lifetimes on Earth. So allow yourself to open up to what you have been taught about God. **Unlocking Your Soul's Consciousness** is a groundbreaking book that takes you all the way back to the first creation, known as the Garden of Eden, and how it relates to your own evolution as a god in your own right. Thus, you become more and more susceptible to turbulent experiences. If you are looking for clarity in life and how to overcome your suffering, pain, and anger, then it becomes very important to understand who you truly are, where you truly come from, how miracles are created, and why you do the things you do. Without realizing it, your soul has been hiding from you for many lifetimes, and by choosing to open your heart and mind, putting aside your dogmatic beliefs for a while, your soul will reveal all the whys of you choosing sin, physicality, earth, forgetfulness, and suffering as the means to remember who you are. Seven Planes of Existence The Philosophy of the ThetaHealing® Technique [Hay House, Inc](#) First developed twenty years ago by Vianna Stibal, ThetaHealing is essentially applied quantum physics. This book is for those who have already started to experience the magic of this energy healing modality, and wish to deepen their understanding of the Seven Planes of Existence - the philosophy behind the creation of ThetaHealing. Vianna presents exciting new information to help you take your skill with this work to the next level, and brings the reader into dimensions that she believes to be the beginnings of life itself, on a journey that leads outward, past the universe, to transform beliefs, showing that with a theta state of mind it is possible to connect to a Divine Energy before it becomes anything in this universe.
