Nobody Likes You

Inside the Turbulent Life, Times, and Music of Green Day

Hachette UK **The full story of the rise and spectacular comeback of the band hailed as the saviors of punk rock. It's hard to believe that in early 2004 Green Day was considered over -- the band was still together, but they were dismissed as a strictly '90s phenomenon, incapable of re-creating the success of their groundbreaking album Dookie. Then American Idiot debuted at #1 on the Billboard charts, stayed on the charts for nearly 18 months, and went on to sell more than four million records and to win the Grammy for Record of the Year for "Boulevard of Broken Dreams." Combining unique access to Green Day with a seasoned journalists nose for a great story, Marc Spitz gives the complete account of the band, from their earliest days to their most recent explosion of popularity and critical acclaim. Foremost, Nobody Likes You is a story of friendship and the transporting power of playing very loud music. It is the story of how**

high school dropout Billie Joe Armstrong came to write song lyrics that inflamed the political conscience of fans in a way that two Yale graduates couldn't. Green Days story -- from rise, to fall, to rise again -- has never been fully told.

How Soon Is Never?

A Novel

Crown **There is a light and it never goes out . . . or is there? Welcome to the big Reagan '80s, where ketchup is a vegetable and the Cold War looms large and chilly. If like Joe Green you were coming of age during this boom era, your main concerns include one or more of the following: a rainbow assortment of Polo shirts worn with the collar flipped up, K-Swiss tennis shoes, a new cable channel called MTV, and Top 40 radio. Stuck in the suburban haze of Long Island, New York, Joe Green knows there has got to be more to life. However, salvation is on the way, in the form of a quiffed-up quartet from Manchester, England, who take over the airways of a local radio station. Hearing the Smiths for the first time jerks Joe awake: Morrissey's wry and witty lyrics speak to him, and Johnny Marr's driven guitar chords get under his skin. He destroys his Phil Collins cassettes, pomades his hair into New Wave submission, studies up on his Oscar Wilde, and falls in love. He even shows up for dinner on time. That is, until his favorite band breaks up and then breaks his heart. Fast-forward some fifteen years. Joe Green is making a living as a rock journalist, still recovering from a wicked post-college smack addiction and slumming with youngsters who ironically "appreciate" the seminal '80s music that once gave his life meaning. It's too late to go home, or is it? What if Joe Green can get the Smiths back together? What if reuniting the long-broken-up band can reverse the passage of time and bring back the magic of youth? What if it helps him win the heart of the woman he loves? How Soon Is Never? is an acerbic, ingenious look at Reagan-era adolescence, the power of hearing a record that changes your life, and the dangers of nostalgia. Be prepared to see a bit of yourself in Joe Green.**

Bowie

A Biography

Crown Forum Documents the life and influence of the music icon, citing the role of trends from the 1960s through the 1980s in forming his development, and also considers his present-day status as a leading figure in alternative culture.

Green Day

A Musical Biography

ABC-CLIO Describes the evolution of the punk band, discussing their early start as a local California band, the success of their first album, their struggle to retain their popularity, and their subsequent comeback and climb to the top of the music charts.

Twee

The Gentle Revolution in Music, Books, Television, Fashion, and Film

Harper Collins New York Times, Spin, and Vanity Fair contributor Marc Spitz explores the first great cultural movement since Hip Hop: an old-fashioned and yet highly modern aesthetic that's embraced internationally by teens, twenty and thirty-somethings and even some Baby Boomers; creating hybrid generation known as Twee. Via exclusive interviews and years of research, Spitz traces Generation Twee's roots from the Post War 50s to its dominance in popular culture today. Vampire Weekend, Garden State, Miranda July, Belle and Sebastian, Wes Anderson, Mumblecore, McSweeney's, Morrissey, beards, artisanal pickles, food trucks, crocheted owls on Etsy, ukuleles, kittens and Zooey Deschanel—all are examples of a cultural aesthetic of calculated precocity known as Twee. In Twee, journalist and cultural observer Marc Spitz surveys the rising Twee movement in music, art, film, fashion, food and politics and examines the cross-

