## Cadmium in the Environment

*Birkhäuser*

## Long-Term Studies in Ecology

## Approaches and Alternatives

*Springer Science & Business Media* **The Cary Conferences, as we have envisaged them, are different from most scientific meetings in that they provide a forum for major issues in ecology from a more philosophical point of view. It appears to many of us that ecologists have limited opportunities to come together in small groups to address in a more philosophical way some of the major questions and issues that matter very much to the future of humankind and to us as ecologists. Moreover, we hope that the setting of the Mary Flagler Cary Arboretum promotes strong interaction and discussion between Conference participants with a minimum of distraction. We are proud to make our facilities available for such meetings, and we hope that over the years these Conferences might provide direction and leadership for the whole field of ecology. We have the broad goal of attempting to advance the field of ecology by bringing together leading ecologists and other scientists to address major issues. The first Cary Conference, in 1985, considered the status and future of ecosystem science. This first Conference was rather loosely structured but was successful in stimulating discussion, ideas, and enthusiasm (Likens et al. , 1987). The goals for this second Cary Conference in 1987 were: 1. to identify the roles of long-term studies in ecology; 2. to identify the options for study of long-term ecological phenomena; 3.**

## Glossary of Automotive Terms

**This comprehensive glossary brings together in one handy volume over 10,500 current automotive terms. From "A-pillar" to "Zones of Reach" the Glossary provides you with over 500 pages of alphabetically listed definitions collected from the SAE Handbook. For further research each definition references the SAE standard or specification from which it was taken. The new Glossary of Automotive Terms is an essential reference for anyone in the industry.**

## A Choice of Emblemes

*Georg Olms Verlag*

## Manuelis II Palaeologi Epistulae

*Dumbarton Oaks* Of the nearly ninety emperors who ruled in Constantinople, Manuel II Palaeologus (r. 1391-1425) was one of the most sympathetic as a human being and one of the most gifted as a statesman. A man of broad intellectual interests, he was also dedicated to his God-given task of preserving what remained of the Byzantine Empire when he came to power. This conflict is reflected in his letters, written in such distant places as Ankara, Paris, and London. The correspondence provides new insights into his reign and enable us to understand better the emperor himself, his friends, and the times in which they lived.

## Understanding Space Strategy

### The Art of War in Space

*Routledge* This book examines the rise of great power competition in space, including the relevant and practical space strategies for China, Russia, the United States, and other countries. The work discusses the concepts and writings of past strategists, such as Thucydides, Sun Tzu, and Clausewitz, in relation to warfare initiated in or extending into space. This analysis underscores why polities initiate war based upon an assessment of fear, honor, and interest, and explains why this will also be true of war in space. Based upon the timeless strategic writings of the past, the book uncovers the strategy of space warfare, along with the concepts of deterrence, dissuasion, and the inherent right of self-defense, and outlines strategies for great, medium, and emerging space powers. Additionally, it highlights changes needed to space strategy based upon the Law of Armed Conflict, norms of behavior, and Rules of Engagement. The work also examines advancements and emerging trends in the commercial space sector, as well as what these changes mean for the implementation of a practical space strategy. Given the rise of great power competition in space, this work presents a space strategy based upon historical experience. This book will be of much interest to students of space policy, strategic studies, and International Relations.

### Fair Value Measurements

### Fighting Back

### What Governments Can Do About Terrorism

*Stanford University Press* Since terrorism became a global national security issue in the new millennium, all governments have wrestled with its effects. Yet strong measures against terrorism have often made the root causes of the problem worse, while weak responses have invited further attack. In response, this book explains how governments can construct and execute the most effective strategies to combat terrorism—and how they can manage the consequences of those acts of terrorism they cannot prevent. It provides an overview of the complex problem of terrorism and offers a guide to shaping solutions to fit the unique structures and processes of governments. These issues and their solutions are demonstrated in six case studies. The book's value lies in its holistic treatment of what governments can do to protect their societies, with the ultimate goal of reducing terrorism from the global security threat it is today to a national-level criminal problem. Written by a team of experts, the book offers a concise but complete course on the most important national security challenge of our time.

Dawn of the Code War

America's Battle Against Russia, China, and the Rising Global Cyber Threat

*Hachette UK* The inside story of how America's enemies launched a cyber war against us-and how we've learned to fight back With each passing year, the internet-linked attacks on America's interests have grown in both frequency and severity. Overmatched by our military, countries like North Korea, China, Iran, and Russia have found us vulnerable in cyberspace. The "Code War" is upon us. In this dramatic book, former Assistant Attorney General John P. Carlin takes readers to the front lines of a global but little-understood fight as the Justice Department and the FBI chases down hackers, online terrorist recruiters, and spies. Today, as our entire economy goes digital, from banking to manufacturing to transportation, the potential targets for our enemies multiply. This firsthand account is both a remarkable untold story and a warning of dangers yet to come.

## A Clockwork Apple

**At last - an antithesis to chick-lit. Set in a dystopic Manchester, A Clockwork Apple introduces Alex, an angry young heroine for our times who rages against the middling 'Blytons' and all they stand for. Her gang is all female, the state's control is exercised through addiction therapy, and Alex's solace is in high literature and postmodern deconstructionism!**

## Purchas his pilgrimes

## Shivaji

## The Great Maratha

*Harper Collins* 'The epic text of Ranjit Desai's Shriman Yogi finds new voice in Vikrant Pande's nuanced translation, an immersive narrative of the foundations of the Maratha empire and the saga of its charismatic founder.' - Namita Gokhale. Young Shivaji reaches Pune, a dying fort city, with his mother Jijabai and lights the first lamp within its ruins. While his father Shahaji Bhosle is away on deputation by the Adil Shah sultanate after having failed in a revolt against it, Shivaji learns how an empire is built from the ground up. Thus begins the life of the Great Maratha. What awaits Shivaji is nothing short of the vast scroll of history, and it takes him from Surat to Thanjavur and all the way to Aurangzeb's durbar in Agra. He dreams of freeing his land from the clutches of Mughal rule, and though he suffers many defeats and personal losses along the way he never gives up his vision of Hindavi Swaraj. Amidst political intrigue and a chain of skirmishes, Shivaji becomes a leader, a warrior and a tactician par excellence, driven by immense pride and love for his motherland.

Boi

Song of a Wanderer

"[A] photographic journey through life and around the world to find peace and salvation, which is being true to oneself. It is a unique document and an impressive story about a ten-year-period in the life of Nitzan Krinsky and his transition from girl to boi. The story is told through endless diaristic self-portraits."--Page [4] of cover.
