new world looking at the different kinds of producer and how the varying background of each shapes their perspective on what they produce * Terroir and appellations: why demarcation and sense of place became important, how they are used to achieve marketing differentiation, and the 'benefits' (or otherwise) to the customer. * The contemporary wine consumer and lifestyle factors - looking at wine clubs, tourism, education, culture and literature * The politics and economics of wine - from supporting rural industries in France to protecting customers from deception and health risks. Suitable for third year and post-graduate students of hospitality, wine (both in production and marketing), wine tourism, gastronomy and related courses, it encourages students to think critically about the issues raised by using real life case studies and examples from around the world, also including press releases and marketing campaigns.

ANOTHER AESTHETICS IS POSSIBLE

ARTS OF REBELLION IN THE FOURTH WORLD WAR

Duke University Press In *Another Aesthetics Is Possible* Jennifer Ponce de León examines the roles that art can play in the collective labor of creating and defending another social reality. Focusing on artists and art collectives in Argentina, Mexico, and the United States, Ponce de León shows how experimental practices in the visual, literary, and performing arts have been influenced by and articulated with leftist movements and popular uprisings that have repudiated neoliberal capitalism and its violence. Whether enacting solidarity with Zapatista communities through an alternate reality game or using surrealist street theater to amplify the more radical strands of Argentina's human rights movement, these artists fuse their praxis with forms of political mobilization from direct-action tactics to economic resistance. Advancing an innovative transnational and transdisciplinary framework of analysis, Ponce de León proposes a materialist understanding of art and politics that brings to the fore the power of aesthetics to both compose and make visible a world beyond capitalism.

THE DIGITAL DIALECTIC

NEW ESSAYS ON NEW MEDIA

MIT Press The *Digital Dialectic* is an interdisciplinary jam session about our visual and intellectual cultures as the computer recodes technologies, media, and art forms. Unlike purely academic texts on new media, the book includes contributions by scholars, artists, and entrepreneurs, who combine theoretical investigations with hands-on analysis of the possibilities (and limitations) of new technology. The key concept is the digital dialectic: a method to ground the insights of theory in the constraints of practice. The essays move beyond journalistic reportage and hype into serious but accessible discussion of new technologies, new media, and new cultural forms.

DOTTER OF HER FATHER'S EYES

Random House Part personal history, part biography, Dotter of Her Father's Eyes contrasts two coming-of-age narratives: that of Lucia, the daughter of James Joyce, and that of author Mary Talbot, daughter of the eminent Joycean scholar James S. Atherton. Social expectations and gender politics, thwarted ambitions and personal tragedy are played out against two contrasting historical backgrounds, poignantly evoked by the atmospheric visual storytelling of award winning comic artist and graphic novel pioneer Bryan Talbot. Produced through an intense collaboration seldom seen between writers and artists, Dotter of Her Father's Eyes is intelligent, funny and sad - a fine addition to the evolving genre of graphic memoir.
