FRENCH FOREIGN LÉGIONNAIRE VS VIET MINH INSURGENT

NORTH VIETNAM 1948-52

Bloomsbury Publishing The French Indochina War (1946–54) was the largest of the first generation of post-World War II wars of decolonization as Vietminh insurgents sought to topple their French colonial masters. It was also unique in that the insurgency evolved from low-level guerrilla activity to mobile operations by a large conventional army which finally defeated a large European-led expeditionary force, supported by artillery, armour and airpower. The war's progress was almost entirely dictated by the extreme terrain, and by the Chinese support enjoyed by the Vietnamese insurgents. The actions explored in this study cover three contrasting phases of the war in Tonkin during 1948–52, setting both sides on the path that would lead to the conflict's climactic encounter at Dien Bien Phu in 1954. Featuring specially commissioned artwork and drawing upon a range of sources, this meticulously researched study casts new light on the troops who fought on both sides in this evolving and momentous conflict.

A CHOICE OF ENEMIES

AMERICA CONFRONTS THE MIDDLE EAST

Hachette UK Prize-winning historian Lawrence Freedman takes an exceptionally clear-eyed look at America's strategic predicament in the Middle East, over the past 30 years. The United States is locked into three prolonged conflicts without much hope of early resolution. Iran is pursuing a nuclear programme; the aftermath of the overthrow of Saddam Hussein has seen unrelenting intercommunal violence; and the Taliban have got back into Afghanistan. Lawrence Freedman teases out the roots of each engagement over the last thirty years and demonstrates with clarity and scholarship the influence of these conflicts upon each other. The story is complex and often marked by great drama. First, the countries in dispute with America are not themselves natural allies; second, their enmity was not, at first, America's choice. Third, the region's problems cannot all be traced to the Arab-Israeli dispute. Unique in its focus, this book will offer not only new revelations but also remind us of what has been forgotten or has never been put in context.

AFTER JIHAD

AMERICA AND THE STRUGGLE FOR ISLAMIC DEMOCRACY

Farrar, Straus and Giroux A lucid and compelling case for a new American stance toward the Islamic world. What comes after jihad? Outside the headlines, believing Muslims are increasingly calling for democratic politics in their undemocratic countries. But can Islam and democracy successfully be combined? Surveying the intellectual and geopolitical terrain of the contemporary Muslim world, Noah Feldman proposes that Islamic democracy is indeed viable and desirable, and that the West, particularly the United States, should work to bring it about, not suppress it. Encouraging democracy among Muslims threatens America's autocratic Muslim allies, and raises the specter of a new security threat to the West if fundamentalists are elected. But in the long term, the greater threat lies in continuing to support repressive regimes that have lost the confidence of their citizens. By siding with Islamic democrats rather than the regimes that repress them, the United States can bind them to the democratic principles they say they support, reducing anti-Americanism and promoting a durable peace in the Middle East. After Jihad gives the context for understanding how the many Muslims who reject religious violence see the world after the globalization of democracy. It is also an argument about how American self-interest can be understood to include a foreign policy consistent with the deeply held democratic values that make America what it is. At a time when the encounter with Islam has become the dominant issue of U.S. foreign policy, After Jihad provides a road map for making democracy work in a region where the need for it is especially urgent.

A MOST IMPERFECT UNION

A CONTRARIAN HISTORY OF THE UNITED STATES

Basic Books Enough with the dead white men! The true story of the United States lies with its most overlooked and marginalized peoples—the workers, immigrants, housewives, and slaves who built America from the ground up, and who made this country what it is today. In *A Most Imperfect Union*, cultural critic Ilan Stavans and award-winning cartoonist Lalo Alcaraz present a vibrant history of these unsung Americans. In an irreverent, fast-paced narrative that challenges the conventional narrative of American history, Stavans and Alcaraz offer a fresh, controversial take on the philosophies, products, practices, and people—from Algonquin and African royals to early feminists, Puerto Rican radicals, and Arab immigrants—that have made America such an outsized and extraordinary land.

AMERICA AMERICA

A NOVEL

Random House In the early 1970s, Corey Sifter, the son of working-class parents, becomes a yard boy on the grand estate of the powerful Metarey family. Soon, through the family's generosity, he is a student at a private boarding school and an aide to the great New York senator Henry Bonwiller, who is running for president. Before long, Corey finds himself involved with one of the Metarey daughters as well, and he begins to leave behind the world of his upbringing. As the Bonwiller campaign gains momentum, Corey finds himself caught up in a complex web of events in which loyalty, politics, sex, and gratitude conflict with morality, love, and the truth. Ethan Canin's stunning novel is about America as it was and is, a remarkable exploration of how vanity, greatness, and tragedy combine to change history and fate.
