KEY=GRAMMAR - SANCHEZ VAZQUEZ

OXFORD MODERN ENGLISH GRAMMAR

Oxford University Press New Oxford English Grammar is Oxford's brand new and definitive guide to grammar usage. This book has been written by a leading expert in the field, covers both British and American English, and makes use of the unrivalled language monitoring of Oxford's English Dictionaries programme. Arranged in three clear parts for ease of use, its comprehensive coverage ranges from the very basic to the most complex aspects of grammar, all of which are explained clearly and engagingly. This descriptive source of reference is invaluable for those with an interest in the English language, undergraduate students of all disciplines, and for anyone who would like a clear guide to English grammar and how to use it.

OXFORD GUIDE TO ENGLISH GRAMMAR

The Oxford Guide to English Grammar is a systematic account of grammatical forms and the way they are used in modern standard English. It is designed for learners at intermediate and advanced levels and for teachers, and is equally suitable for quick reference to details or for the moreleisured study of grammatical topics. The emphasis is on meaning in the choice of grammatical pattern, and on the use of patterns in texts and in conversations.

THE OXFORD ENGLISH GRAMMAR

Clarendon Press Covers written and spoken British and American English and reviews grammar, usage, punctuation, and phonetics

THE OXFORD DICTIONARY OF ENGLISH GRAMMAR

OUP Oxford The Oxford Dictionary of English Grammar is a straightforward and accessible A-Z guide to the diverse and often complex terminology of English grammar. It contains over 1,600 entries with clear and concise definitions, enhanced by numerous example sentences, as well as relevant quotations from the scholarly literature of the field. This second edition is written and edited by Professor Bas Aarts of University College London, writer of the acclaimed Oxford Modern English Grammar. It has been fully revised and updated, with particular attention paid to refreshing the example sentences included within the text. There are over 150 new entries that cover current terminology which has arisen since the publication of the first edition, and there are also new entries on the most important English grammars published since the start of the 20th century. Hundreds of new cross-references enhance the user-friendly nature of the text, and the list of works cited has been thoroughly updated to reflect the current state of the field. A short appendix of web links has been added. All in all, this Dictionary is an invaluable guide to English grammar for all students and teachers of the subject, as well as all those with an informed interest in the English language.

BASIC ENGLISH USAGE

CURRENT ENGLISH GRAMMAR

OXFORD LATIN COURSE

Oxford University Press, USA Designed for North American students, this special version of the Oxford Latin Course combines the best features of both modern and traditional methods of Latin teaching, providing an exciting, stimulating introduction and approach

to Latin based on the reading of original texts. In this four-volume North American edition, the order of declensions corresponds to customary U.S. usage, and the spelling has been Americanized. In addition, it offers full-color illustrations and photographs throughout Parts I and II and an expanded Teacher's Book with translations for each part. Parts I-III (now available in hardcover editions) are built around a narrative detailing the life of Horace, now based more closely on historical sources, which helps students to get to know real Romans--with their daily activities, concerns, and habits--and to develop an understanding of Roman civilization during the time of Cicero and Augustus. Part IV (paperback) is a reader consisting of extracts from Caesar, Cicero, Catullus, Virgil, Livy, and Ovid. The second edition of the Oxford Latin Course has been carefully designed to maximize student interest, understanding, and competence. It features a clearer presentation of grammar, revised narrative passages, new background sections, more emphasis on daily life and on the role of women, a greater number and variety of exercises, and review chapters and tests. Each chapter opens with a set of cartoons with Latin captions that illustrate new grammar points. A Latin reading follows, with new vocabulary highlighted in the margins and follow-up exercises that focus on reading comprehension and grammatical analysis. A background essay in English concludes each chapter. Covering a variety of topics--from history to food, from slavery to travel, these engaging essays present a well-rounded picture of Augustan Rome. The Oxford Latin Course, Second Edition offers today's students and teachers an exceptionally engaging and attractive introduction to the language, literature, and culture of Rome--one that builds skills effectively and is exciting to use.

