## Where Shall I Wander

## New Poems

**Ecco** *You meant more than life to me. I lived through you not knowing, not knowing I was living. I learned that you called for me. I came to where you were living, up a stair. There was no one there. No one to appreciate me. The legality of it upset a chair. Many times to celebrate we were called together and where we had been there was nothing there, nothing that is anywhere. We passed obliquely, leaving no stare. When the sun was done muttering, in an optimistic way, it was time to leave that there. -- from "The New Higher"*

## Wander in the Night

**Archway Publishing** *Bedtime and I'm tucked in tightly, teeth are clean and all my nightly Stories have been read to me, I'm ready for my goodnight hug. I cuddle close with teddy bear while mother brushes through my hair And as she's leaving she*

*declares, "Sleep now safe and snug." Children love to hear bedtime stories, invitations to where their imagination might lead them in their sleep. But sometimes even kids can get tired of hearing the same old story over and over again. Adults can get a bit worn out from reading the same story time and time again too. Wander in the Night is not just a poem for children, it is a poem for children and their grownups! It tells the tale of a little girl trying to find a comfy place to sleep. Her explorations will take you into every nook and cranny in her house ... and then out to the stars! With poems that are as much fun to read as they are to hear, beautiful illustrations, and a sweet adventure to follow, Wander in the Night just might become your new favorite bedtime story, and it might even inspire you to write your own poems and stories too. It's a fun, new, poetic way to end your day!*

## A New Theory for American Poetry

**Harvard University Press** *Amid gloomy forecasts of the decline of the humanities and the death of poetry, Angus Fletcher, a wise and dedicated literary voice, sounds a note of powerful, tempered optimism. He lays out a fresh approach to American poetry at large, the first in several decades, expounding a defense of the art that will resonate well into the new century. Breaking with the tired habit of treating American poets as the happy or rebellious children of European romanticism, Fletcher uncovers a distinct lineage for American poetry. His point of departure is the fascinating English writer, John Clare; he then centers on the radically American vision expressed by Emerson and Walt Whitman. With Whitman this book insists that "the whole theory and nature of poetry" needs inspiration from science if it is to achieve a truly democratic vista. Drawing variously on Complexity Theory and on fundamentals of art and grammar, Fletcher argues that our finest poetry is nature-based, environmentally shaped, and descriptive in aim, enabling poets like John Ashbery and other contemporaries to discover a mysterious pragmatism. Intense, resonant, and deeply literary, this account of an American poetics shows how today's consumerist and conformist culture subverts the imagination of a free people. While centering on American vision, the argument extends our horizon, striking a blow against all economically sanctioned attacks upon the finer, stronger human capacities. Poetry, the author maintains, is central to any coherent vision of life.*

## Commotion of the Birds

**Carcenet Press Ltd** *For more than sixty years, the poems of John Ashbery have served as signposts guiding us through the delights, woes, hypocrisies, and uncertainties of living in the modern world. With language harvested from everyday speech, fragments of pop culture, and objects and figures borrowed from art and literature, his work makes light out of darkness, playing with tone and style to show how even the seemingly frivolous stuff of existence can be employed to express the deepest levels of feeling. Commotion of the Birds, his twenty-seventh collection, once again showcases Ashbery's mastery of a staggering range of voices and his singular lyric agility: wry, frank, contemplative, resigned, bemused, and ecstatic. The poet in this new collection is at once removed from and immersed in the terrain of his examination. Disarmingly conversational, he invites the reader to join him in looking out onto the future with humor, curiosity, and insight. The lines of these poems achieve a low-humming, thrilling point of vibration, a jostling of feathers before flight.*

Wherever I Wander

**Impassio Press** *Book summary: Wherever I Wander is a collection of Judith Azrael's lyrical prose written between 1979 and 2001. She takes the reader on an unforgettable voyage of discovery from Northern California to the San Juan Islands, to stays at Buddhist monasteries and along footpaths to tiny villages and chapels on the Greek islands. Whether she writes of teaching a writing workshop at a prison camp or watching dolphins leap from the sea in Bali, her words are haunting in their beauty and simplicity.*

# A Defence of Wandering

**Lulu.com** "Wandering" in the sense indicated in the title of this book concerns the fact that within the ambit of German and English literature since the days of Shakespeare words based on the root of the verbs 'to wander' and 'wandern' appear with great frequency and prominence in such titles as "Wandrers Nachtlid" and "I wandered lonely as a cloud." Is it not strange then that very little interest has been taken in this phenomenon on the part of leading literary critics and scholars with one or two notable exceptions? One reason for this neglect might lie in intransigent attitudes and dogmatic theories that deny the very relevance of high literature to all things external in common life, social conditions and the quest for truth.