pollinated generation that embodies it—from aging hipsters to nerd girls, indie snobs to idealistic industrialists. Spitz outlines the history of twee—the first strong, diverse, and wildly influential youth movement since Punk in the '70s and Hip Hop in the '80s—showing how awkward glamour and fierce independence has become part of the zeitgeist. Focusing on its origins and hallmarks, he charts the rise of this trend from its forefathers like Disney, Salinger, Plath, Seuss, Sendak, Blume and Jonathan Richman to its underground roots in the post-punk United Kingdom, through the late '80s and early '90s of K Records, Whit Stillman, Nirvana, Wes Anderson, Pitchfork, This American Life, and Belle and Sebastian, to the current (and sometimes polarizing) appeal of Girls, Arcade Fire, Rookie magazine, and hellogiggles.com. Revealing a movement defined by passionate fandom, bespoke tastes, a rebellious lack of irony or swagger, the championing of the underdog, and the vanquishing of bullies, Spitz uncovers the secrets of modern youth culture: how Twee became pervasive, why it has so many haters and where, in a post-Portlandia world, can it go from here?

Jagger

Rebel, Rock Star, Rambler, Rogue

Penguin **A biography and cultural examination of the Rolling Stones' frontman Mick Jagger's spectacular life and the cultural revolution he led. As the Rolling Stones' legendary front man Mick Jagger remains an enigma. He hasn't given an in-depth interview for a decade and a half and never commented on his friend and partner, Keith Richard's often critical biography. Drawing on firsthand recollections from rockers, filmmakers, writers, radicals, and other artists who have been transformed by Mick Jagger's work, acclaimed music journalist Marc Spitz has created a unique examination of the Jagger legacy, debunking long held myths and restoring his status as a complicated artist. Combining biography**

with cultural history, Jagger unfolds like a captivating documentary, a series of episodes tracing the icon's rise from his childhood in middle-class postwar London to his status as a jet-setting knight. A culturally astute, often funny, and painstakingly researched read, Jagger offers a far richer portrait than biographies published previously. The book reveals much about his relationships (with Marianne Faithfull and ex-wives Bianca Jagger and Jerry Hall); his complex, creative partnership with Keith Richards; his friends like John Lennon and David Bowie; and enemies like Hells Angels leader Sonny Barger. Spitz goes even deeper, exploring Jagger's many roles: an authentic soul man; powerful social commentator; sexual liberator; would-be movie star; and yes, sometimes, a shrewd businessman with an enthusiasm for much younger women. The myth of Mick is examined and rebooted for the twenty-first century.

Green Day

PediaPress

Shyness is Nice

Digitature Fitzgerald was once a twee wallflower. He's remade his image as a tough, junkie hipster and wants to take his Smiths obsessed, cardigan-wearing friends with him. Fearing resistance, he approaches a surly, Australian pimp, Blixa and hires her "finest bitch" Kylie, to "de-virginize them." He pays for Kylie's services with bad dope. When a furious Blixa shows up for revenge, what is supposed to be the most special night of Rodney and Stew's life could very well be their last on earth. Heroin, Morrissey, Nick Drake, Nick Cave, Toto Cuelo, Chinese egg rolls and a baby snatching dingo all figure into this fast, fearless, pitch black sex farce. "Spitz writes with a buoyant irreverence that may evoke rewarding memories at times of playwrights Joe Orton and Charles Busch. And he's not afraid to address life's really big questions, such as what is the ideal recording to listen to the first time you have sex?" -Chip Deffaa, The New York Post

Sellout

The Major Label Feeding Frenzy That Swept Punk, Emo, and Hardcore (1994-2007)

Mariner Books "From celebrated music writer Dan Ozzi comes a comprehensive chronicle of the punk music scene's evolution from the early nineties to the mid-aughts, following eleven bands as they dissolved, "sold out," and rose to surprise stardom. From its inception, punk music has been identified by two factors: its proximity to "authenticity," and its reliance on an antiestablishment ethos. Yet, in the mid- to late '90s, major record labels sought to capitalize on punk's rebellious undertones, leading to a schism in the scene: to accept the cash flow of the majors, or stick to indie cred? *Sellout* chronicles the evolution of the punk scene during this era, focusing on prominent bands as they experienced the last "gold rush" of the music industry. Within it, music writer Dan Ozzi follows the rise of successful bands like Green Day and Jimmy Eat World, as well as the implosion of groups like Jawbreaker and At the Drive-In, who buckled under the pressure of their striving labels. Featuring original interviews and personal stories from members of eleven of modern punk's most (in)famous bands, *Sellout* is the history of the evolution of the music industry, and a punk rock lover's guide to the chaotic darlings of the post-grunge era. "--