MODERN RUSSIAN GRAMMAR WORKBOOK

Routledge Modern Russian Grammar Workbook is an innovative book of exercises and language tasks for all learners of Russian. The book is divided into two parts. Section 1 provides exercises based on essential grammatical structures. Section 2 practises everyday functions such as making introductions, apologizing and expressing needs. A comprehensive answer key at the back of the book enables students to check on their progress. Main features include: exercises graded according to level of difficulty cross referencing to the related Modern Russian Grammar topical exercises which develop students' vocabulary base. The Modern Russian Grammar Workbook is ideal for all learners of Russian, from beginner to intermediate and advanced students. It can be used both independently and alongside the Modern Russian Grammar: A Practical Guide, also published by Routledge. John Dunn is Honorary Research Fellow and Shamil Khairov is Lecturer in Russian, both at the School of Modern Languages and Cultures, University of Glasgow.

THE OXFORD HANDBOOK OF ENGLISH GRAMMAR

Oxford University Press, USA This handbook provides an authoritative, critical survey of current research and knowledge in the

grammar of the English language. Following an introduction from the editors, the volume's expert contributors explore a range of core topics in English grammar, beginning with issues in grammar writing and methodology. Chapters in part II then examine the various theoretical approaches to grammar, such as cognitive, constructional, and generative approaches, followed by the chapters in part III, which comprehensively cover the different subdomains of grammar, including compounds, phrase structure, clause types, tense and aspect, and information structure. Part IV offers coverage of the relationship between grammar and other fields - lexis, phonology, meaning, and discourse - while the concluding part of the book investigates grammatical change over time, regional variation, and genre and literary variation. The handbook's wide-ranging coverage will appeal to researchers and students of English language and linguistics from undergraduate level upwards.

OXFORD ENGLISH GRAMMAR COURSE

INTERMEDIATE : A GRAMMAR PRACTICE BOOK FOR INTERMEDIATE AND UPPER-INTERMEDIATE STUDENTS OF ENGLISH : WITH ANSWERS : [WITH COMPLETE INTERACTIVE E-BOOK INCLUDING PRONUNCIATION FOR GRAMMAR]

Each section opens with a lively presentation page which introduces the point of grammar. Grammar explanations are short, clear and easy to remember. Colour is used to highlight grammatical contrasts. Each grammar explanation is followed immediately by an activity, so that students can practise before moving on to the next explanation. Engaging practice activities include internet

exercises which enable students to see how language is used in real life, and personalisation activities allow students to use the grammar to talk about themselves. The interactive e-books allow students to do all the exercises on a tablet or computer, both online and offline. Recordings of texts provide added listening practice.

A DESCRIPTIVE GRAMMAR OF ENGLISH

MODERN ENGLISH GRAMMAR BY EXAMPLE

"Grammar" can often be seen as a dull and complicated art, with all sorts of dusty and quirky rules that are hard to understand and even harder to explain. This Descriptive Grammar of English - by example - shakes off the dust to present the essential principles of modern English grammar as clearly as possible, showing the simple rules that determine the standard practices of modern English, both in writing and in speech, and illustrating their use through hundreds of simple examples and familiar expressions. Most native speakers generally follow the essential rules of English grammar as if by intuition; in many cases they will be quite unaware of what the rules are... even that they exist. But rules or principles or guidelines do exist, and without them it would be very difficult to communicate properly and coherently. Grammar is the highway code of any language, and people need either to learn it, or to absorb it subconsciously, in order to speak or write proficiently. Children master the rudiments of grammar in their native language by hearing, remembering, repeating and experimenting; and up to a point this is sufficient for everyday communication. However beyond a certain level, and more importantly when learning a second or foreign language, some awareness of the rules and principles of grammar becomes useful, and in many situations, vital. Some understanding of grammar is indeed essential for anyone wanting to teach English whether it be to native speakers or as a foreign language. By highlighting (literally) hundreds of short sentences and expressions, this Descriptive Grammar of English clearly illustrates and succinctly explains the rules that govern acceptable usage of the English language today. Where necessary, it uses colour coding to show up pertinent points and to contrast different structures or functions. This is not a grammar book for grammarians; it's a grammar book for anyone, and no prior knowledge of linguistics is required. As befits any discussion of grammar, it uses the expressions or jargon that are required to explain grammar, but also explains them by including a glossary of grammatical terms which will be of value to most readers. Originally conceived for the benefit of non-native speakers of English, particularly advanced EFL and ESL students and teachers of English as a foreign or second language, it is also very much suited for school and home use in English-speaking countries. In short it is for anyone who is looking for clear and example-based explanations of how English works and is written and spoken. It covers all the main points of English grammar in a way that is understandable to any student. As well as explaining the essential aspects of English grammar, such as verbs and nouns and adjectives, it includes succinct and clearly illustrated sections on such important points as style word order and

punctuation. It distinguishes where appropriate between the usages of written and spoken English, and between British English and American English. All the points covered in this grammar are copiously illustrated with examples from everyday English, including memorable and familiar expressions that are hard to forget. Children are not the only ones who learn their grammar by example.

