## Science in the Kitchen and the Art of Eating Well

**University of Toronto Press** First published in 1891, Pellegrino Artusi's *La scienza in cucina e l'arte di mangiar bene* has come to be recognized as the most significant Italian cookbook of modern times. It was reprinted thirteen times and had sold more than 52,000 copies in the years before Artusi's death in 1910, with the number of recipes growing from 475 to 790. And while this figure has not changed, the book has consistently remained in print. Although Artusi was himself of the upper classes and it was doubtful he had ever touched a kitchen utensil or lit a fire under a pot, he wrote the book not for professional chefs, as was the nineteenth-century custom, but for middle-class family cooks: housewives and their domestic helpers. His tone is that of a friendly advisor - humorous and nonchalant. He indulges in witty anecdotes about many of the recipes, describing his experiences and the historical relevance of particular dishes. Artusi's masterpiece is not merely a popular cookbook; it is a landmark work in Italian culture. This English edition (first published by Marsilio Publishers in 1997) features a delightful introduction by Luigi Ballerini that traces the fascinating history of the book and explains its importance in the context of Italian history and politics. The illustrations are by the noted Italian artist Giuliano Della Casa.

## Confessions of an Italian

[Penguin UK](#) An overlooked classic of Italian literature, this epic and unforgettable novel recounts one man's long and turbulent life in revolutionary Italy. At the age of eighty-three and nearing death, Carlo Altoviti has decided to write down the confessions of his long life. He remembers everything: his unhappy childhood in the kitchens of the Castle of Fratta; romantic entanglements during the siege of Genoa; revolutionary fighting in Naples; and so much more. Throughout, Carlo lives only for his twin passions in life: his dream of a unified, free Italy and his undying love for the magnificent but inconstant Pisana. Peopled by a host of unforgettable characters - including drunken smugglers, saintly nuns, scheming priests, Napoleon and Lord Byron - this is an epic historical novel that tells the remarkable and inseparable stories of one man's life and the history of Italy's unification. Ippolito Nievo was born in 1831 in Padua. Confessions of an Italian, written in 1858 and published posthumously in 1867, is his best known work. A patriot and a republican, he took part with Garibaldi and his Thousand in the momentous 1860 landing in Sicily to free the south from Bourbon rule. Nievo died before he reached the age of thirty, when his ship, en route from Palermo to Naples, went down in the Tyrrhenian Sea in early 1861. He was, Italo Calvino once said, the sole Italian novelist of the nineteenth century in the 'daredevil, swashbuckler, rambler' mould so dear to other European literatures. Frederika Randall has worked as a cultural journalist for many years. Her previous translations include Luigi Meneghello's Deliver Us and Ottavio Cappellani's Sicilian Tragedee and Sergio Luzzatto's Padre Pio: Miracles and Politics in a Secular Age. Lucy Riall is Professor of Comparative History at the European University Institute. Her many books include Garibaldi. Invention of a Hero. 'Of all the furore that came out of the Risorgimento, only Manzoni and Nievo really matter today' - Umberto Eco 'The one 19th century Italian novel which has [for an Italian reader] that charm and fascination so abundant in foreign literatures' - Italo Calvino 'Perhaps the greatest Italian novel of the nineteenth century' - Roberto Carnero 'A spirited appeal for liberté, égalité and fraternité, the novel is also an astute, scathing and amusing human comedy, a tale of love, sex and betrayal, of great wealth and grinding poverty, of absolute power and scheming submission, of idealism and cynicism, courage and villainy' - The Literary Encyclopedia