Mark Spitz

The Extraordinary Life of an Olympic Champion

Santa Monica Press **Mark Spitz is arguably the most famous and successful Olympic athlete of all time because of his legendary performances at the 1972 Olympics, where he won seven gold medals while breaking seven world records. His amazing life story is told for the first time in the authorized biography *Mark Spitz: The Extraordinary Life of an Olympic Champion*. This exclusive account follows Spitz's roller-coaster career: age-group prodigy, four-medal "flop" at the 1968 Olympics, outstanding collegiate career at Indiana University, gold-medal haul in 1972, lucrative endorsements, and a brief and unsuccessful stint in entertainment. And the meatier stories—the role his father played in his career, his often stormy relationship with coaches and teammates, his experiences as a Jewish athlete with anti-**

Semitism and the Munich massacre, his impact on the commercialization of swimming, his relationship with Michael Phelps, and others—have been largely unknown, ignored, barely touched upon, or distorted. **Mark Spitz: The Extraordinary Life of an Olympic Champion** provides insights into Spitz's career, behind-the-scenes anecdotes about him and his competitors, and untold stories that shed light on his complicated personality and relationship with his father. Old and new fans alike will appreciate the depth and details of this swimming icon's story.

We Got the Neutron Bomb

The Untold Story of L.A. Punk

Crown Archetype Taking us back to late '70s and early '80s Hollywood—pre-crack, pre-AIDS, pre-Reagan—**We Got the Neutron Bomb** re-creates word for word the rage, intensity, and anarchic glory of the Los Angeles punk scene, straight from the mouths of the scenesters, zinesters, groupies, filmmakers, and musicians who were there. “California was wide-open sex—no condoms, no birth control, no morality, no guilt.” —Kim Fowley “The Runaways were rebels, all of us were. And a lot of people looked up to us. It helped a lot of kids who had very mediocre, uneventful, unhappy lives. It gave them something to hold on to.” —Cherie Currie “The objective was to create something for our own personal satisfaction, because everything in our youthful and limited opinion sucked, and we knew better.” —John Doe “The Masque was like Heaven and Hell all rolled into one. It was a bomb shelter, a basement. It was so amazing, such a dive ... but it was our dive.” —Hellin Killer “At least fifty punks were living at the Canterbury. You'd walk into the courtyard and there'd be a dozen different punk songs all playing at the same time. It was an incredible environment.” —Belinda Carlisle Assembled from exhaustive interviews, **We Got the Neutron Bomb** tells the authentically gritty stories of bands like the Runaways, the Germs, X, the Screamers, Black Flag, and the Circle Jerks—their rise, their fall, and their undeniable influence on the rock 'n' roll of today.

Rock Band Name Origins

The Stories of 240 Groups and Performers

McFarland **This book details the origins of the names of 240 musical acts, focusing on the most popular groups (and a few individual performers) from the 1960s through today. Even casual music fans will recognize almost all of the acts discussed. A few one-hit wonders are included simply because their name is so unusual (Mungo Jerry, for example) that they warrant a place in the study. Each entry focuses on the meaning and/or origin of the act's name, what it had been called previously, and any other names that were considered and rejected during the naming process. Also included are facts and figures about the act's history and place in the rock music pantheon, the year the act was formed, the names of original members and later members of note and the act's best known hit. The book lists bands alphabetically to give the casual reader the opportunity to open it to any page and read at leisure, the historian the ability to easily pinpoint the subject of his or her research, or the die-hard rock fan the chance to learn from A to Z the name origins of the biggest acts in rock and pop music history.**

Too Much, Too Late

Three Rivers Press **Unlikely ex-rock star Sandy James grumbles, bemoans, and proselytizes about the long career but short success of his rock band, the Jane Ashers, in this edgy second novel from "Spin" senior writer Spitz.**

Origins of a Song

202 true inspirations behind the world's greatest lyrics

Cider Mill Press **David Bowie**, tired of the rock 'n roll Los Angeles lifestyle, picks up and moves to West Berlin. Sixteen-year-old **Rod Stewart** sneaks into a music festival and has a coming-of-age experience. **Paul McCartney** dreams of his deceased mother. The rest is music history. For lyricists and listeners alike, **Origins of a Song** is the inspiring collection of 202 true stories behind the world's greatest lyrics. Delve into the compelling real-life stories behind the world's greatest lyrics with **Origins of a Song**. Featuring profiles of 202 musical masterpieces that span genres and generations, this book explores the inspiration and creative process behind each song. Get glimpses into the inception of these timeless tunes, and learn about the individual creative process for these songwriters and musicians. **Origins of a Song** will not only leave you with a different perspective on your favorite songs, but it will also have you inspired to start crafting some yourself! Author **Jake Grogan** is originally from Ellenville, New York, and currently resides in Queens. He has a BA from Fordham University, where he studied journalism. The story behind his favorite song, "Dancing Queen" by ABBA, inspired him to pursue **Origins of a Song**.