# The Desiderata of Love

## A Collection of Poems for the Beloved

**Crown** This collection of inspirational poems by the famous poet Max Ehrmann brings together twenty-four poems of love between men and women. They beautifully express his eternal optimism and undying love of human beings and their joyful relationship with each other. *I Shall Come to Her* If some there be with aged mien Who wisely smile at love. And say 'tis but a childish dream And one they are above, To them I say who sit and smile, Because they so prefer, I pray I shall not die until My feet have come to her. I know somewhere tonight she sits Within her father's home, While I a foot-loose wanderer Am destined still to roam. But I shall find her out I know And thus within her place She calmly sits and waits for me, And she will know my face. And one sweet day, we two shall meet, Whatever may occur; And so content I wander on, For I shall come to her.

## Wander with Me

**AuthorHouse** *Margaret's poems will make you think and sometimes cry, but they always make you smile at the end. All of the emotions that Margaret writes about are real thoughts and feelings about everyday happenings and things that perhaps you might miss as you Wander through your life. "All around you are things that need to be recognized. They all have value and merit. Every life has a journey, and all of us need to find what road to follow. Sometimes we take a detour to Wander by ourselves, but we all eventually come back to where we want to be." This book will keep you wanting to read more, and will make you see yourselves in many verses.*

Where We Wander

*Where We Wander is a collection of poems about challenging journeys, meaningful destinations, and all of the emotions that come from wandering into the dark and light of this world. These aren't poems about travel as we know, instead, they are poems about our own inner conflict that can sometimes lead us to places both terrifying and wondrous. Should we find ourselves in a place occupied by alien-like fears, do we run or do we face them as explored in one poem? When confronted with dishonorable people or situations, what choices do we make in such harsh deserts? How far and long will we travel just to find a piece of home? And in the presence of criticism, do we follow our heart's path or do we bow down to the expectations of others? All of these and more will be touched upon in this poetry book. We are spiritual wanderers experiencing a human existence. The choices we make aren't so much external as internal. Where we wander is up to us.*

Elizabethan Poetry

An Anthology

**Courier Corporation** *The relative peace and prosperity of the Elizabethan age (1558-1603) fostered the growth of one of the most fruitful eras in literary history. Lyric poetry, prose, and drama flourished in sixteenth-century England in works that blended medieval traditions with Renaissance optimism. This anthology celebrates the wit and imaginative creativity of the Elizabethan poets with a generous selection of their graceful and sophisticated verse. Highlights include sonnets from Astrophel and Stella, written by Sir Philip Sidney — a scholar, poet, critic, courtier, diplomat, soldier, and ideal English Renaissance man; poems by Edmund Spenser, whose works combined romance with allegory, adventure, and morality; and sonnets by William Shakespeare, whose towering poetic genius transcends the ages. Other celebrated contributors include John Donne ("Go, and catch a fallen star"), Ben Jonson ("Drink to me only with thine eyes"), and Christopher Marlowe ("The Passionate Shepherd to His Love"). The poetry of lesser-known figures such as Michael Drayton, Samuel Daniel, and Fulke Greville appears here, along with verses by individuals better known in other fields — Francis Bacon, Queen Elizabeth I, and Walter Raleigh — whose poems offer valuable insights into the spirit of the age.*

Poems and Plays

Love, Poetry, and Immortality:

# Luminous Insights of the World's Great Thinkers

**BRILL** *This book explores and illustrates the individuating characteristics - and the interrelationships - of love, poetry, and literary immortality (such immortality, that is, as writers may win, in the sense of being long remembered and appreciated by future readers). From the book's numerous quotations of glittering literary passages, it is evident that love is often expressed in poetry, and that many authors (especially those writing about love) have expressed the winsome hope that their works would be greatly cherished by later generations. Part One of the book illustrates by passages of matchless poetry the joys and perils of love and other outstanding features of love. Part Two outlines the history of expressions by writers in many cultures of their confidence or hope that their works will make them immortal.*