## The Grammar of Fantasy

### An Introduction to the Art of Inventing Stories

[Enchanted Lion Books](#) A collection of essays from the visionary storyteller Gianni Rodari about fairy tales and folk tales and their great advantages in teaching creative storytelling. "Rodari grasped children's need to play with life's rules by using the grammar of their own imaginations. They must be encouraged to question, challenge, destroy, mock, eliminate, generate, and reproduce their own language and meanings through stories that will enable them to narrate their own lives." --Jack Zipes "I hope this small book," writes renowned children's author Gianni Rodari, "can be useful for all those people who believe it is necessary for the imagination to have a place in education; for all those who trust in the creativity of children; and for all those who know the liberating value of the word." Full of ideas, glosses on fairytales, stories, and wide-ranging activities, including the fantastic binomial, this book changed how creative arts were taught in Italian schools. Translated into English by acclaimed children's historian Jack Zipes and illustrated for the first time ever by Matthew Forsythe, this edition of The Grammar of Fantasy is one to live with and return to for its humor, intelligence, and truly deep understanding of children. A groundbreaking pedagogical work that is also a handbook for writers of all ages and kinds, The Grammar of Fantasy gives each of us a playful, practical path to finding our own voice through the power of storytelling. Gianni Rodari (1920-1980) grew up in Northern Italy and wrote hundreds of stories, poems, and songs for children. In 1960, he collaborated with the Education Cooperation Movement to develop exercises to encourage children's creative and critical thinking abilities. Jack Zipes is a renowned children's historian and folklorist who has written, translated, and edited dozens of books on fairytales. He is a professor at the University of Minnesota. Matthew Forsythe lives in Montreal where he draws and paints for picture books, comics, and animations.

## Italian Identity in the Kitchen, or Food and the Nation

[Columbia University Press](#) Massimo Montanari draws readers into the far-flung story of how local and global influences came to flavor Italian identity. The fusion of ancient Roman cuisine—which consisted of bread, wine, and olives—with the barbarian diet—rooted in bread, milk, and meat—first formed the basics of modern eating across Europe. From there, Montanari highlights the importance of the Italian city in the development of gastronomic taste in the Middle Ages, the role of Arab traders in positioning the country as the supreme producers of pasta, and the nation's healthful contribution of vegetables to the fifteenth-century European diet. Italy became a receiving country with the discovery of the New World, absorbing corn, potatoes, and tomatoes into its national cuisine. As disaster dispersed Italians in the nineteenth century, new immigrant stereotypes portraying Italians as "macaroni eaters" spread. However, two world wars and globalization renewed the perception of Italy and its culture as unique in the world, and the production of food constitutes an important part of that uniqueness.

## Babette's Feast

[Penguin UK](#) 'And it happened when Martine or Philippa spoke to Babette that they would get no answers, and would wonder if she had even heard what they said ... Orshe would sit immovable on the three-legged kitchen chair, her strong hands in her lap and her dark eyes wide open, as enigmatical and fatal as a Pythia upon her tripod. At such moments, they realised that Babette was deep, and that in the soundings of her being there were passions, there were memories and longings of which they knew nothing at all.' Babette's Feast is a sublime celebration of eating, drinking and sensual pleasure. In Isak Dinesen's life-affirming short story, two elderly sisters living in a remote, god-fearing Norwegian community take in a mysterious refugee from Paris one night - and are rewarded for their kindness with the most decadent, luxurious feast of a lifetime.

### Anecdotes of Destiny

[Penguin UK](#) These five rich, witty and magical stories from the author of *Out of Africa* include one of her most well known tales, 'Babette's Feast', which was made into the classic film. It tells the story of a French cook working in a puritanical Norwegian community, who treats her employers to the decadent feast of a lifetime. There is also a real-life Prospero and his Ariel in 'Tempests', a mysterious pearl-fisher in 'The Diver' and a brief, tragic encounter in 'The Ring'. All the stories have a mystic, fairy-tale quality, linked by themes of angels, the sea, dreams and fate. They were among the last to be written by Isak Dinesen, and show her as a master of short fiction.

### The Year 3000

### A Dream

[U of Nebraska Press](#) First published in 1897, *The Year 3000* is the most daring and original work of fiction by the prominent Italian anthropologist Paolo Mantegazza. A futuristic utopian novel, the book follows two young lovers who, as they travel from Rome to the capital of the United Planetary States to celebrate their "mating union," encounter the marvels of cultural and scientific advances along the way. Intriguing in itself, *The Year 3000* is also remarkable for both its vision of the future (predicting an astonishing array of phenomena from airplanes, artificial intelligence, CAT scans, and credit cards to controversies surrounding divorce, abortion, and euthanasia) and the window it opens on fin de siècle Europe. Published here for the first time in English, this richly annotated edition features an invaluable introductory essay that interprets the intertextual and intercultural connections within and beyond Mantegazza's work. For its critical contribution to early science fiction and for its insights into the hopes, fears, and clash of values in the Western world of both Mantegazza's time and our own, this book belongs among the visionary giants of speculative literature.
