**ADVANCED ENGLISH SPEAKING AND READING (BOOK 3: LIFE LIFESTYLE KARMA BODY SOUL HAPPINESS)**

---

Independently Published *This is the third in a series of three books, The Journey of Self-Knowledge: Advanced English Speaking and Reading. These ESL books don't teach English in the traditional way. Rather than a dry rundown of grammar and familiar topics, these books take you on an exciting journey to know who you are beyond your role as an ESL student. The books draw on the timeless wisdom found in the Vedic transcendental texts that provide knowledge about all aspects of life. If you're interested in understanding yourself and the world you live in, then we encourage you to join our expedition. Although these books offer plenty of speech activities, literary works, and language exercises, they aren't run-of-the-mill English textbooks. They are written in an entertaining and conversational manner. However, these books are not for everyone. They're for advanced level students with inquisitive minds who don't mind wrestling with philosophical ideas and spiritual concepts.*

*Book One initiates the journey. You board an imaginary aircraft and explore outer space, your inner world, time, and more. 10% of the proceeds from this book will be donated to Vedic teachers in support of their educational endeavors. Book Two is a stopover in New York City where you'll learn storytelling, listen to the rhythm of American English, practice pronunciation, and much more. Book Three concludes the journey by reaching the destination of knowing your true identity! 100% of the proceeds from this book will be donated to International Sanatana Dharma Society, a non-profit organization with the mission to "feed hungry souls." This is our invitation to you to join us in this wonderful journey!*

### **BEGINNER TO PRE-INTERMEDIATE**

Spanish Sentence Builders is a workbook aimed at beginner to pre-intermediate students co-authored by two modern languages educators with over 40 years of extensive classroom experience between

the two, both in the UK and internationally. This 'no-frills' book contains 19 units of work on very popular themes, jam-packed with graded vocabulary-building, reading, translation, retrieval practice and writing activities. Key vocabulary, lexical patterns and structures are recycled and interleaved throughout. Each unit includes: 1) a sentence builder modelling the target constructions; 2) a set of vocabulary building activities; 3) a set of narrow reading texts exploited through a range of tasks focusing on both the meaning and structural levels of the text; - a set of retrieval-practice translation tasks; 4) a set of writing tasks targeting essential micro-skills such as spelling, lexical retrieval, syntax, editing and communication of meaning. Based on the Extensive Processing Instruction (E.P.I.) principle that learners learn best from comprehensible and highly patterned input flooded with the target linguistic features, the authors have carefully designed each and every text and activity to enable the student to process and produce each item many times over. This occurs throughout each unit of work as well as in smaller grammar, vocabulary and question-skills micro-units located at regular intervals in the book, which aim at reinforcing the understanding and retention of the target grammar, vocabulary and question patterns.