Safe Haven

Investing for Financial Storms

John Wiley & Sons **What is a safe haven? What role should they play in an investment portfolio? Do we use them only to seek shelter until the passing of financial storms? Or are they something more? Contrary to everything we know from modern financial theory, can higher returns actually come as a result of lowering risk? In Safe Haven, hedge fund manager Mark Spitznagel—one of the top practitioners of safe haven investing and portfolio risk mitigation in the world—answers these questions and more. Investors who heed the message in this book will never look at risk mitigation the same way again.**

Green Day - American Idiots & The New Punk Explosion

Bonnier Zaffre **The Green Day story is very blunt: three school friends grow up together in a cluster of small blue-collar Californian towns, form a band ... and sell more than fifty million albums. Except it wasn't that simple. Self-confessed latch-key children, theirs is far from an easy ride. Inspired by both the energy of British punk bands like the Sex Pistols and Buzzcocks and cult American bands such as Dead Kennedys and Operation Ivy, Green Day formed in 1989 when all three members were still at school. Against a backdrop of dodgy glam rock revivalists and mainstream rock-pop, the trio were quickly selling out every underground club that booked them. They toured - constantly. Word spread, fast. Their 1994 major label debut Dookie was a 10-million-selling worldwide smash hit that seized the zeitgeist at a time when American rock music was still reeling from the death of Nirvana's frontman Kurt Cobain. With the arrival of Green Day, suddenly music was dumb, fun, upbeat and colourful again. Many now credit Green Day with saving rock from the hands of a hundred grunge-lite bands. Punk was back on the agenda. In 2004 Green Day reached a career pinnacle with the concept album American Idiot, a sophisticated commentary on modern life - not least dissatisfaction with their president and America's continued cultural and economical imperialism. With American Idiot, Green Day boldly went where few others have dared and as such have extended their fanbase even further - from pre-teen kids to previously sceptical critics. This book is the world's first full biography on Green Day. An authority on punk and hardcore, author Ben Myers charts the band members' difficult childhoods, the context of the band within the US and world punk scene and their glittering rise to success. The author has also interviewed the band for various magazines at different stages of their career, including in the midst of a riot in Los Angeles during the making of 2000's Warning album. Green Day is the biggest punk band in the world. This is how it happened... Unofficial and unauthorised**

Post

iUniverse **POST is a look at how post-hardcore/emo music developed since its unintentional inception in the mid-1980s. With each chapter broken up by influential band or label, it focuses on a broad style of independent music that developed because of the Do-It-Yourself (DIY) ethic. Focusing on bands like Fugazi, Jawbox, Jawbreaker, Sunny Day Real Estate, Braid, the Promise Ring, Hot Water Music, the Get Up Kids, At the Drive-In, and Jimmy Eat World, as well as labels like Dischord, Jade Tree, and Vagrant, these bands and labels came from the ideas of DIY and sustained them.**

In turn, they inspired plenty that came after them. Looking at the surroundings and circumstances from where they came, this a look at the bonds that formed and the music that came out. ". . . a gripping, Our Band Could Be Your Life-style narrative," - Aaron Burgess, writer for Alternative Press and Revolver.

The 100 Greatest Bands of All Time: A Guide to the Legends Who Rocked the World [2 volumes]

A Guide to the Legends Who Rocked the World

ABC-CLIO This one-of-a-kind reference investigates the music and the musicians that set the popular trends of the last half century in America. • Contains an alphabetical collection of entries that each profile a major group and band from the past 60 years • Provides a selected discography and bibliography for further listening and reading for each entry • Covers a wide variety of styles from classic rock to surf rock to hip hop • Features sidebar entries which tie together larger popular music concepts such as the rise and influence of MTV and the phenomenon of girl bands