THE HANDBOOK OF ENGLISH LINGUISTICS

John Wiley & Sons The Handbook of English Linguistics is a collection of articles written by leading specialists on all core areas of English linguistics that provides a state-of-the-art account of research in the field. Brings together articles from the core areas of English linguistics, including syntax, phonetics, phonology, morphology, as well as variation, discourse, stylistics and usage. Written by specialists from around the world. Provides an introduction to a key area of English Linguistics and includes a discussion of the most recent theoretical and descriptive research, as well as extensive bibliographic references.

MODERN GERMAN GRAMMAR

A PRACTICAL GUIDE

Routledge Modern German Grammar: A Practical Guide, Third Edition is an innovative reference guide to German, combining traditional and function-based grammar in a single volume. The Grammar is divided into two parts. Part A covers grammatical categories such as word order, nouns, verbs and adjectives. Part B is organised according to language functions and notions such as: making introductions asking for something to be done delivering a speech possibility satisfaction. The book addresses learners' practical needs and presents grammar in both a traditional and a communicative setting. New to this edition, and building on feedback from the previous edition: The rules of the latest (and so far final) spelling reform have been implemented throughout. Examples of usage have been updated and consideration given to Swiss and Austrian variants. The chapter on register has been expanded and now includes youth language and frequently used Anglicisms in German. The Index now has even more key words; it has also been redesigned to differentiate between German words, grammar terms, and functions, thus making it more user-friendly. The Grammar assumes no previous grammatical training and is intended for all those who have a basic knowledge of German, from intermediate learners in schools and adult education to undergraduates taking German as a major or minor part of their studies. The Grammar is accompanied by a third edition of Modern German Grammar Workbook (ISBN 978-0-415-56725-1) which features

exercises and activities directly linked to the Grammar. Ruth Whittle is Lecturer, John Klapper is Professor of Foreign Language Pedagogy, Katharina Glöckel is the Austrian Lektorin and Bill Dodd is Professor of Modern German Studies - all at the University of Birmingham. Christine Eckhard-Black is Tutor and Advisor in German at the Oxford University Language Centre.

SMALL CLAUSES IN ENGLISH

THE NONVERBAL TYPES

Walter de Gruyter The future of English linguistics as envisaged by the editors of Topics in English Linguistics lies in empirical studies which integrate work in English linguistics into general and theoretical linguistics on the one hand, and comparative linguistics on the other. The TiEL series features volumes that present interesting new data and analyses, and above all fresh approaches that contribute to the overall aim of the series, which is to further outstanding research in English linguistics.

PRINCIPLES AND PRACTICE IN SECOND LANGUAGE ACQUISITION

Pergamon The present volume examines the relationship between second language practice and what is known about the process of second language acquisition, summarising the current state of second language acquisition theory, drawing general conclusions about its application to methods and materials and describing what characteristics effective materials should have. The author concludes that a solution to language teaching lies not so much in expensive equipment, exotic new methods, or sophisticated language analysis, but rather in the full utilisation of the most important resources - native speakers of the language - in real communication.

GARNER'S MODERN ENGLISH USAGE

Oxford University Press Bryan Garner is the most trusted living usage expert of our day, and Garner's Modern English Usage is the preeminent guide to the effective use of the English language. With well over 6,000 entries on English grammar, syntax, word choice, punctuation, capitalization, spelling, and style, this book is adored by professional writers and general readers alike. In this major update to a timeless classic, Bryan Garner has dramatically expanded coverage of international English usage, making the volume for the first time a guide not only to American English usage, but to English usage around the globe. Interest in the English language is greater than ever; English is the lingua franca not only of higher education and academia, but of science, business, computing, aviation, and even - arguably - entertainment. An awareness of global English matters today as never before. To ensure that Bryan Garner's clear, unambiguous advice resonates with English-speakers worldwide, more than 2,000 entries have been revised to account for the nuances of English not only in the United States, but in Australia and New Zealand, the United Kingdom, Canada, and South Africa. Not everything has changed: readers will still find the popular "Garner's Language-Change Index" which registers where

