A Scandalous Freedom Simon and Schuster A reader's delight, A Scandalous Freedom sometimes shocks with challenges to prevailing wisdom, but it follows up with compelling validations of our need to celebrate real, unstinted freedom in Christ. Christians do not trust freedom. As author Steve Brown explains in this brave new book, they prefer the security of rules and self-imposed boundaries, which they tend to inflict on other Christians. Brown asserts that real freedom means the freedom to be wrong as well as right. Christianity often calls us to live beyond the boundaries, bolstered by the assurance that we cannot fall beyond God's love. Freedom is dangerous, but the alternative is worse—boxing ourselves up where we cannot celebrate our unique gifts and express our joy in Christ. Each of the book's eleven chapters explores a common pharisaic, freedom-stifling tendency, then opens the door to the fresh air of a remedial liberty. Overcoming Woundedness: Lessons From The Life of Joseph Christian Faith Publishing, Inc. Everyone has been wounded. Some wounds recall childhood hurts; some are more recent. They may be personal through family or close friends, or they can be generated by workplace issues with a boss or coworker. No matter where they originate, woundedness is a human malady stemming from our brokenness and it makes us question the very purpose of the hurts we experience. Come along with the author as she takes us into one man's journey of being wounded and how his story affects ours. Joseph was a man, just like us, who experienced the depth of painful circumstances and went on to a height he never dreamed. As we study his life, we learn that God was after his heart, just as He is after ours and mine. Where there is adversity, there is fear. But God desires to transform our fear into faith. He pursues us in the depths of pain in order to bring us to His glory. Even though our hearts have been wounded by people, we have a God who heals our wounds and, through the process of fellowship with Him, shows us His heart.