Poseur

A Memoir of Downtown New York City in the '90s

Da Capo Press **Marc Spitz** assumed that if he lived like his literary and rock 'n' roll heroes, he would become a great artist, too. He conveniently overlooked the fact that many of them died young, broke, and miserable. In his candid, wistful, touching, and hilarious memoir, *Poseur*, the music journalist, playwright, author, and blogger recounts his misspent years as a suburban kid searching for authenticity, dangerous fun, and druggy, downtown glory: first during New York's last era of risk and edge, the pre-gentrification '90s, and finally as a flamboyant and notorious rock writer, partying and posing during the music industry's heady, decadent last gasp. Part profane, confidential tell-all and part sweetly frank coming-of-age tale, this dirty, witty memoir finds Spitz careening through the scene, meeting and sometimes clashing with cultural icons like Courtney Love, Jeff Buckley, Rivers Cuomo of Weezer, Chloëvigny, Kim Deal, The Dandy Warhols, Guns N' Roses, Ryan Adams, Paul Rudd, Coldplay, Pavement, Peter Dinklage, Julie Bowen, The Strokes, Trent Reznor, Chuck Klosterman, Interpol, and Franz Ferdinand, as well as meeting heroes like Allen Ginsberg, Shirley Clarke, Joe Strummer, and Morrissey. Along the way he finds literary guru Gordon Lish is a long-lost relative, and erstwhile pal and sensation JT LeRoy is an even bigger poseur. Spitz refuses to give up the romantic ghost until a post-9/11 breakdown and an improbable new love (fellow music writer Lizzy Goodman) finally help him strike the hardest pose of all: his true self. /DIV

The Spitz Master

A Parisian Book of Hours

Getty Publications **Clark** examines the book of hours in the context of medieval culture, the book trade in Paris, and the role of Paris as an international center of illumination. 64 illustrations, 40 in color.

Meet Me in the Bathroom

Rebirth and Rock and Roll in New York City 2001–2011

Faber & Faber **A SUNDAY TIMES, ROUGH TRADE, MOJO AND UNCUT BOOK OF THE YEAR** New York, 2011. 9/11 plunges the US into a state of war and political volatility-and heralds the rebirth of the city's rock scene. As the old-guard music industry crumbles, a group of iconoclastic bands suddenly become the voice of a generation desperately in need of an anthem. In this fascinating and vibrant oral history, acclaimed journalist Lizzy Goodman charts New York's explosive musical transformation in the early 2000s. Drawing on over 200 original interviews, Goodman follows the meteoric rise of the artists that revolutionised the cultural landscape and made Brooklyn the hipster capital of cool-including The Strokes, The Yeah Yeah Yeahs, LCD Soundsystem, Interpol, and Vampire Weekend. Joining the ranks of classics like *Please Kill Me*, *Our Band Could Be Your Life*, and *Can't Stop Won't Stop*, *Meet Me in the Bathroom* is the definitive account of an iconic era in rock-and-roll.

Gimme Something Better

The Profound, Progressive, and Occasionally Pointless History of Bay Area Punk from Dead Kennedys to Green Day

Penguin **An oral history of the modern punk-revival's West Coast Birthplace Outside of New York and London, California's Bay Area claims the oldest continuous punk-rock scene in the world. Gimme Something Better brings this outrageous and influential punk scene to life, from the notorious final performance of the Sex Pistols, to Jello Biafra's bid for mayor, the rise of Maximum RocknRoll magazine, and the East Bay pop-punk sound that sold millions around**

the globe. Throngs of punks, including members of the Dead Kennedys, Avengers, Flipper, MDC, Green Day, Rancid, NOFX, and AFI, tell their own stories in this definitive account, from the innovative art-damage of San Francisco's Fab Mab in North Beach, to the still vibrant all-ages DIY ethos of Berkeley's Gilman Street. Compiled by longtime Bay Area journalists Jack Boulware and Silke Tudor, *Gimme Something Better* chronicles more than two decades of punk music, progressive politics, social consciousness, and divine decadence, told by the people who made it happen.

The Encyclopedia of Popular Music

Omnibus Press This text presents a comprehensive and up-to-date reference work on popular music, from the early 20th century to the present day.