each disputed usage in modern English falls on a five-stage continuum from non-acceptability (to the language community as a whole) to acceptability, giving the book a consistent standard throughout. Bryan Garner's tools for scientific accuracy are, however, fully updated: this fourth edition benefits from usage data generated by Google Ngrams, which charts frequencies of any word or short sentence in sources printed after 1800. With thousands of concise entries, longer essays on problematic areas such as subject-verb agreement and dangles, and meticulous citations of the New York Times, Newsweek, and other leading journalistic sources, this fourth edition of Garner's Modern English Usage provides priceless reference information to anyone hoping to improve as a writer - worldwide.

CONCISE ENGLISH GRAMMAR

Grasp of essential concepts of grammar and their modern usage in day-to-day personal and professional life is a major challenge faced by young learners at all levels and streams of higher education in India. Concise English Grammar has been designed and created to suit the needs of first-year undergraduate students of the arts as well as professional courses, and to equip them for advanced usage of English in their higher studies. This book brings together the core concepts of theoretical and descriptive grammar, both modern and conventional; elements of remedial English; vocabulary; and academic writing, in a single compilation, and provides numerous examples and exercises which call for the application of the student's knowledge of grammar enabling them to assess their own progress. Each chapter is thoroughly cross-referenced, and written in an accessible, user-friendly manner, making it possible for students to derive maximum benefit from the book. Though created keeping the students of Kerala in mind, its wide-ranging coverage should be of value to all students and teachers of English as second language elsewhere as well.

OXFORD PRIMARY DICTIONARY 2018

New edition of the bestselling Oxford Primary Dictionary with more words added, more spelling support, and enhanced supplements for grammar and language help. Easy-to-use with clear entries and examples from the books children love reading, plus curriculum help, it is the ideal dictionary for children aged 8+.

OXFORD PICTURE DICTIONARY ENGLISH-RUSSIAN EDITION: BILINGUAL DICTIONARY FOR RUSSIAN-SPEAKING TEENAGE AND ADULT STUDENTS OF ENGLISH

Oxford University Press 4,000 words and phrases are organized thematically within 163 topics. Includes English to Russian translations of vocabulary throughout, and an extensive index in Russian at the back of the book. A fully integrated vocabulary development program in American English, progressing from essential words to the more complex, delivered in short thematic units. Realistic scenarios and modern artwork are easy to relate to and these, together with story pages and practice exercises, have been applauded for their success in promoting critical thinking skills. Content is fully supported by a range of components (in English only) - including Workbooks, Classroom Activities, Audio and website.

FOWLER'S DICTIONARY OF MODERN ENGLISH USAGE

Oxford University Press, USA Why literally shouldn't be taken literally. Why Americans think home in on something is a mistake and Brits think hone in is. Is it OK to spell OK okay? What's wrong with hence why? Was Alanis Morissette ever ironic? Fowler's Dictionary of Modern English Usage is the world-famous guide to English usage, loved and used by writers, editors, and anyone who values correct English since it first appeared in 1926. Fowler's gives comprehensive and practical advice on complex points of grammar, syntax, punctuation, style, and word choice. Now enlarged and completely revised to reflect English usage in the 21st century, it provides a crystal-clear, authoritative picture of the English we use, while illuminating scores of usage questions old and new. International in scope, it gives in-depth coverage of both British and American English usage issues, with reference also to the English of Australia, Canada, India, New Zealand, and South Africa. The thousands of authentic examples in the book vividly demonstrate how modern writers tackle debated usage issues. They come on the one hand from established literary figures such as Chinua Achebe, Peter Ackroyd, Raymond Carver, Iris Murdoch, Harold Pinter, and Vikram Seth. On the other, they are drawn from a vast range of newspapers, journals, books, broadcast material, websites, and other digital sources from across the globe, and include references to topical personalities such as Stephen Fry, Prince Harry, Jeremy Paxman, and Wayne Rooney. Based on the evidence and research of the Oxford Dictionaries Programme, this is the most comprehensive and authoritative guide to usage available.