An unflinching, comprehensive guide to everything from sexually transmitted infections to the science of blood flow, The Penis Book prominently features an easy-to-follow holistic five-step plan for optimum penis health, including plant-based eating recommendations, information on some penis-healthy foods, and suggested exercises for penis wellbeing. Useful to men and women alike, The Penis Book is a one-stop-shop for the care and maintenance of the penis in your life.**

Led Zeppelin

The Biography

From the author of the definitive New York Times bestselling history of the Beatles comes the authoritative account of the group Jack Black and many others call the greatest rock band of all time, arguably the most successful, and certainly one of the most notorious. Rock stars. Whatever those words mean to you, chances are, they owe a debt to Led Zeppelin. No one before or since has lived the dream quite like Jimmy Page, Robert Plant, John Paul Jones, and John Bonham. In Led Zeppelin, Bob Spitz takes their full measure, for good and sometimes for ill, separating the myth from the reality with the connoisseurship and storytelling flair that are his trademarks. From the opening notes of their first album, the band announced itself as something different, a collision of grand artistic ambition and brute primal force, of delicate English folk music and hard-driving African-American blues. That record sold over 10 million copies, and it was the merest beginning; Led Zeppelin's albums have sold over 300 million certified copies worldwide, and the dust has never settled. Taken together, Led Zeppelin's discography has spent an almost incomprehensible ten-plus

years on the album charts. The band is notoriously guarded, and previous books shine more heat than light. But Bob Spitz's authority is undeniable and irresistible. His feel for the atmosphere, the context--the music, the business, the recording studios, the touring life, the radio stations, the fans, the whole ecosystem of popular music--is unparalleled. His account of the melding of Page and Jones, the virtuosic London sophisticates, with Plant and Bonham, the wild men from the Midlands, into a band out of the ashes of the Yardbirds, in a scene dominated by the Beatles and the Stones but changing fast, is in itself a revelation. Spitz takes the music seriously, and brings the band's artistic journey to full and vivid life. The music is only part of the legend, however: Led Zeppelin is also the story of how the 60's became the 70's, of how playing in clubs became playing in stadiums and flying your own jet, of how innocence became decadence. Led Zeppelin may not have invented the groupie, and they weren't the first rock band to let loose on the road, but they took it to an entirely new level, as with everything else. Not all the legends are true, but in Bob Spitz's careful accounting, what is true is astonishing, and sometimes disturbing. Led Zeppelin gave no quarter, and neither has Bob Spitz. Led Zeppelin is the full and honest reckoning the band has long awaited, and richly deserves.

Strengthening Forensic Science in the United States

A Path Forward

National Academies Press Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. *Strengthening Forensic Science in the United States: A Path Forward* provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. *Strengthening Forensic Science in the United States* gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable

best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

Listen to Punk Rock! Exploring a Musical Genre

ABC-CLIO Discusses the evolution of punk from its inception in 1975 to the present, delving into the lasting impact of the genre throughout society today. *Listen to Punk Rock!* provides readers with a fuller picture of punk rock as an inclusive genre with continuing relevance. Organized in a roughly chronological manner, it starts with an introduction that explains the musical and cultural forces that shaped the punk genre. Next, 50 entries cover important punk bands and subgenres, noting female punk bands as well as bands of color. The final part of the book discusses how punk has influenced other musical genres and popular culture. The book will give those new to the genre an overview of important bands and products related to the movement in music, including publications, fashion, and films about punk rock. Notably, it pays special attention to diversity within the genre, discussing bands often overlooked or mentioned only in passing in most histories of the movement, which focus mainly on The Sex Pistols, The Clash, and The Ramones as the pioneers of punk. Provides a thorough overview of the evolution of punk music from 1975 to the present Covers bands composed of women and people of color that are frequently overlooked in other books Introduces readers to the breadth of the genre by including as many bands, musicians, and notable songs and albums as possible as entries Contextualizes punk music in the introduction to prime readers to explore entries in any order they choose

Everybody Loves Our Town

A History of Grunge

Faber & Faber Grunge, also known as the 'Seattle sound', is the sludgy fusion of punk rock and heavy metal that emerged from the Pacific Northwest in the early part of the 1980s. But it was the unexpected, seemingly overnight success of Nirvana's single 'Smells Like Teen Spirit,' in the fall of 1991, that made grunge a household word and launched an American music movement on par with punk and hip-hop. Twenty years later, Mark Yarm captures that era in the words of those at the forefront of the movement (and the music's lesser-known champions). *Everybody Loves Our Town* will tell the whole story: the founding of originators like Soundgarden and the Melvins, the early successes of Seattle's Sub Pop record label, the rise of powerhouses Nirvana and Pearl Jam, the insane media hype surrounding the grunge explosion, the suicide of Kurt Cobain, and finally, the genre's mid-to-late-'90s decline.
